1870.

Price 1 Rupee, 8 annas, or for Four Quarters in advance 4 Rupees.

Principal Alterations, &c., since the publication of the last number of the "INDIAN POSTAL GUIDE," under date the 1st October.

Inland Banghy Post.—The previously existing prohibition against the conveyance by the Post Office of Banghy Parcels between stations connected by railway has been modified by the Government: the prohibition now having effect only in cases where the railway authorities arrange not merely for the conveyance, but also for the delivery of parcels at the residences of addressees. No such arrangements having as yet been made by any Railway Company, the Post Office will receive parcels for conveyance between all Post Towns, whether connected by railway or otherwise.

Correspondence with Ceylon.—Arrangements have been made under which correspondence for Ceylon may be forwarded by the coasting steamers of the British India Steam Navigation Company from any of the Indian ports served by them, the postage rates for letters being 2 annas per ½ oz. and those for Newspapers and Packets of Books or Patterns 2 annas per 4 ozs., as shown in the Foreign Post Schedule. The transmission of Books or Patterns by land *viâ* Point Calimere has been prohibited.

Abolition of Privileged Rates of Postage for the English Correspondence of Officers of the Army.—The privileged rates of postage at which the English correspondence of Officers of the Army has hitherto been conveyed have been withdrawn, with effect from the 1st January, such correspondence being now subject to the ordinary rates.

Brindisi Route.—Letters and Newspapers can now be sent to the United Kingdom "*viâ* Brindisi" at the rates shown for that route in the Foreign Post Schedule. Letters and Newspapers can also be sent by this route to certain other places as explained in clause (10) of the remarks preceding the Foreign Post Schedule.

French Packet Postage Rates.—The rates of postage on letters conveyed by French Packet between India and certain places east of Suez have been increased from 4 annas to 5 annas 4 pie per ½ oz. The requisite alterations have been made in the Foreign Post Schedule in respect of the places affected by this change.

Correspondence with United States, Canada, Nova Scotia, and New Brunswick.—The rates of charge have been reduced.

Correspondence with Constantinople.—Correspondence with Constantinople is now conveyed beyond Alexandria by weekly Egyptian Packets at the rates given in the Foreign Post Schedule.

Correspondence with Italy.—The postage rates on letters for Italy through the British Post Office Alexandria have been made to rise by the ¼ oz. instead of partly by the ½ oz. and partly by the ¼ oz. as formerly.

Correspondence with Madagascar.—Correspondence with Madagascar is now sent through the French Post Office "Réunion" at the rates shown in the Schedule.

Correspondence with Natal and Port Elizabeth.—Correspondence for the places mentioned, if specially marked by the senders for transmission "*viâ* Mauritius," will be sent to that port for conveyance thence by private ship to destination; otherwise it will be sent as heretofore *viâ* the United Kingdom.

Official Postage.—New rates come into operation on 1st April.

Government Bullock Train.—New Offices have been opened at Mooltan and Muttra. Various alterations of routes and rates have also been made with reference to recent railway extensions.

Passenger Service.—The Punjab Military Van Dâk has been extended by the opening of a line between Lahore and Ferozepore. Some reductions have also been made in the rates of fare.

Telegraph Department.—The revised tariff and rules for Inland messages sanctioned with effect from 1st March 1870 have been unbodied.

Steam Services.—The Steam Service Tables have been made to include notices of the line between Moulmein, Tavoy, and Mergui, and of the several lines of the Netherlands India Steam Navigation Company.

Considerable alterations have been made in the Time Table of the Messageries Imperiales owing to the commencement in the latter part of the year of more frequent communication between Europe and China.

The public are invited to give particular attention to the following remarks and instructions, viz.:—

Addresses on Inland Covers.

No address is complete which does not contain the Post Town from which delivery is intended, and care should always be taken to write the name of the Post Town as clearly as possible. It should generally form the last part of the address. If, however, the cover be directed to a Post Town of small note (especially if situated in another Province), or if it be directed to a Post Town having a name the same as, or very similar to, the name of another Post Town, it is proper to add in brackets the name of the District or Province in which the Post Town of address is situated. This can always be ascertained by reference to the List of Post Offices (near the end of this volume).

Care should be taken to spell the names of Post Towns in the same way as they are spelt in the List of Post Offices and to write them *legibly in large well-formed characters.* It must be remembered that to the natives of this country the English language is an acquired one, and that they are not so well able to decipher imperfect current handwriting as if the language and character were their own.

Covers not exceeding 10 tolas in weight which are intended to be sent otherwise than by Letter Post should have the words "Book Post" or "Pattern Post" or "Banghy Post" (as the case may be) superscribed on the address side of the cover. In the absence of such superscription, they are forwarded by Letter Post and charged at Letter rates.

Address on Foreign Covers.

In the case of letters for places abroad, the name of the *country* (written clearly in large well-formed characters) as well as the town or city should be given in full. Attention to this rule will often assist in deciphering the name of the town or city, and will prevent the letter from being mis-sent when there are towns of the same name in different countries. The address of every letter to a place abroad should end with the name of the country. Names of foreign towns, cities, or countries should be spelt in the address in the same way as in the Foreign Postage Schedule; and the attention of foreigners is particularly directed to this point, as many of them are in the habit of spelling foreign names according to the foreign method. If the route by which the cover is intended to be sent be given by the sender, it should be written on the upper left hand corner, and if the name of the sender be given, it should be written on the lower left hand corner.

For rules respecting the marking of the *particular route* by which a cover is intended to be sent, and respecting the practice of the Post Office in selecting routes when no particular route is given by the sender, see clause 3 of the remarks preceding the Foreign Post Schedule of Rates.

Postage Labels how to be placed, &c.

Labels should be placed on the front, that is, the address side of the letter and upon the right hand upper corner. On re-directed letters, however, care should be taken not to place fresh stamps over the stamps which have been previously used.

The public are recommended to mark the stamps affixed by them to covers either by lines drawn across them or by writing across them. Covers may be destroyed for the sake of the stamps borne by them, and as stamps bearing any mark denoting previous use cannot be so readily disposed of, much risk is avoided by the practice here recommended.

Transmission of Currency Notes by Post.

Letters containing coin or a Currency Note or any portion thereof addressed to any place in India *must be registered;* and it is strongly recommended that Currency Notes sent through the post be sent *in halves,* the second halves being forwarded on acknowledgment of the receipt of the first halves. This method avoids much risk, for the value of the half note (if the other half be lost) can be recovered from the Paper Currency Department at a small charge under a Bond of Indemnity (see Rule 24 of Paper Currency Department, Section XIV of this Volume). If, on the other hand, whole notes sent by post are lost, the Currency Department does not recognize any claim on the part of the loser, although it records the loss, and, when the note is presented and paid at any Currency Office, informs the Police and the person who lost the note. As, however, stolen notes are seldom presented by the thief, and as notes received in good faith are good possession, the recovery of a lost whole note is comparatively rare.

When Currency Notes are sent by post, covers or envelopes of a substantial and non-transparent kind should be used. The large black figures indicating the value of a Currency Note can be deciphered even if covered by eight-fold of paper of the thin transparent kind so commonly used in this country. The public are earnestly requested not to place unnecessary temptation in this respect before their own servants who take such letters to the post and before the Post Office employés.

Registration of Packets, &c.

Attention is invited to the fact that not only letters, but also newspapers and *packets of books or patterns,* can be registered by inland post to any part of India, or by foreign post (British Packet) to the United Kingdom, the United States of America, and any British Colony. The fee for registering a newspaper or packet is the same as for registering a letter, and in all the cases mentioned is irrespective of weight.

MAIL STEAMER CALENDAR FOR CALCUTTA.

N. B.– The *Opium Steamers* which leave Calcutta monthly for *Penang*, *Singapore*, and *Hong-Kong* have not been included, as the dates of starting are not fixed. They leave ordinarily about 12 days after each Government Opium Sale, and these sales have been advertised for the current year as *about* 6th January, 3rd February, 4th March, 6th April, 5th May, 3rd June, 6th July, 3rd August, 5th September, 13th October, 7th November, and 5th December. These steamers proceed direct to the Straits and China, thus avoiding the circuit *viâ* Galle, and reaching Hong-Kong in *about* 15 days from Calcutta. Correspondence for the *United States of America*, when marked *viâ* Hong-Kong, can be sent by these steamers.

When *Madras* is mentioned, mails may also be sent for places in the *Madras Presidency*.

When *Galle* is mentioned, mails may also be sent for the Island of *Ceylon* generally.

When *Rangoon* is mentioned, mails may also be sent for *British Burmah* generally.

When *Singapore* or *Batavia* is mentioned, mails may also be sent for places in *Netherlands India, Labuan*, and *Phillippine Islands.*

When *Hong-Kong* and *Shanghai* are mentioned, mails may also be sent for other places in *China, e. g.*, for Amoy, Canton, Foochow, Swatow, and Whampoa through Hong-Kong, and for Ningpo through Shanghai.

When *Yokohama* is mentioned, mails may also be sent for *Nagasaki* and other places in *Japan.*

When *Australia* is mentioned, mails may also be sent for the French Colony of *New Caledonia viâ* Sydney.

When *Mauritius* is mentioned, correspondence for *Natal* and *Port Elizabeth*, specially marked "*viâ* Mauritius," can be sent for transmission thence by private ship to destination.

When the mails from Europe *viâ* Bombay do not reach Calcutta by Friday, the British India Steam Navigation Company's vessels for Chittagong and British Burmah are detained for one day.

For mails which are sent *viâ* Bombay see Bombay Calendar. The European letter mails forwarded from Bombay are closed in Calcutta four days earlier than in Bombay, *i. e.*, every Tuesday (Bombay, Saturday) and during the monsoon every Friday (Bombay, Tuesday). For all other steamer mails from Bombay, the Calcutta dates are five days earlier, as in these cases the steamers leave Bombay earlier in the day. The Calcutta dates will probably be one day later on the completion of Railway communication expected in March 1870.

(1).—It shall be without a cover, or in a short cover open at both ends.

(2).—There shall be no word printed on such Newspaper after its publication or upon the cover thereof, nor any writing or mark upon it or upon the cover of it, except the name and address of the person to whom it is sent, and the name and address of the sender.

(3).—There shall be no paper or thing enclosed in or with any such Newspaper.

Any Newspaper sent by the Letter Post, in respect of which the above conditions shall not be observed, shall, together with anything enclosed in or with the same, be charged with postage at the rate which would be charged on an unstamped letter of equal weight.

PROOF SHEETS.

May be sent by Letter Post at Newspaper rates under Certificate.

6. Proof sheets, marked as such, may be sent by the Letter Post at the rates prescribed for Newspapers, provided the contents be correctly certified on the cover by the signature in full of the sender; otherwise the same shall be charged with postage at the rate which would be charged on an unstamped letter of equal weight.

PACKETS OF BOOKS.

Rates of Charge.

7. Packets of books may be sent by Banghy Post at the following rates (irrespective of distance), *viz.*:—

and so on, one additional anna being charged for every additional 10 tolas or fraction of 10 tolas.

Insufficiently paid Book Packets.

8. Any book packet which may be posted insufficiently pre-paid, but bearing, nevertheless, a stamp or stamps of the value of a single rate (one anna), will be forwarded to its destination charged with double the deficient postage.

Unpaid Book Packets.

9. Any book packet which may be posted without pre-payment to the extent above noted, or wholly unpaid, will be treated as a banghy parcel, and forwarded to its destination charged with banghy postage.

Book Packets how to be packed.

10. A book packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination. For the greater security of the contents, the packet may be fastened by string, but in such case the Postmaster is authorized to cut the string, although if he do so, he must again tie up the packet. If this rule be infringed, the packet will be charged as a letter or banghy parcel, as the case may be.

Contents of Book Packets.

11. A book packet may contain any number of separate books or other publications (including Newspapers and printed or lithographed letters), photographs (when not on glass or in cases containing glass), prints or maps, and any quantity of paper, parchment or vellum: and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed or plain, or any mixture of these. No other material is allowed than *paper parchment* or *vellum*, except in the case of printed books or publications, artistic prints and maps, architectural drawings, plans and tracings, which may be printed or written upon *canvas* or *cloth*. Further, all legitimate binding, mounting or covering of a book, &c., or of a portion thereof, is allowed, whether such binding, &c., be loose or attached, as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books, and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto: but the binding, &c., must not be sent as a separate packet, nor can patterns or books of patterns (unless these consist merely of *paper*) be permitted.

No book packet may contain anything which is sealed or otherwise closed against inspection, nor must there be any letter nor any communication of the nature of a letter, whether separate or otherwise, unless the whole of such letter or communication be printed. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter. As respects the name and address of the sender, not only is the writing permitted, but it is recommended in order that, if the cover come off, or for any other reason the packet cannot be forwarded, it may be returned to the sender.

Any book packet which, in contravention of this rule, may have any letter or any communication of the nature of a letter written in it, or upon its cover, will be charged with letter postage: and if any book packet be found to contain any letter not wholly printed, whether closed or open, or any enclosure, sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure will be taken out and charged with the full postage as an unpaid letter, together with an additional rate.

Limit of weight and size of Book Packets.

16. Any pattern packet which may be posted insufficiently pre-paid, but bearing, nevertheless, a stamp or stamps of the value of a single rate (two annas), shall be forwarded to its destination charged with double the deficient postage.

Unpaid Pattern Packets.

17. Any pattern packet which may be posted without pre-payment to the extent above noted, or wholly unpaid, shall be treated as a banghy parcel, and forwarded to its destination charged with banghy postage.

Pattern Packets how to be packed.

18. A pattern packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination. For the greater security of the contents, the packet may be fastened by string, but in such case the Postmaster is authorized to cut the string, although, if he do so, he must again tie up the packet.

As an exception to the above rule, seeds and other articles likely to be injured by damp, &c., may be enclosed in boxes or in bags fastened in such a manner that they can be readily opened, or in bags entirely closed, provided that they are transparent, so that the officers of the Department may be able to satisfy themselves as to the nature of the contents.

Any pattern packet not packed in accordance with this rule shall be charged as a letter or a banghy parcel, as the case may be.

Contents of Pattern Packets.

19. A pattern packet may contain any article or number of articles, except manuscript letters or manuscript communications of the nature of a letter, or explosive or dangerous material or substance (the transmission of which by post in any form is prohibited), or coin, bullion, precious stones or jewels (which Postmasters are prohibited from knowingly receiving for despatch by post in any form). The prohibition against the transmission of dangerous articles does not interfere with the transmission of scissors, knives, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, &c., provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and to the officers of the Post Office, while at the same time they may be easily examined. If any packet containing such articles as these be posted which is found not to be sufficiently guarded, it shall be stopped, and a notice of its detention shall be sent to the person to whom it is addressed, or to the sender, who may then obtain it by personal application, but the packet shall be charged with a fine equal in amount to the postage to which it was liable.

Pattern Packets not exceeding 10 tolas to be specially superscribed.

20. Pattern packets not exceeding 10 tolas in weight shall be conveyed by Letter Post and charged with letter postage, unless specially directed to be sent by "Pattern Post."

22. For the scale of Banghy Postage and instructions relative thereto, see the last page of this volume.

Optional pre-payment of Banghy Postage.

23. The pre-payment of banghy postage is optional; if pre-paid, the payment may be by means of postage stamps affixed to the cover or in cash; if not pre-paid, the charge levied on

delivery is the same as that which would have been chargeable if pre-paid; and if insufficiently pre-paid, the deficiency only is levied on delivery.

Parcels not exceeding 10 tolas to be specially superscribed.

24. All parcels not exceeding 10 tolas in weight, sent through the Post Office, are conveyed by Letter Post and charged with letter postage, unless specially directed to be sent by Banghy Post.

Banghy Parcels how to be packed.

26. No parcel can be received for transmission by Banghy Post unless it be securely packed in cloth or wax cloth or tin, and no such parcel packed in cloth or wax cloth shall be received unless seals bearing distinct impressions of some device (not that of a current coin) be fixed at intervals not exceeding three inches along the lines of sewing by which the cover is secured. This rule does not apply to banghy parcels sent on Her Majesty's Service.

Not more than one letter may be enclosed in a Banghy Parcel.

27. Not more than one letter may be enclosed in a banghy parcel, and any infringement of this rule renders the sender subject to a penalty not exceeding Rs. 50 (Section 14 of Post Office Act of 1866).

Certificate required where Parcels sent by Letter Mail.

28. On lines of road where there is no separate Banghy Post, banghy parcels are conveyed by Letter Post if it be certified in writing on such parcel, under the full signature and address of the sender, that it does not contain any letter or other written communication on which a higher rate of postage is chargeable. The penalty for a false certificate is a fine not exceeding Rs. 500 (Section 43 of the Post Office Act of 1866).

Receipts granted for Banghy Parcels when presented ready written.

29. Receipts are granted for banghy parcels only when presented ready written, either in books or on separate slips of paper along with the parcels. Receipts so presented will be duly stamped with the Post Office Stamp.

Parcels between places connected by Railway.

30. Between places connected by Railway, where the Railway Authorities may have intimated their readiness to undertake the conveyance and delivery of parcels, the Post Office does not convey parcels, except such as may be sent on the public service. Of course if either the place of address or the place of despatch be not on the line of Railway, the above rule does not apply. *And for the present the rule is wholly in abeyance, no arrangements for delivery of parcels having been made on any line of Railway. The Post Office consequently conveys parcels between all Offices on Railway lines.*

MISCELLANEOUS REGULATIONS, &c.

Name of sender not to be demanded.

31. The name of the sender of any letter or other article shall not be demanded in any Post Office; this rule does not prevent the name of the sender being asked for in the case of a registered letter or banghy parcel (with the view of enabling the Department to communicate with him in the event of loss or miscarriage), but it is optional with the sender even in such cases to refuse compliance with the request.

Treatment of Letters, &c., suspected to contain anything in contravention of Postal Rules.

32. Letters or other articles, suspected to contain anything in contravention* of Postal Rules, shall not be detained for examination at the despatching Office, but shall be forwarded marked "doubtful." The Postmaster receiving such letters or other articles shall then act in accordance with Section 60 of the Post Office Act.

Where the infringement of rule is obvious, no detention being necessary for the purpose of examination, and the penalty being merely the charge of a different rate of postage, or the refusal to receive or forward the article, the Postmaster of the despatching Office will himself take the necessary steps; and in all cases in which it is suspected that explosive or dangerous substances are enclosed, it is the duty of the despatching Office to do so.

Detention of Banghies, Packets, &c., on account of unusually heavy despatches.

33. The main business of the Post Office being the transmission of *letters*, the forwarding of newspapers packets, and parcels (which no one is compelled to send through the Post Office), though an important, is only a secondary object: and in any case, therefore, where an unusual weight of mails prevents the transmission of the whole at once, a Postmaster is authorized to detain for a period not exceeding 24 hours the inland banghies and packets, also imported newspapers and packets, and, if necessary, also the heavier service letters, except such as may be marked "Despatch."

Instructions respecting the address of letters.

34. On this subject see the fly-leaf at commencement of this volume (immediately preceding the Table of Contents).

Post Office may refuse to receive letters, &c., bearing appearance of having been opened.

35. The Postmaster at any station, or the person in charge of the Post Office, has power to refuse letters or other articles bearing the appearance of having been opened and re-closed, or otherwise improperly dealt with, unless the writer or sender thereof shall attest with his full signature that they were sent in that state.

Postmasters not knowingly to receive valuables for despatch.

36. In order to protect, as far as possible, the public mails from the chance of robbery, Officers in charge of Post Offices shall not knowingly receive coin, bullion, precious stones, or jewels for despatch, either by Letter or Banghy Post. Unregistered letters found in the letter box containing coin or currency notes are registered and forwarded to destination charged with a double registration fee. See Registration Rules (Section IX).

Expresses to be sparingly used by public Officers.

37. As the employment of expresses interferes with the celerity and regularity of the ordinary mails, and is attended with expense, public Officers are enjoined to employ them as sparingly as possible; and any public Officer despatching an express when the exigency of the public service does not, in the opinion of the authority to whom he is subordinate, require it, will be held answerable for the expenses attending that method of transmission. Public expresses from a Post Office at the seat of any Government or Administration can only be ordered by a Secretary to Government: in other cases by the Chief Civil or Military Authority of the place.

* For example—

(1) Any letter, paper, writing or other enclosure of a private nature forwarded under color or pretence of an official communication.
(2) Articles other than proof sheets sent under color or pretence of being proof sheets.
(3) Any contraband article or any article on which duty is owing to Government.
(4) Newspapers having unauthorized printing, writing, or marks or unauthorized enclosures.
(5) Packets having unauthorized writing or enclosures.
(6) Banghy parcels having more than one letter, or (when sent by Letter Post) having any letter or other written communication on which a higher rate of postage is chargeable.
(7) Covers containing Opium transmitted otherwise than on Government account.

Letters, &c., once posted not to be returned without express order except in specified cases.

38. Unless by an express order of the Government or Director General of the Post Office, or a Postmaster General, no letter or other article, which has been delivered into any Post Office, shall be restored to the sender thereof except in the manner described (for unclaimed letters, &c.) in Section 29 of the Post Office Act, and except in the case of a letter or other article addressed to a place beyond the limits of British India which for any reason cannot be forwarded to its destination.

Person rejecting a letter, &c., unopened, not bound to pay postage.

39. The person to whom any letter or other article, the postage of which has not been paid, may be delivered is not bound to pay the postage if he forthwith returns the same unopened; but if he opens or retains the same he is bound to pay the postage due thereon. If he forthwith returns the same unopened, the cover is treated as refused.

Refund of Postage on letters, &c., sent maliciously.

40. If a letter or other article shall appear to the satisfaction of the Postmaster of the Office of delivery to have been maliciously sent for the purpose of annoying the person to whom it is addressed, the Postmaster of the delivery Office may remit the postage.

Postage marked on a letter, &c., to be paid at once.

41. Whatever postage is marked on a letter, paper, packet, or parcel must be paid at once on delivery, after which any complaint of overcharge will be duly attended to.

Covers or envelopes to be sent with all complaints.

42. In all complaints of overcharge or unnecessary delay in delivering letters or other articles, the covers or envelopes bearing the Post Office Stamp must be presented for inspection, and when any complaints are preferred against any letter-carrier, the number on his badge should be specified.

Remedy of Post Office in case of refusal to pay postage.

43. Postage which any person is bound to pay, but which he refuses to pay, is recoverable in the same manner as a fine under the Post Office Act, and the Officer in charge of any Post Office has further the power of withholding from any person so refusing, until such postage be paid, any other letter or article addressed to that person not being on Her Majesty's Service.

Commanding Officers to receive letters for their Regiments.

44. Letters directed to Native Officers or men of Regiments or Detachments shall be delivered to an Orderly or any other fit person, who shall be deputed by the Officer Commanding the Regiment or Detachment to receive the same, but letters on which postage may be due shall not be delivered to such person unless the postage be first paid.

Letter-carriers must require immediate payment of postage.

45. Letter-carriers are forbidden to deliver any letter, newspaper, or other article without requiring immediate payment of the exact amount of postage. They are not bound to give change. If the amount of postage due is not at once tendered, and the letter-carrier is subjected to detention, the letters, &c., upon which postage is due shall be taken back to the Post Office for the next delivery. Letter-carriers are forbidden to deviate from their prescribed routes.

Delivery Tickets.

46. Delivery tickets can be obtained under the following conditions from all Post Offices authorized by the Postmaster General of the Province to grant them, *viz.*:—

(1).—The ticket will remain in force for one year from the date of issue, and will then be cancelled unless renewed for another year. The date of issue or renewal will be noted on each ticket.

(2).—The payment for a ticket or for the renewal of a ticket is Rs. 12, and this sum must be paid in advance. No refunds are allowed. Extra payment may be demanded under head (3).

(3).—Tickets can only be used at the Offices from which they were issued, but ticket-holders changing their residence may have them transferred from one Office to another, provided the latter is an Office authorized to grant tickets. The Postmaster of the Office of Issue will write the words "cancelled for—Office" under his full signature, and the Postmaster of the other Office will write the words "accepted for—Office" under his full signature. A transfer fee of one rupee is payable to the Post Office which accepts the transferred ticket.

(4).—A ticket-holder is entitled to receive his letters, &c., at the Post Office window.

(5).—Or he may receive in a closed bag his letters and newspapers (also such packets as can conveniently be enclosed in the bag) by the ordinary letter-carrier, if he provides the bag or bags required for this purpose. The weight of any such bag when empty is limited to one pound. The letter-carrier who delivers such a bag is bound to receive charge of an empty bag in return if tendered to him, but the ticket-holder may use the bag for sending letters by the hand of his own messenger to the Post Office, where the bag will be opened by the Postmaster or other specially appointed Officer of the establishment. Any postage due on the contents of a bag must be paid on delivery of the bag.

Delivery at window not claimable without Ticket at Offices where Tickets are issued.

47. At Post Offices authorized as above to grant delivery tickets, no person residing within the ordinary delivery range can claim to have his letters, &c., delivered at the window, unless he holds a delivery ticket. But the Postmaster may deliver from the window to such persons, provided that inconvenience is not caused thereby to the general work of the Office, and especially to the prompt distribution of the mails by the ordinary letter-carriers.

Window Delivery how to be made at Offices where Delivery Tickets not issued.

48. At Post Offices not authorized to grant delivery tickets, delivery may be made from the window to any persons who register their names at the Post Office as being desirous of having their letters retained until called for, instead of being sent out in ordinary course for delivery, or to persons who, without having registered their names, apply for letters under circumstances similar to those described in the last sentence of the preceding paragraph.

Admission into interior or examination of records of Post Office not allowed.

49. Persons not belonging to the department shall not be admitted into the interior, nor permitted to examine the records, of any Post Office without the special permission of the Postmaster General, to whom, or to the Postmaster, applications for information or redress must be made either in person or in writing by the party requiring the same.

50. Letter boxes will remain open day and night; the hours at which each letter box will be cleared will be marked upon it.

Hours for official references and personal applications.

51. Official references and personal applications must be made between the hours of 7 A. M. and 8 A. M. and between noon and 5 P. M., except on Sundays, when Post Offices will be open for this purpose from 7 A. M. to 8 A. M. and one other hour.

Hours for registration of letters and receipt of Banghy Parcels.

52. At all Post Offices registered letters and banghy parcels will be received every day. Sundays excepted, for despatch from 7 A. M. to 8 A. M., and from noon to 5 P. M., but, in the Bombay Post Office, the hours have been specially fixed as from 10 A. M. to 4 P. M. On Sundays they will ordinarily be received from 7 A. M. to 8 A. M., and one other hour.

53. A notice shall be conspicuously placarded in English and the language of the place outside every Post Office, giving information respecting the hours of attendance, the despatch of mails, and the delivery of letters.

Hours for closing Mails.

54. The packets for all mails to be despatched in the course of the night shall be closed at 6 P. M. (except under special orders to the contrary), but for mails which usually pass in the course of the day, the packets shall be made up half an hour before the time appointed for the arrival of such mails.

Hours for delivery of Mails.

55. The hours at which mails will be delivered must depend upon the hours at which they are received. The number of daily deliveries, and the hours at which the letter carriers will leave the Post Office, shall be duly notified from time to time in each Post Town.

Late Letters.

56. Except when a Postmaster General shall deem a longer interval necessary, "late letters" will be received at any Post Office until fifteen minutes before the despatch of the mails. But no late letter will be forwarded by the mail preparing for despatch unless fully pre-paid by means of stamps, so as to include the ordinary postage and the late letter fee. The late letter fee is half a rupee, except where any lower rate or scale of rates may be specially authorized by a Postmaster General for any particular Office.

N. B.—Late letters are such as are posted after the hour fixed for the closing of any mail, and which, therefore, cannot be sent forward by the mail then in preparation unless extra payment be made. No Office shall be kept open merely for the reception of late letters after the usual hour of closing at night. Late letters can be posted only at a Post Office.

Unclaimed Letters, &c., how disposed of.

57. Any unclaimed letter or other article, after remaining unclaimed for three weeks in any Post Office (during which it is entered for at least two weeks in the list of unclaimed articles exposed in the Post Office), is returned to the Posting Office (through the Dead Letter Office) for delivery free of charge to the sender if his name and address are on the cover; and, if his name and address are not on the cover, it is forwarded to the Dead Letter Office, where it is opened and returned to the sender in a dead letter cover if his name and address can be ascertained, otherwise it is destroyed after remaining in the Dead Letter Office for one year.

Refused Letters, &c., how disposed of.

58. Any letter or other article rejected unopened by the addressee is, if any postage is due thereon, and if the sender's name and address are written on the cover, returned to the Posting Office, (through the Dead Letter Office) in order that the postage due may be recovered from the sender: in all other cases, or when the sender's name and address are not on the cover, such letter or other article is sent to the Dead Letter Office where it is opened, the postage being recovered from the sender or the cover destroyed.

Unlawful detention of Post Office Messengers, &c., penalty.

59. It is not lawful for any person, unless acting by express order of the Government, to detain, except for a criminal offence, a Post Office messenger whilst carrying the mails, or to detain any carriage or horse upon which the mails are being carried, or on any pretence to open a packet or mail bag or box in transit from one Post Office to another, and any person guilty of such an offence is punishable with a fine not exceeding Rs. 500.

Refusal to deliver up letters, &c., which ought to have been delivered to another person, penalty.

60. Any person who shall fraudulently retain or wilfully secrete or make away with, or keep or detain, or being required to deliver up by an Officer of the Post Office, shall neglect or refuse to deliver up a post letter or other article which ought to have been delivered to any other person, or mail bag, box, or packet containing a letter or other article which shall have been sent by the post, is punishable with imprisonment for a term not exceeding two years, and is also liable to fine.

Clubbed Packet, definition of, and prohibition against.

61. A "clubbed packet," according to the definition given in the Post Office Act, is "a packet containing a collection of letters not made by an agent of the Post Office, transmitted through the Post Office with the view of the enclosed letters being delivered to more than one person through the agent of the person by whom the packet was made up," and the public are reminded that the transmission of clubbed packets is an infringement of the Law, rendering the person liable to severe penalties under Section 46 of the Post Office Act.

Government not responsible for loss.

62. Under Section 65 of the Post Office Act, the Government is not responsible for any loss or damage which may occur in respect of any thing entrusted to the Post Office for conveyance, and no person employed by the Government in the Post Office Department is responsible for any such loss or damage, unless that person shall have caused such loss or damage negligently, maliciously, or fraudulently.

IV.—Rates of Postage and conditions of transmission by Foreign Post.

Definition of term "Foreign Post."

(1).—The term "Foreign Post" includes the posts under the control of the Government of India named below :—

India and the Straits ...	British India Steam Navigation Company *viâ* British Burmah or Port Blair. Opium Steamers direct to and from Calcutta.
India and China ...	Opium Steamers *viâ* the Straits.
India and Ceylon ...	British India Steam Navigation Company, Coasting Steamers between Calcutta and Bombay.

It also includes the land dâk between India and Ceylon. Also all mails sent by private ships or vessels, whether from one Indian Post Office to another, or to and from places abroad. Also all mails sent by Her Majesty's British packets (Peninsular and Oriental Company) or by the French packets (Messageries Imperiales), whether from one Indian Post Office to another, or to and from places abroad.

Foreign Correspondence by Private Ship.

(2).—Mails can be sent by any private vessel leaving a port in India, but only such classes of mails are forwarded as can be received under the postal regulations of the country of destination. Banghy parcels cannot be sent to any foreign country by private ship.

Letters, &c., intended for despatch by private vessel should be marked as such by the sender, the name of the vessel being given if transmission by a particular vessel is desired. Letters, &c., not so marked will be forwarded by private vessel only if there be no regular mail communication with the country of destination.

Letters, &c., intended for despatch by private vessel must be *fully pre-paid* by stamps at the ordinary Indian inland rates, and they will be liable on delivery in any foreign country to such postage as may be chargeable under the regulations of that country. This rule does not, however apply to correspondence sent by private ship to Hong-Kong or the Straits, for which see those entries in the Foreign Post Schedule.

Route by which forwarded.

(3).—The route by which a cover is intended to be sent should be marked on the upper left hand corner of the address side. A cover marked for a particular route, but not fulfilling the conditions of that route (*e. g.*, in respect of compulsory pre-payment of postage), will be treated as if not marked for any particular route. Covers not marked for any particular route will, as a general rule, be sent by the route which stands first in this Schedule, except where there is an earlier or quicker despatch by some other route, or where the first route may require the compulsory pre-payment of a higher rate of postage than has been pre-paid, or where the amount of postage paid may leave no doubt as to the route intended.

Correspondence from or to Aden.

(4).—Correspondence passing direct between Aden and places abroad is governed by the same conditions as correspondence between India and such places, except in respect of *letters conveyed by French Packet*, which, in some instances, are charged at a higher rate when sent from Aden. In all such instances, the rate "from Aden" is given separately in the Schedule.

Correspondence from Aden to India or any Indian Post Office is charged at the rates shown in the Schedule for correspondence from India to Aden.

Letters for Erzeroum and interior of Armenia, Persia, Turkey in Asia, Asia Minor, Cashmere, &c.

(5).—It is recommended that letters for Erzeroum and other parts of the interior of Armenia be addressed to the care of some agent at Samsoun or Trebizond, and that letters for the interior of Persia (except Teheran Ispahan or Shiraz) be sent by the Indian inland post to the Indian Post Office at Bagdad addressed to the care of some agent there.

Letters for Damascus, *if fully pre-paid with Ordinary Indian inlandpostage*, will be sent to the Indian Post Office at Bagdad and thence forwarded by land dâk todestination. Letters for Teheran Ispahan or Shiraz, similarly pre-paid as above, will be sent to the Indian Post Office at Bushire and thence forwarded by land dâk to destination.

Letters for such places in Turkey in Asia or Asia Minor as have no Austrian or French Post Offices (see lists of Austrian and of French Offices in Turkey given in the Schedule) should be addressed to the care of an agent at the nearest port at which an Austrian or French Office has been established.

Letters for Cashmere, *if fully pre-paid with Ordinary Indian inland postage*, will be sent to the Indian Frontier Office at Sealkote (also Murree during the summer season) and thence forwarded by the Cashmere Post to destination.

Letters weighing more than two ounces.

(6).—The rates for letters given in the Table do not go beyond two ounces, but the rates for heavier letters can easily be calculated by finding the rate in the Table for any fractional part of an ounce, and then adding for the remaining whole ounces at the rate per ounce given in Column D. If, for instance, it be desired to find the rate for a letter to Italy by British Packet weighing from 3½ to 3¾ ounces—

	Rs.	A.	P.
For a letter above ½ and not exceeding ¾ ounce	1	2	0
For 3 complete ounces at Rs. 1-8-0 per ounce	4	8	0
TOTAL	5	10	0

Prussia and the German Postal Union generally.

(7).—According to the Regulations of the German Postal Union, no letter exceeding 50 grammes (a little more than 1½ ounces) in weight, and containing any other enclosure than paper, can be allowed to circulate by the post. Any letters, therefore, forwarded in the mail to Prussia above that weight, and containing any other enclosure than paper, will be liable, on their arrival at the Prussian frontier, to be stopped, and sent to the Custom House for delivery as *freight*.

Transmission of Jewelry, &c., to Spain, Turkey, and Costa Rica.

(8).—The laws of Spain forbid the transmission by the post within that country of letters or other packets containing watches, jewelry or other articles of value which are liable to Customs duties. Any such packets, therefore, which may be forwarded in the mails to Spain, will not be delivered, but will be sent back from the frontier. A similar prohibition, on pain of forfeiture, is placed upon the transmission of diamonds and other jewels to the Turkish Empire, and of money and jewelry to the Republic of Costa Rica.

(9).—The following references are given to other subjects connected with the Foreign Post, which are treated of elsewhere:—

(10).—This route being at present experimental, the rates and conditions of charge by it have been given in the schedule only for the "United Kingdom;" but letters and newspapers can also be sent "*viâ* Bombay and Brindisi" to any place marked "*viâ* Bombay and Marseilles" in the schedule, at an extra charge (over and above the Marseilles rate) of 2 annas per ½ oz. for letters and 1*d*. for each newspaper not exceeding 4 ozs. Full pre-payment is necessary in respect of all covers sent by the Brindisi route.

REGULATIONS REGARDING THE BOOK POST TO PLACES ABROAD.

The following are the general rules applicable to the Book Post with all countries (for which Book Post rates are given in the Table), subject to the special modifications hereinafter enumerated :—

Pre-payment of Postage.

(1).—The postage must be pre-paid by means of postage stamps affixed outside the packet or its cover.

Mode of Packing.

(2).—Every book packet must be sent either without a cover or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination. For the greater security of its contents, the packet may be tied with string, but in such case the Postmaster is authorized to cut the string, although, if he does so, he must again tie up the packet.

May contain Printed Papers, but no writing or Manuscript mark.

(3).—A book packet may contain any number of books or *printed papers*, provided they do not contain any writing or other manuscript mark besides the name and address of the person to whom the packet is sent.

May not contain sealed or closed Articles or Manuscript letters.

(4).—A book packet may not contain anything which is sealed or otherwise closed against inspection, nor must there be a letter, nor any communication of the nature of a letter, whether separate or otherwise, unless the whole of such letter or communication be printed. The prohibition in this rule against the inclusion of letters applies also to original manuscript letters, even though they may be old letters which have before passed through the post.

Limit of weight.

(5).—No book packet may exceed five pounds in weight.

Limit of size.

(6).—No book packet may exceed two feet in length, or one foot in width or depth.

The following are special relaxations of the above rules or additional restrictions applicable to book packets sent to particular countries or by particular routes.

(7).—The places mentioned below have one or more special relaxations or additional restrictions in respect of book packets. These relaxations and restrictions will be given in the succeeding rules, and the numbers of the rules which apply to each place are noted opposite it in this list, *viz.*:—

Limit of size.

(8).—No book packet may exceed *eighteen inches in length, width or depth,* when sent to any of the places marked 8 in Rule (7).

Limit of weight.

(9).—No book packet may exceed *three pounds in weight* when sent to any of the places marked 9 in Rule (7).

Limit of weight.

(10).—No book packet may exceed *one pound in weight* when sent to any of the places marked 10 in Rule (7).

Certain articles besides books.

(11).—The conditions of Rule (3) are relaxed in respect of book packets addressed to the places marked 11 in Rule (7) in so far that the packets may contain, besides books and printed papers, *publications* (*including printed or lithographed letters*), *photographs* (*when not on glass*

or in any cases containing glass), prints or maps, and any quantity of paper, parchment or vellum, and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed, or plain, or any mixture of these; but no printed matter or prints can go, except such as may be printed on paper, parchment or vellum. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, is allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books, and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the binding, &c., must not be sent as a separate packet, nor can patterns, or books of patterns (unless these consist merely of paper) be permitted. Under this rule there is no objection to the *name and address of the sender* being written on the book, and, indeed, it is recommended that this be always done, so that if the cover come off, or for any other reason the packet cannot be forwarded, it may be returned. It has been ruled that legal documents, whether printed or written on paper, parchment or vellum, and not being in the form of a letter (unless wholly printed), may pass by Book Post under this rule.

Certain articles besides books.

(12).—The above relaxations (Rule 11) apply also to the countries marked 12 in Rule (7), with this difference that *water color drawings* are not allowed to be included in any packet.

Photographs on paper.

(13).—The conditions of Rule (3) are relaxed in respect of packets addressed to places marked 13 in Rule (7), to the extent of allowing *photographs on paper* to be sent in book packets.

Cases, Rollers, &c.

(14).—The conditions of Rule (3) are relaxed in respect of packets addressed to places marked 14 in Rule (7), to the extent of allowing *cases, rollers, maps, book-markers, pencils, pens, &c.*, to be sent in book packets.

Unbound proof sheets with corrections.

(15).—The conditions of Rule (3) are relaxed in respect of packets addressed to places marked 15 in Rule (7), to the extent of allowing *unbound proof sheets*, (but these only) to contain *ordinary corrections of the press.*

Must be unbound.

(16).—As an additional restriction on the conditions of Rule (3), books sent to places marked 16 in Rule (7) must be *unbound.*

Infringement of above Rules.

(17).—If any of the above-mentioned regulations be infringed, and the infringement be detected, the packet will not be forwarded, but if not detected, it will be liable on delivery to the charge of unpaid Letter Postage.

REGULATIONS REGARDING THE PATTERN OR SAMPLE POST TO PLACES ABROAD.

The following are the general rules applicable to the pattern and sample post with all countries (to which the letter P is attached in the Table of Rates), subject to the special modifications hereinafter enumerated:—

Pre-payment of postage.

(1).—The postage must be pre-paid by means of postage stamps affixed outside the packet or its cover.

May contain no writing or printing, except in cases specified.

(2).—There must be no writing or printing on the packet or its cover in addition to the address of the person for whom the packet is intended, except the address of the sender, a trade mark and numbers, and the prices of the articles.

May contain no enclosure other than the samples themselves.

(3).—There must be no enclosure other than the samples themselves. The particulars which are allowed to be furnished under the preceding rule must in all cases be given, not on loose pieces of paper, but on small labels attached to the samples or the bags containing them.

Mode of packing.

(4).—The patterns or samples must be sent in covers open at the ends, so as to be easy of examination. Samples, however, of seeds, &c., may be enclosed in boxes or in bags of linen, or other material, fastened in such a manner that they may be readily opened.

May not contain articles likely to injure the Mail or Postal Officers.

(5).—No article may be sent which may injure the contents of the mail bags, or the officers of the Post Office.

May not contain articles of intrinsic value.

(6).—Samples of intrinsic value may not be sent.

Limit of weight.

(7).—No pattern packet may exceed five pounds in weight.

Limit of size.

(8).—No pattern packet may exceed two feet in length, or one foot in width or depth.

The following are special relaxations of the above rules, or additional restrictions applicable to packets sent to particular countries or by particular routes:—

Limit of weight.

(9).—No packet of patterns may exceed *eight ounces in weight* when sent to the places for which that limit is given in the Table of Rates.

(10).—The places mentioned below have one or more special relaxations or restrictions in respect of pattern or sample packets. These relaxations and restrictions will be given in the succeeding rules, and the numbers of the rules which apply to each place are noted opposite it in this list, *viz.*:—

Limit of weight.

(11).—No packet of patterns may exceed *one pound in weight* when sent to the places marked 11 in Rule (10).

Limit of size.

(12).—No packet of patterns may exceed *eighteen inches in length, width or depth* when sent to the places marked 12 in Rule (10).

Transparent bags.

(13).—As a relaxation of Rule (4) samples of seeds, &c., addressed to places marked 13 in Rule 10, may be enclosed in *bags entirely closed, provided that they are transparent*, so that the officers of the Department may be able to satisfy themselves as to the nature of the contents.

Certain articles.

(14).—The restriction in Rule (5) is relaxed in respect of patterns addressed (otherwise than through France) to the places marked 14 in Rule (10), in so far as to permit the transmission of *scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal-tubing, pieces of metal, or one and such like,* as samples, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and the Officers of the Post Office, while at the same time the samples may be easily examined.

Articles of intrinsic value.

(15).—The prohibition in Rule (6) against the transmission of articles of intrinsic value, does not apply to articles sent to the places and by the routes marked 15 in Rule (10). But although samples of intrinsic value may be forwarded, consignments of goods cannot be sent under the name of samples. Where two or more precisely similar specimens of the same articles of merchandize are enclosed in a packet, the contents are ordinarily regarded as not coming within the meaning of the term *samples,* and are objected* to as being consignments of goods. But in respect of patterns *addressed to the United Kingdom,* no objection is taken on the above ground.

*e.g., objection was taken by the London Post Office to a packet containing *two* pieces of Tassoo silk, and to another packet containing *three* pairs of boots.

Infringement of above Rules.

(16).—If any of the above-mentioned Regulations be infringed, and the infringement be detected, the packet will not be forwarded, but if not detected it will be liable on delivery to the charge of unpaid letter postage.

V.—Re-Direction.

Forward postage when chargeable.

(1).—* Forward postage is chargeable on re-directed articles under the following rules, *viz.*:—

(*a*).—*When the re-direction takes place at the Office of original address*, ordinary forward postage, in addition to postage previously paid or due, is leviable on all articles (letters, newspapers, packets, or parcels) so re-directed.

(*b*).—*In cases of more than one re-direction* forward postage is leviable as above on each re-direction.

(*c*).—*When the re-direction takes place at the Office at which an article is posted* the same rule (No. 1 above) is observed in respect of articles (letters, newspapers, packets) which are chargeable without reference to distance. In respect of parcels which are chargeable according to distance, no re-direction charge is made in this case, but if the revised address renders necessary a higher charge than the original address, the difference will be charged in addition to the amount paid, and no refund of postage actually paid will be made, even if the revised address involves a smaller charge than that paid.

Special exemptions from re-direction charge.

(2).—Letters posted in India addressed to soldiers (Native or European) are not liable to a charge for forward postage on re-direction to any other place in India. Letters received in India from abroad (under the conditions specified in the preceding section) for soldiers or seamen who may have removed *upon service* to another place in India are not subject to any charge for re-direction, and if they have removed *upon service* to the United Kingdom or any other station abroad, such letters are not subject to any additional charge for re-direction by British Packet. Newspapers and book packets received in India from places abroad addressed to soldiers (including soldiers' or sergeants' book-clubs, reading-rooms, messes, or libraries) are not liable to a charge for re-direction when forwarded to any other place in India.

(3).—The term "soldiers" as used in the preceding paragraph includes Non-Commissioned Officers, Band Masters, Army School Masters (not being Superintending or 1st Class School Masters), Army School Mistresses and Privates, but not Warrant Officers or Police or Local Companies or soldiers on leave or in Civil employ. The term "seamen" applies only to seamen belonging to Her Majesty's ships.

* "Forward postage" is the postage (at pre-paid rate) to which the re-directed article would be liable were posted afresh at the Office of re-direction.

Incomplete addresses.

(4).—An address which does not include the name of the Post Town from which delivery is intended renders the cover liable to re-direction charge. If, for instance, a cover is addressed only to a Province or a District without the name of a particular Post Office, and is sent to the Capital or Sudder Office of the Province or District, and thence re-directed to the Office of delivery, it is liable to a charge for re-direction.

Re-direction tickets for Government Officials temporarily absent on tour.

(5).—A Government Official may, when temporarily absent from his station on tour, and on payment of the fee mentioned below, permit the Head Clerk or other Officer of his establishment to forward in the official packet made up by his Office all private covers *arriving to his address by post* which would otherwise have to be re-directed and sent separately by post. The re-direction postage otherwise chargeable will thus be avoided, and in lieu of this a fee of Rs. 12 per annum is payable. The payment will entitle him to the exercise of the privilege for one year from the date on which it is made. The Postmaster will issue a re-direction ticket to any Government Official on payment of the above-mentioned fee, and such tickets may be transferred from one Office to another on payment of a transfer fee of one rupee, the Postmaster of the Office of issue writing the words "cancelled for——Office" under his full signature, and the Postmaster of the other Office writing the words "accepted for——Office" under his full signature. When an Officer holding a re-direction ticket proceeds on tour, he must during his absence deposit the ticket at the Post Office.

VI.—Registration.

Full pre-payment of fee and postage.

(1).—Letters, newspapers, and packets may be registered at any Post Office for transmission by Inland Post, provided that the registration fee of 4 annas, together with the postage, be fully pre-paid by means of stamps.

Hours of registration.

(2).—Covers are received for registration at all Post Offices every day, Sundays excepted, from 7 A. M. to 8 A. M., and from noon to 5 P. M. Registered letters intended for despatch by a particular mail must be presented at least half an hour before the time fixed for closing the mail, otherwise they will be stamped "too late" and retained for the following mail.

Banghy parcels need not be registered.

(3).—Banghy parcels being transmitted under the same precautions as registered covers, no separate registration of such parcels is necessary.

Registration makes transmission more secure.

(4).—Registration makes the transmission of a cover more secure, as it passes through the hands of comparatively few postal officers, every one of whom has to give an acknowledgment of receipt. But although every endeavor will be made to trace the delinquent in any case of loss of or damage to a registered cover, the Government is not responsible for such loss or damage under Section 65 of the Post Office Act.

Receipts for registered covers.

(5).—A receipt for each cover is given to the sender.

The sender should furnish his name and address.

(6).—The sender of a registered cover is not bound to give his name and address, but he is recommended always to do so, either verbally if he posts the cover himself, or, if he posts it by the hand of a messenger, by writing his name and address on the cover (on the lower left hand corner) or on a separate slip of paper. The name and address of the sender when given are recorded in the despatching Office, so that if the cover miscarries or suffers damage in transit or cannot for any reason be delivered, intimation may be forwarded to the sender.

Registered articles should be securely enclosed and sealed.

(7).—The sender of a registered article is recommended to see that it is enclosed in a cover or envelope of a substantial kind fastened in a secure manner. Sealing wax with a distinct impression (other than that of the current coin) is recommended for fastening the cover instead of or in addition to any other means of fastening.

Letters containing Coin or Currency Notes must be registered.

(8).—Letters containing coin or a currency note or any portion thereof addressed to any place in India *must be registered*, and if any such cover, the contents of which are apparent or known, be found in the letter box without registration, it is registered and charged on delivery with a double registration fee, in addition to any other postage which may be due. Attention is drawn to the following order of the Government (published in the *Gazette of India* of the 27th March 1869), *viz.*:—"In ordinary cases of lost notes, the Currency Department regis-"ters notes reported to have been lost, and communicates by letter with the losers. In cases "where the holders of notes knowingly disregard the Notification of Government, making "it compulsory to register letters containing currency notes, payment for half notes lost under "such circumstances should only be made as the law would oblige, *viz.*, at the counter of the "Currency Office under the usual bond, and the Currency Office should refuse to correspond "regarding notes so lost, or to remit the amount as is done in ordinary cases." See also the instructions and advice on this subject given on the fly leaf at the commencement of this volume (immediately preceding the Table of Contents).

Registration to places abroad.

(9).—Letters may also be registered to those places abroad to which registration is available (*vide* Foreign Postage Schedule), provided that the postage is fully pre-paid, as well as the full amount of the registration fee shown in the Schedule. In some cases (marked "d" in the Schedule) the charge on a registered letter is double of the ordinary postage, no separate fee being levied. Registered letters to such places must be fully pre-paid at double the ordinary rates.

It is to be understood that registration to places abroad applies only to letters or packets pre-paid at letter rates, except in respect of the United Kingdom, the United States of America, and British Colonies, to which newspapers, books, and patterns may also be registered when sent by British Packet.

VII.—Official Correspondence.

The rules regulating the treatment of official correspondence are those notified by Government under date the 4th May 1866, but from the 1st April 1870 the following revised code of rules will come into operation (except Rule 19, which had effect from the 1st October 1869).

A.—PRIVILEGED OFFICES.

(1).—The public Offices enumerated in the annexed list will be privileged to send and receive by Inland Letter or Packet Post (without actual payment of postage) all covers* *bonâ-fide* and exclusively on Her Majesty's Service, an account of the postage due thereon being kept by the Post Office against every such privileged Office.

* For limits of weight and size and directions respecting Banghy Parcels, see Rule 25.

(2).—For rules relating to Tour Postage Tickets and Local Postage Tickets, see Head D.

Official covers despatched from a privileged Office.

(3).—Official covers despatched from a privileged Office must be properly tied up, faced and enclosed in a bag sealed with the seal of the Office.

(4).—Each cover must be endorsed and addressed according to the specimen form given in the margin, under the full signature (autograph or stamp) of the Head Clerk, or some other principal Officer of the establishment. Such covers will be charged in the account of the despatching Office by weighment in bulk at the rate of 1½ anna per tola for letters and other closed covers, and 2 annas per 10 tolas for Gazettes and other open covers.

(5).—Official covers, which it may be inconvenient for a privileged Office to send to the Post Office in the official bag, should be pre-paid by stamps,* unless addressed to a privileged Office, in which case they may be posted under Rule (8).

* See Rule 22.

At the Presidency towns and other places where there is a separately organized local post for the receipt and delivery of letters at frequent intervals during the day, it may often be convenient for privileged Offices to post local letters in a neighbouring pillar box, instead of sending them to the Post Office in an official bag, and in such cases this rule ought to be availed of.

Official covers delivered to a privileged Office.

(6).—Official covers will be delivered to a privileged Office enclosed in the official bag and sealed and sent out with the ordinary delivery, or given to the messenger of the Office, should one be in attendance.

B.—OFFICES NOT PRIVILEGED.

(7).—Offices not privileged consist of those Government Offices which are not included in the list, and do not therefore enjoy the privilege referred to in Rule (1).

Official covers despatched from Offices not privileged to the address of privileged Offices.

(8).—Official covers despatched from an Office not privileged to the address of a privileged Office, must be endorsed and addressed according to the specimen form given in the margin, under the full signature and official designation of the person by whom they are despatched. The address must include the full official designation of the Office to which the cover is directed. Such covers will be charged in the account of the receiving Office by weighment in bulk at the rate of 1½ anna per tola for letters and other closed covers, and 2 annas per 10 tolas for Gazettes and other open covers.

C.—CORRESPONDENCE SUPERSCRIBED "SERVICE BEARING."

(10).—Communications sent by Government Officers in their official capacity, which relate nevertheless to the private interests and concerns of the individuals addressed, may be endorsed according to the specimen form given on the margin, under the full signature and official designation of the person by whom they are sent. Covers so addressed will be regarded by the Post Office

as private letters, but will be charged on delivery with bearing postage at "forward" (*i. e.*, pre-paid) rates, and not at double rates. Under this head come replies sent to communications of the kind noted in the margin, as well as any other communications of a like kind which Government Officers may make to individuals (whether private persons or Government Officers) relating to the private interests of the addressees.

Petitions, applications for appointments, requests for transfer, enquiries about title to leave, &c.

(11).—Communications sent by private persons to Government Officials relating to the affairs of Government, may be endorsed according to the specimen form given on the margin, under the full signature of the sender. The address must include the full official designation of the public Office to which the cover is sent. Such covers will be charged on delivery at the rate to which they would have been liable if pre-paid by stamps. This rule is intended to provide for cases of zemindars reporting the occurrence of crime to a Police Officer; of employers of laborers sending returns required by the Protector; of aided schools forwarding returns required by a Government Inspector, and of any similar reports or returns required by Government for its own purposes from private individuals, societies, associations, or institutions.

(12.) In cases where it is not thought advisable to entrust postage stamps to a subordinate Official who has to correspond with, or send returns to, a superior (not being a privileged Officer), he may be allowed by his superior to address official covers to him under the above rule; and the same course may be adopted in other cases where it is found convenient or proper to make the postage charge fall on the receiving Office.

D.—TOUR POSTAGE TICKETS AND LOCAL POSTAGE TICKETS.

(13).—Privileged Officers proceeding on tour will be supplied by the Post Office at their head quarters with Tour postage tickets, on which will be printed instructions for their use.

(14).—If a privileged Officer goes on tour without a Tour postage ticket, or, if having one he does not present it at the Post Office, he cannot enjoy the privilege of sending and receiving covers without actual payment of postage, but he may in such case post covers under the rules prescribed for Officers not privileged.

(15).—For a Governor or Lieutenant Governor proceeding on tour, the same rules apply, except when a Camp Post Office is organized. In that case the Camp Post Office will keep the postage account, forwarding monthly returns to the Head Quarter Post Office.

(16).—A District Officer (see definition of the term in the list, entry No. 23,) may obtain from the Post Office at his head quarters Local postage tickets for the use of Assistants or Deputies stationed in the interior of the district, the Postmaster who supplies such tickets being informed of the designation and locality of the subordinate Office for which each is required. These tickets, when supplied to subordinate Officers, will be placed by them in the Post Office where they desire to enjoy the privilege, and will entitle them to send and receive *local* official covers (*i. e.*, covers addressed to places in the same Revenue District or Zillah in which they are posted) just as if they were privileged Officers. Instructions for the use of such tickets will be printed thereon.

(17).—Similarly, District Superintendents of Police may obtain Local postage tickets for the use of Assistants stationed in the interior of the district.

E.—MISCELLANEOUS.

(18).—Officers in charge of Telegraph Offices, when posting telegraph messages for onward transmission by post, are entitled to get receipts for them. Such receipts must be presented ready written in the form ordinarily used by the Telegraph Offices when delivering telegraph messages to the addressees. The Postmaster will compare the receipt so presented with the

address of the cover accompanying it, and if correct will affix the Post Office Stamp in acknowledgment of receipt. All covers for which receipts are claimed under this rule must be superscribed with the word "Telegram." Telegraph messages so sent are liable to the ordinary rates of postage, which must be pre-paid in full by means of postage stamps.* If telegraph messages are sent registered, the usual registration fee must likewise be pre-paid by postage stamps.*

* See Rule 22.

(19). -Complaints against the Post Office, certified as such under the full signature and address of the sender, and addressed to any Officer of the Postal Department, are not chargeable with any postage.

(20).—Official communications addressed to Government Offices "on Her Majesty's Service" under Rule (4), (8), or (9), or "service bearing" under Rule (11) or (12), are not liable to additional postage on account of re-direction.

(21).—Government Officers are bound to receive and pay any postage which may be due on covers addressed to them under the superscription "On Her Majesty's Service" or "service bearing." If the charge of postage results from any irregularity or omission on the part of the sender, his fault should be represented to the proper authority.

(22).—Postage stamps required for official correspondence should be purchased at the Government Treasury, or other local stamp depôt. The stamps issued to official applicants for official purposes, will be marked with the word "Service," and when used in payment of postage must be supported by the superscription on the cover "On Her Majesty's Service only," under the full signature and Official designation of the Government Officer who sends the cover. The superscription and signature should be entered in the form marginally given. Service stamps affixed to a cover without the above-mentioned superscription will not be recognized by the Post Office in payment of postage. Treasury Officers are enjoined not to issue service stamps to any but Government Officers.

(23).—Covers posted by a privileged Office under Rule 4, but not enclosed in the official bag, will be treated as if posted by an unprivileged Office, *i. e.*, charged in the account of the receiving Office if it be privileged, and charged with postage at pre-paid rates if addressed otherwise than to a privileged Office. Covers sent by an unprivileged Office under Rule (9). but without stamps will be charged with postage on delivery at pre-paid rates, and if the stamps affixed be insufficient, the deficiency will be charged. Any other irregularity or incompleteness of the address or superscription will render the cover liable to be treated as an ordinary unpaid cover.

(24).—Government Officers when on leave, and those who have retired from the service of Government, can correspond only as private individuals.

(25).—The limits of weight and size, in respect of official letters or packets, are the same as those† prescribed for ordinary packets; a cover exceeding those limits can only be forwarded as a baughy parcel, and all baughy parcels must either be pre-paid by postage stamps‡ by the sender or paid for in cash by the addressee. Receipts for such baughy parcels when presented ready written will be returned stamped with the Post Office stamp. Service baughy parcels are exempted from the rule requiring them to be packed in wax-cloth or tin, and sealed at intervals along the lines of sewing, but they must be securely packed.

† Not to exceed 200 tolas in weight, or one and half foot in length or one foot in breadth or depth.

‡ See Rule 22.

(26).—In order to afford to public Offices the means of checking the postage accounts kept against them in the Post Office, reasonable opportunity will be given, under the orders of the Postmaster General, for the inspection of the Post Office account by an Officer deputed for the purpose from any public Office.

(27).—The Director General of the Post Office is authorized to make annual arrangements with the Money Order Department for the conveyance of its correspondence without actual payment at a contract rate. Similar arrangements may be made in other cases in which they may be practicable and convenient.

F.—OFFICIAL CORRESPONDENCE WITH PLACES ABROAD, OR BETWEEN INDIAN POST OFFICES WHEN CONVEYED BY BRITISH OR FRENCH MAIL PACKETS.

(28).—The rules contained in the preceding sections relate exclusively to official inland correspondence, *i. e.*, correspondence conveyed between one Indian Post Office and another by Her Majesty's Indian Post.

(29).—Official correspondence with places abroad or between Indian Post Offices when conveyed by British or French mail packets (*e. g.*, between Calcutta and Madras, or between Bombay and Aden,) is governed by the same rules as ordinary private correspondence, and must either be pre-paid by stamps* or (where pre-payment is optional) be forwarded as unpaid, subject to the levy of postage on delivery.

* See Rule 22.

(30).—The only exception to the preceding rule has reference to official correspondence sent by British packet to or from the public functionaries or Departments in London which have special accounts for overland postage with the London Post Office. Official covers intended for such Offices need not be pre-paid if superscribed as on Her Majesty's Service under the full signature and official designation of the sender. The public functionaries or Departments in London which have accounts with the London Post Office are—Adjutant General's Office, Admiralty, Audit Office, Board of Trade, Chancellor (Lord), Charity Commissioners, Chelsea Hospital, Civil Service Commissioners, Coast Guard Office, Colonial Office, Colonial Land and Emigration Commissioners, Commander-in-Chief's Office, Council Office, Court of Probate, Custom House, East India House, Foreign Office, Home Office, Inland Revenue Office, Irish Office, Merchant Seamen's Office, Military Secretary, Horse Guards, Ordnance Office, Paymaster General's Office, Poor Law Commissioners, Post Office, Quarter Master General's Office, Science and Art Office, Stationery Office, Tithe Commissioners, The Queen, Treasury, Registrar General's Office, War Office, Woods and Forests' Office, Work, Buildings, &c., Office.

(31).—Official covers addressed to private individuals or unprivileged offices in the United Kingdom may be sent paid by stamps:† if sent unpaid, or insufficiently paid, they will be charged on delivery in England with deficient postage and fine, under the same rules as govern the treatment in this respect of ordinary unpaid correspondence.

On such purchases a discount of ½ anna per rupee is allowed.

On such purchases no discount is allowed, the stamps being sold in any quantity, however small, at the value denoted thereon.

(7).—Stamps previously obliterated or defaced or cut out from embossed envelopes or paper may not be used; and any letters or other articles to which they may be affixed are treated as unpaid.

Stamps other than Postage Stamps not to be used.

(8).—Receipt or other inland revenue stamps cannot be used in place of Postage Stamps, nor can Postage Stamps which have been torn, cut, or otherwise rendered imperfect be used.

IX.—District Post.

The District Post, or, as it is sometimes called, the Zemindaree Dâk, is an institution quite distinct from the Imperial Post. It consists of lines of communication between Police and Revenue Stations in the interior of districts and is maintained primarily for the purpose of conveying official reports, &c. It was originally, and is still in many parts of the country, under the control of the local Judicial or Revenue Authorities, but in the Bombay Presidency and in the North-Western Provinces this control has been transferred to the Officers of the Imperial Postal Department. Even in those provinces, however, the transfer is one merely of control, there being no amalgamation of the District and Imperial Posts, and the primary object of the former, *viz.*, the conveyance of official reports and correspondence, is equally kept in view, although the arrangement of course admits of a more free utilization of the District Post for the conveyance of private correspondence. As a general rule, all unpaid and insufficiently paid letters and other articles posted in a District Office are forwarded to the Imperial Post Office at the head quarters of the district for transmission thence to their destination, pre-paid articles only being sent direct. Private letters, &c., delivered through the agency of the District Post are subject to a delivery fee of ¼ anna per cover when the delivery is effected otherwise than by rural messengers or ordinary letter-carriers.

X.—Government Carrying Agency, commonly called the Government Bullock Train.

Government Bullock Train—its object and management.

(1).—The Government Bullock Train is an agency for the booking and conveyance of passengers and packages. The agency is under the management of the Post Office Department, and the Agency Offices are under the charge of the Postmasters or Deputy Postmasters of the places named.

Packages may be sent paid or unpaid.

(2).—Packages can be forwarded either paid or unpaid between any of the Agency Offices.

Classification of packages for Railway transit from Calcutta.

(3).—From the 1st March next the Bullock Train Office at Calcutta has been authorized to classify packages *the contents of which are declared in the transmitting note*, the classification being regulated by that in force on the East India Railway. The charges made for transit vary with the class of goods and can be ascertained on application at the Calcutta Post Office.

No classification in other cases but sender may book by rail and classify

(4).—From the 1st March 1870 packages may be booked unpaid at any Railway Station on the East India or Punjab Railways, for Darjeeling or any Office on that line, Futtehgurh or any Office on that line, Indore or any Office on that line, and for any Office above Lahore. The addressee will be charged the hire paid to the Railway together with a commission of 5 per cent. thereon, and the ordinary Bullock Train rates from the station where the package may be made over to the Bullock Train.

Relative advantage of booking packages by Rail.

(5).—Persons sending goods which come under the 1st, 2nd, or 3rd classes (according to the railway classification) will find it more economical to book by rail at classified rates, leaving the Railway to transfer the packages to the Bullock Train at the station where the Bullock Train line branches from the Railway.

Packages for Stations on Railway where there is no Bullock Train Office.

(6).—Packages destined for stations on the line of railway where there are no Government Agencies must be pre-paid up to the limit of conveyance by Bullock Train, whence they will be forwarded by rail "unpaid" to the station of address. For instance, a person at Indore wishing to send a package to Patna (at which there is no Government Agency) must pre-pay the package as far as Agra, whence it will be forwarded by rail "unpaid" to Patna, the railway receipt being also forwarded to the addressee "unpaid" by post. Similarly, a person at (say) Cawnpore wishing to send a package to Bombay (where there is no Government Agency) must pre-pay the package as far as Nagpore, whence it will be forwarded by rail "unpaid" to Bombay, the railway receipt being also forwarded to the addressee unpaid by post.

Passengers by Bullock Train.

(7).—Passengers proceeding by Bullock Train are booked only for road transit, and are charged at the rate payable for three maunds of goods. No charge is made for children in

arms under 2 years of age when travelling with their parents or guardians. Children from 2 to 12 years of age are charged half the fare of an adult. Passengers by Bullock Train are allowed 20 seers of baggage free of charge; no baggage allowance is made for children under 2 years of age who travel free; for children from 2 to 12 years of age, paying half rate, the baggage allowance is half, *i. e.*, 10 seers. Dogs or monkeys are charged half the fare of an adult. Birds in cages are charged by measurement (See clause 10), head (C) but if loose no charge is made.

Extra baggage of passengers.

(8).—Extra baggage can be sent as goods at the ordinary rates.

Fares of passengers and extra baggage.

(9).—The fares of passengers as well as the charge for extra baggage must be paid in advance.

Conditions of charge.

(10).—The following conditions are observed in calculating charges, *viz.* :—

(*a*).—No package, however small, will be charged at a less rate than half a maund, but a despatch consisting of more than one package made by the same party and bearing the same address, will be charged according to aggregate weight, with a booking fee of 2 annas on each package in addition.

(*b*).—Fractional parts of a maund below half a maund will be charged as half a maund, and above half a maund as a maund.

(*c*).—Light packages may, at the discretion of the Government Agent, be charged by measurement at the rate of 5 cubic feet per maund, and the hire for their carriage must be pre-paid.

(*d*).—No package will be conveyed between any two stations for less than 4 annas.

(*e*).—In making the charge on any package sent single or on a consignment of packages, fractional parts of an anna will be reckoned as a full anna.

(*f*).—Packages which may be re-directed will be charged for the re-direction as if for a fresh despatch.

Mode of packing.

(11).—Articles liable to injury by pressure or by the usage to which they are necessarily subjected in the process of loading, unloading, &c., should be securely packed in substantial cases, and those liable to injury by damp or wet should be placed in water-proof coverings.

Mode of writing addresses.

(12).—The address of packages must be in English, and so written or painted as not to be easily rubbed off.

Limits of size of packages on certain lines.

(13).—Packages which have to be conveyed over lines where carts are used instead of wagons must not exceed 5½ feet square by 3½ feet in depth.

Artillery Ambulances, &c.

(14).—Government wheeled vehicles, such as Artillery ambulances, will be charged for road transit as stores; each two-wheeled vehicle being reckoned as equivalent to 10 maunds, and each four wheeled vehicle as equivalent to 20 maunds.

Charges for Troops.

(15).—The charges for the road transit of troops will be regulated by the number of carts (two-wheeled)* or wagons (four-wheeled) supplied on requisition, the charge for each wagon being reckoned at the rate payable for 30 maunds of goods, and the charge for each cart at the rate payable for 15 maunds. The wagons or carts so engaged may be filled with troops and baggage in such way as is convenient, subject only to the condition that the aggregate weight shall not exceed 30 maunds for a wagon and 15 maunds for a cart, and to any local regulations in respect of weight on hill roads or bridges. Troops can only be forwarded on road lines under departmental management. This rule applies to the Nagpore and Jubbulpore line, only during the time when the Military Transport Train is closed.

* On some roads wagons are used, on others carts are used; and the supply will be furnished accordingly.

Government passengers.

(16).—Whole wagons or carts may be engaged for Government passengers on the same conditions as for troops.

Troops sent in small numbers as passengers.

(17).—Troops sent singly or in small numbers as passengers will be charged at the same rates as passengers, and will be allowed to carry, as free baggage, the authorized kit. This rule does not apply to the Nagpore and Jubbulpore line.

Certain Government Officers authorized to send packages, &c., without actual payment.

(18).—Government Officers must pay for the use of the Bullock Train in the same way as private parties, but troops, passengers, or goods, forwarded under a requisition signed by an authorized Officer, will be forwarded and delivered without actual payment, subject to adjustment with the Offices of Account in Calcutta.

The only Officers authorized to sign requisitions as above are—

Chief Officer at any Station of the { Commissariat Department. / Ordnance Department. / Quarter Master General's Department. }

Station Staff Officer—where there is no Officer of the Quarter Master General's Department.

Military Store-keeper ... ... Calcutta.
Clothing Agent ... ... Calcutta.
Military Secretary to His Excellency the Viceroy.

Requisitions from such Officers.

(19).—Requisitions from these Officers must contain a full specification of the number of packages and the address of each, the number of passengers and their destination, and the number of carts or wagons (as the case may be) required for troops, with the station of address.

Such Officers may also receive packages, &c., without actual payment.

(20).—The Officers authorized to send packages without actual payment may also receive packages addressed to them without actual payment, subject to adjustment with the Offices of Account in Calcutta.

Gunpowder, &c.

(21).—Persons booking goods by the Government Bullock Train are warned not to send Gunpowder, Lucifer or Congreve Matches, Naphtha, Gun-cotton, or similar articles of an explosive or highly inflammable nature, or any articles likely to cause injury to other packages. Persons tendering such articles for despatch are liable to the penalty prescribed in Section 42 of the Post Office Act of 1866, in addition to any other claim to which their act may give rise. As an exception to the above, Kerosine-oil, Rangoon-oil or Petroleum, duly labelled or marked, and declared as such, when securely packed and weighing more than a maund, will be received. As a further exception, the department will convey by road (but by road only) consignments of such articles received from Government Officers specially authorized by the rules to make requisitions for the transmission of goods; but in such case, the requisition must clearly specify the nature of the contents, and the charge will be at double rates, the minimum chargeable weight being 20 maunds. No such articles, even when sent by authorized Officers, will be booked by the Bullock Train Department for conveyance by railway.

Packages damaged, &c., not to be received.

(22).—No package is to be received for despatch which is in any way damaged or not securely packed, or which shows signs (by leakage or otherwise) of insecure packing, or which is improperly directed: the address must be legible, and must be written or painted so as not to be liable to be rubbed off or obliterated. A direction written on a card is not to be received. Packages suspected to have been sent in contravention of the preceding rule must not be received.

Unclaimed Packages.

(23).—All packages sent by the Government Bullock Train which are not claimed and taken away either by the parties to whom the same are addressed, or the parties sending the same within three calendar months from the date of the arrival of such packages at their respective destinations, will, after the expiration of that period, be advertised, and after the expiration of three calendar months from the date of advertisement, be sold, without further notice, by public sale under the order of the Postmaster General or Postmaster, and the proceeds arising from such sales will be appropriated by Government without further notice to any party interested, and neither the sender nor the addressee of any package which shall be sold as aforesaid, nor any person or persons on his behalf, shall have any right, title, claim, or demand, whatsoever, either at law or in equity, after the expiration of the period hereinbefore mentioned, to recover from Government either the package or its contents, or the value thereof, or the sum or any part of the sum realized in the sale thereof as aforesaid.

Government not responsible for loss or damage.

(24).—The Government will not be responsible for any loss of, or damage to, packages sent by Bullock Train, whether caused by fire, tempest, the state of the roads, or any negligent, improper, or criminal act on the part of the persons in charge of the train, or otherwise concerned in the conveyance or delivery of the goods: packages booked at a Bullock Train Office will, whenever convenient, be forwarded by railway at the risk of the sender.

Coin, Bullion, &c.

(25).—In order to protect the Bullock Train despatches from the chance of robbery, Officers in charge of Post Offices are prohibited from *knowingly* receiving coin, bullion, precious stones, or jewelry for transmission by Bullock Train.

Packages addressed to Out-Stations.

(26).—Packages addressed to out-stations, *i. e.*, stations off the Bullock Train lines, can only be booked to the nearest Bullock Train Office, and forwarded thence at the risk of the

owner by country cart or such other opportunity as may offer. The Bullock Train Agent who engages the country cart, &c., will forward a memorandum of the charges incurred, adding 10 per cent. as commission thereon, which must be paid by the addressee in addition to any other charge which may be due.

Only the following Offices in the Punjab are authorized to receive packages for transmission to Out-Stations, *viz.* :—

(27).—The Bullock Train Department does not book packages merely for railway transit for which the sender can himself book them at the Railway Office. For instance, a package tendered at Calcutta addressed to Cawnpore will not be received, but if addressed to Futtehgurh or any other road station beyond Cawnpore, it will be received.

XI.—Passenger Service.

DARJEELING ROAD.

The rules for the passenger service on the Darjeeling Road are as follows. A list of stages, bungalows, &c., is annexed :—

Seats on the ordinary Mail Cart.

(1).—Two seats will be allowed in the ordinary Mail Cart if the weight of the mails admits of such accommodation being given. Seats can be booked beforehand only on this condition, and, if taken from an intermediate station, on the further condition that the accommodation is not already occupied by a traveller from the rear. Seats can be booked under this rule at any of the Offices mentioned in Rule (4).

(2).—A passenger travelling by ordinary Mail Cart must start from the Post Office compound, as the Mail Carts are not allowed to go to the residences of individuals travelling by them.

(3).—A passenger by ordinary Mail Cart may halt at any place on the road, and be taken on by the following day's cart *if the seat is vacant.* Parties intending to halt should notify their intention when engaging their seats. The mail goes straight through from Caragola to Silligory and *vice versâ* without halting, except for the purpose of changing horses, greasing wheels, or receiving or delivering mails.

(4).—The fare for a seat on a Mail Cart is at the rate of two and a half annas per mile, the charges between the several stations being as follows :—

	R.	A.	
From Caragola to—			
Purneah	4	6	The fares in the opposite direction are the same.
Kissengunge	10	10	
Titalyah	16	14

Silligory	8	12	
From Titalyah to—

(5).—Fares must be paid in advance, and the seats taken for the Mail Cart of a particular day. Fares once paid will not be returned, even when the seat may not be availed of, except in the case of its being found to be occupied by a traveller from the rear, or of its not being available owing to the weight of the mails.

(6).—No dogs, birds, or other animals can be taken in the Mail Carts.

(7).—Each passenger is allowed ten seers luggage free. Extra luggage may be taken in the Mail Cart when there is room for it, and when the cart is not fully laden, but all such extra luggage must be paid for at the ordinary Banghy Parcel rates. Extra luggage can be forwarded separately by Bullock Train at the ordinary Bullock Train rates.

(8).—All baggage taken by a passenger in the Mail Cart (whether free or chargeable) is considered as in his charge and at his risk, and all such baggage must be weighed at the Post Office before the pass is given or the cart allowed to start. Postmasters giving passes are responsible for the observance of this rule.

(9).—The pass given will state the place of departure and destination of the traveller, as well as the extra baggage (if any) allowed to be taken, and the amount paid for it. The pass must be shown to any Post Office Official who demands it, and must be given up to the Postmaster or other Post Office Official at the end of the journey. The Postmaster at the place of arrival or at any other place is empowered to have the luggage of a passenger weighed and compared with the pass.

Special Shigrams (four-wheeled).

(10).—Special Shigrams may be engaged between any of the places mentioned in Rule (11), but full fares will have the preference, and engagements can be made for short distances only under such conditions as may from time to time be laid down. No engagement will be recognized until the fare is paid.

(11).—The fare for a special Shigram is at the rate of one rupee per mile, the charges between the several stations being as follows:—

	Rs.	
From Caragola to—		
Purneah	28	The fares in the opposite direction are the same.
Kissengunge	68	
Titalyah	108	
Silligory	124

Titalyah	80	
Silligory	96	
From Kissengunge to—		
Titalyah	40	
Silligory	56	
From Titalyah to—		
Silligory	16	

(12).—The maximum weight allowed to be carried in a special Shigram is (5) five maunds, each adult person (over 12 years old) being reckoned as equivalent to 2 maunds, and each child (under 12 years old) being reckoned as equivalent to (1) one maund. Thus, a single traveller engaging a special Shigram may take with him (3) three maunds of luggage, but if two adult persons travel only (1) one maund of luggage can be taken. A child under (3) three years of age travelling with its parent or guardian in a special Shigram will not be reckoned in the calculation of weight, but if two or more such children be taken each child in excess of one will be calculated as above.

(13).—Applications for special Shigrams should be addressed to the Postmaster of the Purneah or Darjeeling Post Office, the particular day when it is desired being stated. Only one special Shigram can be supplied daily, so that early application is advisable. No Shigram will be allowed to start till the lapse of at least 20 hours after the departure of the previous Shigram.

(14).—Fares must be paid in advance, and a pass will be given on payment showing the place and date of departure, and the destination of the Shigram and the amount paid for it. The pass must be shown to any Post Office Official demanding it, and must be given up at the end of the journey. Fares paid will not be returned when the Shigram is not used, except under the special orders of the Postmaster General of Bengal.

(15).—Passengers proceeding by special Shigram between Caragola and Silligory may halt for a period not exceeding (6) six hours at any intermediate place.

(16).—Passengers' baggage must be weighed at the Post Office before the Shigram is allowed to start, and any demand for re-weighment, either at an intermediate station or at the place of destination, must be admitted. Any excess luggage actually conveyed in contravention of rules will be chargeable at ordinary Banghy rates.

Miscellaneous.

(17).—All complaints against the road establishment should be made to the Postmaster or Mail Superintendent.

(18).—A breach of any of these rules renders the traveller liable to forfeiture of fare and loss of passage, in addition to any other notice of the breach which may be necessary.

(19).—Passengers must not interfere with the greasing, examining, &c., of the vehicle while in transit.

Seats can be booked under this rule at any Post Office on the line.

(2).—A passenger travelling by ordinary Mail or Parcel Cart must start from the Post Office compound, as the Mail or Parcel Carts are not allowed to go to the residences of individuals travelling by them.

(3).—For the convenience of passengers, the Parcel Cart stops one hour at Seonee Dâk Bungalow, half an hour at the Dâk Bungalow at Deolapar, and half an hour at the Dâk Bungalow at Doomah; but the Mail Cart will not stop, except for the purpose of greasing wheels, at any place in transit.

(4).—Passengers by ordinary Mail or Parcel Cart may halt at any places on the road, and be taken on by the following day's cart *if the seat is vacant.* Parties intending to halt should notify their intention when engaging their seats.

(5).—The fare for a seat in a Mail or Parcel Cart is two and a half annas per mile, or for the whole distance from Jubbulpore to Nagpore, or *vice versâ*, Rs. 25.

(6).—Fares must be paid in advance, and the seats taken for the Mail or Parcel Cart of a particular day. Fares once paid will not be returned even when the seat may not be availed of except in the case of its being found to be occupied by a traveller from the rear, or of its not being available owing to the weight of the mails.

(7).—No dogs or animals can be taken in the Mail or Parcel Carts.

(8).—Each passenger is allowed ten seers of baggage free. Extra luggage may be taken in the cart when there is room for it, and when the cart is not fully laden, but all such extra luggage must be paid for at ordinary Banghy Parcel rates.

(9).—All baggage taken by a passenger in the cart (whether free or chargeable) is considered as in his charge and at his risk, and all such baggage must be weighed at the Post Office before the pass is given or the cart allowed to start. Postmasters giving passes are responsible for the observance of this rule.

(10).—The pass given will state the place and date of departure and destination of the traveller, as well as the extra luggage (if any) allowed to be taken, and the amount paid for it. The pass must be shown to any Post Office Official who demands it, and must be given up to the Postmaster or other Post Office Official at the end of the journey. The Postmaster at the place of arrival or at any other place is empowered to have the luggage of a passenger weighed and compared with the pass.

(11).—For extra baggage sent separately by Bullock Cart, see Rule (30).

Special conveyances, viz.—Carts (two-wheeled) with hoods, drawn by horses, or Carriages (four-wheeled) drawn by horses.

(12).—Special conveyances may be engaged between Nagpore (or Kamptee) and Jubbulpore, or between those places and Seonee, but full fares (*i. e.*, for the whole distance) will have the preference, and engagements can be made at Seonee only under such conditions as may from time to time be laid down and exhibited in the Seonee Post Office.

(13).—The fare for a special cart between Nagpore (or Kamptee) and Jubbulpore is Rs. 80 and Rs. 100 for a special carriage. Half the above amounts are charged between those places and Seonee.

(14).—The maximum weight allowed to be carried in a special conveyance is (5) five maunds, each adult person travelling being reckoned as equivalent to (2) two maunds, and each child under 12 years old being reckoned as equivalent to (1) one maund. Thus, a single traveller taking a special conveyance may take with him (3) three maunds of luggage, but if two adult persons travel, only (1) one maund of luggage can be taken. Not more than two passengers are allowed in a special conveyance.

(15).—Fares must be paid in advance, and a pass will be given on payment showing the place and date of departure, the destination of the conveyance, and the amount paid for it. A copy of the preceding rule will be entered on every such pass. The pass must be shown to any Post Office Official demanding it, and must be given up at the end of the journey. Fares paid will not be returned when the conveyance is not used, except under the special orders of the Chief Inspector of Post Offices.

(16).—Passengers proceeding by special conveyance between Nagpore (or Kamptee) and Jubbulpore may halt at intermediate places for a period or periods not exceeding in the aggregate 12 hours, which will allow of a night's rest of 10 hours at Seonee, and of a halt of one hour at each of two other bungalows (*e. g.*, Deolapar and Lucknadown), and passengers proceeding to or from Seonee may halt for a period or periods not exceeding six hours in the aggregate.

(17).—Passengers proceeding by special conveyance must pay the tolls which at present are (4) four annas at each of the two rivers,—Nerbudd (near Jubbulpore) and Kanhan (near Kamptee).

(18).—The coachman or any other Official may cause the luggage taken in a special conveyance to be weighed at any Post Office, whether at the place of departure or arrival, or at an intermediate station, and any excess over the prescribed limit must be reported. Any such excess luggage, actually conveyed in contravention of rules, will be charged at Banghy Parcel rates.

(19).—Special conveyances will be sent to the residences of intending travellers, if within reasonable distance from the Post Office of the station of departure, and will proceed under like conditions to the residences at which passengers wish to be set down at the end of the journey. Any detention at the place of departure exceeding half an hour will be reckoned as a stoppage under Rule (16), and if such detention exceed two hours, the conveyance will be taken back to the Post Office.

(20).—For extra luggage sent separately by Bullock Cart, see Rule (30).

Bullock Bandies (two-wheeled) and Bullock Carriages (four-wheeled).

(21).—*Bullock Bandies and Bullock Carriages* may be engaged between Nagpore (or Kamptee) and Jubbulpore, or between those places and Seonee, but full fares (*i. e.*, for the whole distance) will have the preference, and engagements can be made at Seonee only under such conditions as may from time to time be laid down and exhibited in the Seonee Post Office.

(22).—The fare between Nagpore (or Kamptee) and Jubbulpore is Rs. 42 (for a bandy), and Rs. 75 (for a carriage), and half those amounts between those places and Seonee.

(23).—The maximum weight allowed to be carried in a Bullock Bandy or Carriage is (8) eight maunds, each adult person travelling being reckoned as equivalent to (2) two maunds, and each child under 12 years old being reckoned as equivalent to (1) one maund. Thus, a single traveller taking a Bullock Bandy or Carriage may take with him (6) six maunds of luggage, but if two adult persons travel, only (4) four maunds of luggage can be taken; if three adult persons travel, only (2) two maunds can be taken, and if four adult persons travel, no luggage can be taken.

A copy of the preceding rule will be entered on every such pass. The pass must be shown to any Post Office Official demanding it, and must be given up at the end of the journey. Fares paid will not be returned when the bandy or carriage is not used, except under the special orders of the Chief Inspector of Post Offices.

(25).—Passengers proceeding by Bullock Bandy or Carriage between Nagpore (or Kamptee) and Jubbulpore, may halt at intermediate places for a period or periods not exceeding in the aggregate 18 hours, which will allow either of two nights' rest at intermediate bungalows or of stoppages of (say) six hours on each of three days. The time taken in actual travelling will ordinarily be about 54 hours, which, with stoppages aggregating 18 hours, will make the total period of transit 72 hours, or three days and three nights.

(26).—Passengers proceeding by Bullock Bandies or Carriages must pay the tolls, which at present are (4) four annas at each of the two rivers,—Nerbudda (near Jubbulpore), and Kanhan (near Kamptee).

(27).—The coachman or any other Post Office Official may cause the luggage taken in a Bullock Bandy or Carriage to be weighed at any Post Office, whether at the place of departure

or arrival, or at an intermediate station, and any excess over the prescribed limit must be reported. Any such excess luggage actually conveyed in contravention of rules will be charged at three times the rate mentioned in Rule (30).

(28).—Bullock Bandies or Carriages will be sent to the residences of intending travellers if within reasonable distance from the Post Office of the station of departure, and will proceed under like conditions to the residence at which passengers may wish to be set down at the end of the journey. Any detention at the place of departure exceeding half an hour will be reckoned as a stoppage under Rule (25), and if such detention exceed two hours, the conveyance will be taken back to the Post Office.

(29).—For extra luggage sent separately by Bullock Carts, see Rule (30).

Miscellaneous.

(30).—Passengers may send extra luggage between Nagpore (or Kamptee) and Jubbulpore, or between those places and Seonee, by separate Bullock Cart conveyance, for which they will be charged at the rate of Rs. 3 per maund between Nagpore (or Kamptee) and Jubbulpore, and Rs. 1-8-0 per maund between those places and Seonee. Fractions of less than half a maund will be reckoned as half a maund, and fractions above half a maund as a whole maund. Servants going in charge of baggage will be charged at the rate of two and a half maunds, half a maund being allowed as free baggage to the servant.

(31).—All complaints against the road establishment should be made to the Postmaster or Mail Superintendent.

(32).—A breach of any of these rules renders the traveller liable to forfeiture of fare and loss of passage in addition to any other notice of the breach which may be necessary.

(33).—Passengers must not interfere with the greasing, examining, &c., of the vehicle while in transit, nor in any way detain the mails or mail carts even for the shortest time.

POONA AND HURRYHUR LINE.

The rules regulating the conveyance of passengers on the Poona and Hurryhur line are as follow :—

Passengers by Ordinary Mail Cart.

(1).—The "Main Stations" are those noted below, *viz.* :—

POONA—	
Sattara	70 miles.
Kolapore	76 "
Belgaum	70 "
Dharwar	48 "
Bunkapore	48 "
Hurryhur	48 "

(2).—One seat will be allowed in the ordinary Mail Cart if the weight of the mails admit of a passenger proceeding by it, and if not required for postal service.

(3).—A seat can be booked beforehand on the above condition at any of the main Offices. Seats can be booked only as far as the next main station. Seats will not be booked beforehand for any place short of the next main station, except on payment of the full fare up to the next main station, but should no full fare be tendered up to the time of starting, the passenger can take his seat on payment of the fare for the distance up to the intermediate station.

(4).—A passenger wishing to proceed from an intermediate station (*i. e.*, not a main station) can book his passage beforehand only at the main station next in rear paying the full fare, and in such case, the Postmaster of the main station will make the necessary communication to the intermediate Post Office from which the traveller desires to start. Should a Mail Cart, however, pass an intermediate station with the seat vacant, it can be taken up on payment of the fare for the distance from the intermediate station to the next main station.

(5).—A passenger travelling by ordinary Mail Cart must start from the Post Office compound, as the Mail Carts are not allowed to go to the residences of individuals travelling by them.

(6).—A passenger by ordinary Mail Cart may halt at a place on the road and be taken on by the following day's cart *if the seat is vacant.* Parties intending to halt should notify their intention when engaging their seats.

(7).—The fare for a seat in a Mail Cart is two and a half annas per mile.

(8).—Fares must be paid in advance, and the seat if booked must be booked for the Mail Cart of a particular day. No seat will be considered as engaged until the full fare has been paid. Fares once paid will not be returned even when the seat may not be availed of, except in the case of its not being available owing to the weight of the mails or otherwise.

(9).—Each passenger is allowed 10 seers of luggage free. Extra luggage may be taken in the cart when there is room for it, and when the cart is not fully laden, but all such extra luggage must be paid for at ordinary Bangby Parcel rates.

(10).—All baggage taken by a passenger in a Mail Cart (whether free or chargeable) is considered as in his charge and at his risk, and all such baggage must be weighed at the Post Office before the cart starts.

Express or Special Carts.

(11).—Express or Special Carts may be engaged at any of the main stations mentioned in Rule (1) on payment of the full fare.

(12).—The fare for an Express or Special Cart is 8 annas a mile for one seat, and 12 annas a mile for two seats.

(13).—When one seat is taken 40 seers of luggage are allowed, and when two seats are taken 60 seers of luggage are allowed. When two seats are paid for but only one person travels in the cart, two and a half maunds of luggage are allowed.

(14).—Fares must be paid in advance, and no cart can be considered as engaged until the fare is paid. Fares paid will not be returned when the cart is not used, except under the special orders of the Postmaster General.

(15).—Passengers proceeding by Express or Special Cart can obtain leave to halt within reasonable limits by naming the places and periods of halt when engaging the cart.

(16).—No Express or Special Cart will be given while the Overland Mail is in transit, or for 24 hours after the last cart, carrying any portion of the Overland Mail, has passed the Office. More than one Express or Special Cart will not be allowed to leave any Post Office within the 24 hours.

LINES IN THE NORTH-WESTERN PROVINCES.

The rules regulating the conveyance of passengers on the lines of the North-Western Provinces are as follow. The lines are (1) Cawnpore to Jhansie, (2) Etawah to Futtehgurh, Bareilly, and Raneebagh (at foot of Nynee Tal Hills), (3) Agra to Jeypore, and (4) Agra to Gwalior, Indore, and Khundwa :—

Passengers by Mail Cart.

(1).—More than one Express Mail Cart will not be allowed to leave any Post Office within the 24 hours.

(2).—The fare for one seat by Express Mail Cart is at the rate of 8 annas a mile, and for two seats 12 annas a mile; the weight of baggage allowed for one seat is 40 seers, for two seats 60 seers.

(3).—More than two seats in an Express Mail Cart will not be given.

(4).—The fare for a seat in the ordinary Mail Cart is at the rate of two and a half annas a mile.

(5).—One seat only in the Ordinary Mail Cart will be allowed, and a seat can only be booked beforehand on condition that the weight of the mails in the cart will admit of a passenger proceeding by it, and that the seat is not already occupied by a traveller from the Office in rear.

(6).—The weight of baggage allowed to a traveller by the Ordinary Mail Cart, free of charge, will be 10 seers.

(7).—The fare for a seat, whether by the Ordinary or an Express Mail Cart, must be paid before the traveller starts, and the receipt obtained must be produced when required for inspection by any Official in charge of a Post Office or otherwise authorized to require it.

(8).—All baggage taken by travellers proceeding either by Express or the Ordinary Mail Cart must be weighed at the Post Office before the receipt is given and the cart allowed to start.

(9).—No charge will be made for a child in arms under two years of age; if above this age the charge will be the same as for an adult passenger.

(10).—Any baggage above the prescribed weight by the Ordinary or Express Mail Cart will be charged at the Banghy Parcel Postage rates, and no traveller will be allowed to carry more than 11 seers extra baggage.

(11).—Postmasters will be responsible that baggage in excess of that sanctioned is not taken free of charge by any traveller by Mail Cart Dâks.

(12).—Travellers engaging seats in Ordinary Mail Carts must be prepared to start from the Post Office compound, as the carts will not be sent to the residences of the passengers. Express Carts engaged specially may be occasionally sent to residences, but an Ordinary Mail Cart can *never* be sent.

(13).—A fare once paid cannot be refunded, unless the accommodation secured is not available owing to the seats being occupied from a station in rear, or to the weight of the mails preventing the occupation of the seat. A cart or a seat cannot be considered as engaged until the fare be paid.

(14).—Travellers proceeding with the mail are expressly prohibited from detaining the mail on the road. If they wish to halt at any intermediate station, they are at liberty to do so, on the understanding that they must wait for the mail of the following day, when, if not occupied by passengers, they may resume their journey, but in such cases, the permission of the Postmaster of the Office where the dâk is engaged must be previously obtained.

(15).—Travellers are enjoined to be careful not to abuse or maltreat the road establishments; any irregularity or want of care on the part of the establishment that comes under the observation of travellers or others should be reported to the Superintendent of the Establishment, or to the Postmaster General, when an inquiry will be instituted and the parties in fault punished.

(16).—No dogs or birds or animals of any description will be allowed in the carts.

Passengers by Parcel Van.

(17).—On lines where Parcel Vans (four-wheeled) are run, passengers will be conveyed in them at the charge of one anna a mile for a single seat whenever the weight of parcels will admit; the number of passengers is limited to four.

(18).—The charge for a child occupying a seat will be the same as for an adult; no charge will be made for a child in arms and under two years of age.

(19).—No dogs or birds or animals of any description will be allowed in the van.

(20).—Each passenger is allowed to take 15 seers of baggage (at his own risk) free of charge, and if any extra baggage be taken, it must be charged at Banghy rates.

(21).—The van being established primarily for parcels, Postmasters have a discretionary authority to reduce the number of passengers, or to prevent any one travelling by it, should they see fit on account of the weight of parcels.

(22).—The average rate of travelling will ordinarily be six miles an hour on metalled roads.

(23).—A passenger engaging a seat by the van must enter his name in a book kept for the purpose at each Post Office, and payment must at the same time be exacted, when a receipt for the fare will be given to the passenger, otherwise it will not be considered that a seat has been engaged.

(24).—A seat by the van when once engaged cannot be countermanded without incurring the forfeiture of the whole fare.

PUNJAB MILITARY HORSE VAN DAK.

The rules regulating the conveyance of passengers by the Punjab Military Horse Van Dâk are given below :—

(1).—The head quarters of the Superintendent of the Van Dâk are at Rawul Pindee.

The lines of road and Booking Offices are as follow, *viz.* :—

Lines.		*Booking Offices.*
Lahore and Meean Meer to Peshawur ...	Four-wheeled vans ...	Lahore, Rawul Pindee, Nowshera, and Peshawur.
Lahore and Ferozepore	Ditto ...	Lahore and Ferozepore.
Jullundur to Loodianah	Ditto ...	Jullundur and Loodianah.
Rawul Pindee to Murree (open during summer)	Hill Carts ...	Rawul Pindee and Murree.
Wuzeerabad to Sealkote (open during winter) ...	Carts and vans ...	Wuzeerabad and Sealkote.

Annexed is a schedule of fares, and also a list of stages, bungalows, &c., on each of the above-mentioned lines :—

(2).—The accommodation offered to the public is of two kinds, *viz.* :—

1*st.*—An "express," *i. e.*, a special vehicle engaged by a traveller or party of travellers starting so far as possible at the hour desired by the traveller, and allowed to halt on the road at his option to the extent noted in Rule (12).

2*nd.*—A seat or seats in an "ordinary," *i. e.*, a vehicle carrying mails starting generally at a fixed hour on each day, and travelling right through without any detention except for the purpose of greasing wheels and receiving and delivering mails.

Expresses.

(3).—The charge shown for an *Express Van* in the schedule is subject to the condition that not more than 8 maunds are carried, each adult person (over 12 years of age) being reckoned as equivalent to 2 maunds, each child (from three years to 12 years of age) as equivalent to 1 maund, and children under three years of age not being calculated. Any weight over 8 maunds will be charged at the rate of 5 Rupees per maund for the whole distance, but no carriage may be laden with more than 10 maunds.

(4).—The charge for an *Express Cart* in the schedule is subject to the following conditions in respect of luggage, *viz.*, for one seat, 1 maund : for two seats, one maund each, or 2 maunds in all : for three seats, ½ maund each, or 1½ maunds in all. When only one seat is taken, the traveller may carry extra luggage to the extent of 4½ maunds, paying for it at the rate of 2 annas a mile for every 1½ maund or fraction thereof. When only two seats are taken, the traveller may carry extra luggage to the extent of 1½ maunds, paying for it at the rate of 2 annas a mile.

(5).—The total number of passengers (children above three years of age and native servants included) must not exceed four in any one Express Van and three in any one Express Hill Cart,

(6).—A "station fare" is charged in addition to the rates mentioned in Rule (3) in all cases in which the Express is sent to the traveller's residence before starting, and it entitles the traveller to be conveyed, if desired, to his residence at the station of destination. The station fare is 12 annas.

(7).—When a traveller by Express desires to start from his residence, the conveyance will be sent to it half an hour previous to the time fixed for despatch, and when ready for departure, will be driven to the Post Office, in view to the baggage and number of travellers being checked by the Booking Office. After the realization of any sum which may be due for extra weight, a printed receipt will be given to the traveller.

(8).—All baggage is regarded as in the traveller's own charge and at his own risk, and all such baggage must be weighed at the Post Office before the pass is given or the carriage allowed to start.

(9).—On the Lahore and Peshawur line, where there are intermediate Booking Offices, travellers cannot ordinarily be booked beyond the next onward Booking Office, but those wishing to be booked for a greater distance may communicate with the Superintendent (Rawul Pindee), who will endeavour to meet their wishes.

(10).—Dâks for short distances, *i. e.*, for any station nearer than the terminus or next onward Booking Office, can be booked beforehand only on payment of the full charge to the terminus or next onward Booking Office; but if there be no application for a through dâk up to one hour before the time when it is available, a dâk for a shorter distance may be obtained on payment of the prescribed mileage rate for the actual distance.

(11).—Fares must be paid in advance, and when paid will not be returned (even though the dâk be not availed of on the day for which it was booked), except on very strong grounds, and under special application made through the Superintendent to the Postmaster General.

(12).—Travellers by Express are allowed to halt on the road according to their own convenience, provided that in no case must the period of halting during the entire trip between any two Booking Offices exceed 12 hours. Any further detention on the road will disorganize the arrangements of the line, and cause delay and inconvenience to travellers in rear.

(13).—Travellers by Express wishing to use their own carriages can do so, provided that such carriages are considered by the Postmaster of the Booking Office to be in every respect suitable for the horses of the line. Such conveyances must be driven by coachmen of the department, and all the rules as to baggage, number of travellers, halts, &c., must be adhered to. The fare will be the same as when the carriage is supplied by the department.

(14).—Travellers are enjoined to be careful not to abuse or maltreat the road establishment. Any irregularity or incivility on the part of the establishment should be at once reported to the Superintendent (Rawul Pindee), or direct to the Postmaster General (Lahore), when immediate enquiries will be made and the parties in fault punished.

Seats in Ordinaries.

(15).—Extra baggage by *Ordinary* or *Banghy Van* beyond the amounts specified in the schedule can only be taken if the full number of seats have not been engaged up to 15 minutes before the time of starting, and in that case the vacant seat or seats may be taken up for luggage, each extra seat so taken entitling the passenger to carry 1½ maunds of extra luggage. The charge for such extra seats will be at the rate of 1½ annas per mile by Ordinary Van or Banghy Van and 2 annas per mile by Ordinary Hill Cart.

(16).—No more than four passengers can be allowed to travel in any one Ordinary Van and no more than three passengers in any one Ordinary Hill Cart.

(17).—Inside passengers by Ordinary wishing to be taken up at their residences can have a station conveyance sent for them in time to bring them to the Post Office 15 minutes before the Ordinary starts; but this can only be done at Booking Offices, where station conveyances and horses are available.

The charge will be 6 annas for each inside passenger, and the payment will entitle the passenger to be driven in like manner to his residence at the station of destination, provided it is a Booking Office where station conveyances and horses are available.

(18).—Offices at intermediate stations (*i. e.*, where there are no Booking Offices) may grant seats by ordinary to the next Booking Office to such extent as they may be available; but no promise of a seat can be made till the actual arrival of the Ordinary.

(19).—The following rules regarding Expresses apply also to the Ordinaries, *viz.* :—

RULE 8.—Baggage at risk of passengers and must be weighed at Post Office.

RULE 9.—Travellers on Lahore and Peshawur line not to be booked beyond next onward Booking Office except under special arrangements.

RULE 10.—Dâks for short distances not to be booked beforehand except on payment of fare for entire distance, and not to be given without such payment unless no application for a through dâk is received up to one hour before time of starting.

RULE 11.—Fares to be paid in advance and not to be returned.

RULE 12.—Passengers not to maltreat road establishment and to report irregularities.

(20).—Travellers are particularly cautioned against detaining the Ordinary, as they thereby detain the mails and render themselves liable to penalty under the Post Office Act. Any traveller detaining an Ordinary will also be liable to pay for the whole journey at Express rates.

(21).—Dogs, birds, &c., can be conveyed by travellers proceeding by Ordinary in their own charge and at their own risk at the rate of 1 anna per mile for each dog or bird, provided that there is room for them, and that other passengers are not inconvenienced thereby.

XII.—Money Orders.

(1).—The Money Order Offices in India are not under the control of the Post Office Department, but under that of the Controller General of Money Order Offices.

(2).—Orders are issued and paid at most Offices from 10 in the morning till 4 in the evening.

(3).—The following are the rates of commission charged on Money Orders issued, *viz.*:—

	Rs.	A.	P.	Rs.	A.	P.	
On sums not exceeding	10	0	0	0	2	0	No order can be granted for more than Rs. 150.
Ditto ditto	25	0	0	0	4	0	
Ditto ditto	50	0	0	0	8	0	
Ditto ditto	75	0	0	0	12	0	
Ditto ditto	100	0	0	1	0	0	
Ditto ditto	125	0	0	1	4	0	
Ditto ditto	150	0	0	1	8	0	

(4).—The following form shows the information which should be given in applying for a Money Order, *viz.*:—

Money Order required.

For Rs._____ As._____

Payable at_____

To whom_____

Name of remitter_____

Address of ditto_____

The_____ 18_____

(5).—The following rules and instructions are printed on each Money Order, *viz.*:—

Payment of this Order must be obtained before the end of the fourth calendar month after that in which it was issued (for instance, if issued in January, it must be paid before the end of May), otherwise a new Order will be necessary, for which a second commission will be charged. And if the Order be not paid before the end of the twelfth calendar month after that in which it was issued (for instance, if issued in January, and not paid before the end of next January), all claim to the money will be lost. *After once paying a Money Order, by whomsoever presented, the Office will not be liable to any further claim.*

If this form be clipped or mutilated there may be difficulty as to paying it.

For the issue of a Duplicate Money Order, for the alteration of name of the Payee or Remitter, or for the transfer or repayment of an Order, an additional commission is charged, which must be paid in cash to the local Agent accompanied by an application to the Controller of the Money Order Office, which must be delivered to the Money Order Agent for transmission to the Controller.

For stopping payment of an Order, the same fee must be sent to the Controller of the Chief Money Order Office; when the same letter includes application for the stoppage of payment, repayment to the Remitter, renewal of the Order, &c., &c., a separate fee is charged for each service.

To save time and prevent errors, the public are advised to furnish in writing to the Issuing Officer, at the time of application, the full particulars of every Money Order required, and to ascertain, before quitting the Issuing Office, that the Order corresponds with these particulars.

The receipt on the other side must be signed in the manner there described.

Whoever presents the Order for payment, whether the rightful owner or otherwise, must give full information as to the Name, Surname, and Address of the party who originally obtained it, unless such party be a Firm, when the name of the Firm, together with its Address and Occupation, will suffice. *The only exception to this rule* is, when the Order is presented through a Bank of the town upon which it is drawn, in which case it will suffice that the Order being properly signed, he also crossed with the Banker's name.

These regulations have been laid down to secure, as far as practicable, that payment be made to the rightful party, and all Officers have been instructed to enforce them so far as a due regard to public convenience will permit.

As, however, *after once paying a Money Order, by whomsoever presented, the Office will not be liable to any further claim,* the public are strictly cautioned—

To take all means to prevent the loss of the Money Order.

Never to send the Money Order in the same letter with the information required on payment thereof.

To be careful, on taking out a Money Order, to state correctly the name of the person in whose favor it is to be drawn.

To see that the Name, Address, and Occupation of the person taking out the Money Order are correctly known to the person in whose favor it is drawn.

Neglect of these instructions will risk the loss of the money, besides leading to delay and trouble in obtaining payment.

XIII.—Telegraph Department.

INLAND MESSAGES.

The following experimental Tariff and Rules will from the 1st March 1870 govern the transmission of messages in India, Ceylon, and British Burmah :—

General.

(1).—The accuracy of messages is not guaranteed, and the sender and receiver must accept all risks arising from non-delivery, errors, or delays.

Classes of Offices and Office hours.

(2).—Telegraph Stations are divided into three classes—1*st*, those performing permanent day and night duty; 2*nd*, those performing full day duty; and 3*rd*, those of limited day duty.

Except on the days stated in clause 3, stations in the 1st class are open day and night for the reception and transmission of messages.

Stations of the 2nd class are open from 7 A. M. till 9 P. M.

Stations of the 3rd class are open from 10 A. M. till 5 P. M., and on Sundays and the holidays enumerated in the next clause from 7 A. M. to 8 A. M., and from 4 P. M. to 6 P. M.

Hours of business limited on Sundays and Holidays.

(3).—All Offices will be closed to the public between the hours of 8 and 16 (4 P. M.,) local time on Sunday, Christmas Day, New Year's Day, Good Friday, and the Queen's Birth-day.

Proper names, titles, &c.

(24).—Proper names of towns and persons, names of places, streets, ships, titles, Christian names, prefixes and qualifications, are counted for the number of words employed to express them.

Every separate character, including an underline, charged as a word.

(25).—Every *separate* character, whether letter or figure, is counted as a word. The same applies to an underline.

Signs of punctuation.

(26).—Signs which the instruments express by a single signal (signs of punctuation, hyphens, apostrophes, inverted commas, parenthesis, fresh paragraph) are not counted. But decimal points, commas, and bars of division, used with figures, are each counted as a figure.

Signs used to separate groups in cipher messages are counted each as a figure or letter, unless the sender expressly desires that they be not transmitted.

Charges for figures.

(27).—When numbers are expressed in figures in ordinary messages, each group of five or fewer figures is counted as a word; letters added to figures to form ordinal numbers are each counted as a figure.

Method of counting cipher messages.

(28).—In cipher messages, the parts in cipher must consist exclusively of Arabic figures or of letters of the alphabet, and be placed between parenthesis, separating them from the rest of the message. All the characters, figures, letters, or signs employed in the cipher text are added together, the total divided by five, and the quotient, plus one for the remainder, if there be any, gives the number of words the ciphers represent.

All words to be transmitted charged for.

(29).—All that the sender writes in his message to be transmitted is included in the cost but in the address of a message, as defined in clause 21, three words will be charged as one word.

Date and time of receipt added by the department and transmitted FREE.

(30).—The day, hour and minute of receipt of a message into a Telegraph Office for despatch are in every instance added by the department, and telegraphed free of charge. Senders may, however, date their messages if they think fit; but the sender's date, if given, will be charged for, and, to avoid confusion with that given by the department, will, if written at the beginning, be transferred to the end of the message.

Multiple messages charged as separate messages.

(31).—A message addressed to several persons, or to the same person in localities where delivery is to be effected by different offices, is charged for as so many separate messages.

Multiple messages charged as one message.

(32).—A message addressed to several persons in one locality, or to the same person at several places of residence in one locality, with or without retransmission by Post, is charged for as a single message, but a copying fee of four annas, independently of postage, if any, is charged for each destination after the first.

Registration of Messages

(33).—The sender of any message has the power of registering it.

Charge for registration.

(34).—The charge for registering is equal to the charge for the message. A registered message is indicated by the word "*recommandée*" which, to ensure the greatest accuracy, is telegraphed both in the official instructions and as the first word of the text of the message. The former is sent free, the latter charged for.

Treatment of registered messages.

(35).—When a message is registered, the different stations employed in its transmission collate it a it passes by, repeating it to each other integrally, and the terminal station, immediately after the delivery of the message, despatches a telegram to the sender announcing the exact time at which it reached its destination. If the message cannot be delivered, the return telegram indicates the circumstances which prevented delivery, and, if possible, gives the information necessary to enable the sender to cause his message t reach its destination.

Priority of return message.

(36).—The return message has priority in transmission over other messages of the same rank.

The return message can be sent to any station.

(37).—The sender of a registered message can have the return message addressed to him at any station by giving the necessary instructions.

The words necessary to convey these instructions will be considered as part of the message, and charged for accordingly.

Prepaid replies.

(38).—The sender of a message can prepay a reply. He must add the words "reply paid" or "answer paid." These must form the concluding words of the message, and will be signalled and charged for. The sender can add to the words "reply paid" or "answer paid" the cost to which he wishes the reply to be limited on paying the corresponding amount. When the words "reply paid" alone are given, without any specified amount, it will be understood that one rupee only has been prepaid. The terminal station pays to the receiver, in Telegraph Stamps, the amount prepaid, leaving it to him to send his answer how and when he pleases, or not to send one at all. The reply is considered in every respect as a fresh message

No unpaid message to be despatched under penalty.

(39).—No unpaid messages, except those specified in the Departmental Regulations, shall on any account be transmitted. A violation of this rule will subject the Signaller or Telegraph Master in charge of the Station from which a message is improperly sent to dismissal from the public service.

Free delivery within five miles of a Telegraph Station.

(40).—Peons will deliver messages free of charge at any place within five miles of a Telegraph Station. Beyond this distance, messages will be sent by Post, or by such other means as the sender may arrange and pay for.

Words necessary to explain delivery are charged for.

(41).—Any additional words that may be necessary to explain the delivery of a message when its destination is more than five miles beyond the nearest Telegraph Station, will be considered as part of the message, and charged for accordingly.

Charge for re-addrsssing a message.

(42).—Should the addressee of a message leave the station to which it is addressed, and it be sent on by Telegraph to some other station, an additional charge of one rupee for every ten words of message in ordinary English language, and of two rupees for every ten words of message not in ordinary English language, must be paid by the addressee for every extra address before the telegram is delivered to him.

Messages addressed to non-telegraph stations.

(43).—Messages can be addressed to places where there are no Telegraph Stations. In such cases, the sender must state from what Telegraph Station the message should be posted.

Example.—To Kalka, "Post Umballa," or Kalka, "Post Kussowlie." To Gudduck, "Post Dharwar," or Gudduck, "Post Bellary." These extra words will be charged for, but no charge will be made for inland postage, the cost of which is defrayed by the Telegraph Administration.

If the sender of a message that has to be delivered by Inland Post wishes it to be sent to destination by registered Post, he must prepay the postal registration fee of four annas, and intimate that this has been done by placing the words "Post registered," instead of "Post," before the name of the Telegraph Station which is to post the message. These words will be charged for.

Charges on Service messages.

(44).—Service messages from all public functionaries must be paid for in cash or in stamps prior to despatch; the rates are the same for service messages as those charged to private individuals. The only exceptions to this rule are enumerated in special printed instructions issued to each office.

Service messages take their turn for despatch with private messages.

(45).—Service messages have no right of precedence, and take their turn of despatch with private messages, except in cases of pressing public emergency and importance, when priority may be claimed on special grounds.

"Clear the line" messages.

(46).—On certain emergent occasions of great importance, the public functionaries named below have the power of "clearing the line," that is, to suspend the receipt and despatch of all other messages until the one for which the line is "cleared" is passed on:—

(1.) The Governor General of India.
(2.) The Governors of Madras, Bombay, and Ceylon.
(3.) Commanders-in-Chief, India, Madras, and Bombay.
(4.) Lieutenant Governors of Bengal, North-Western Provinces, and the Punjab.
(5.) Secretaries to the Government of India.
(6.) Secretaries to the Governments of Madras, Bombay, Bengal, North-Western Provinces, and Punjab.
(7.) Chief Commissioners of Oudh, the Central Provinces, British Burmah, Mysore, and Coorg.
(8.) Agents to the Governor General, Rajpootana and Central India.
(9.) Commissioners of Sind and Peshawur.
(10.) Director General of Telegraphs in India.
(11.) The Resident at Hyderabad, (Deccan).

The messages so sent are, however, to be paid for in cash or in stamps, as other service messages.

Under no circumstance is a refund given for a non-registered message.

(47).—No refund will be made for a message delivered wholly or partially in an unintelligible state (or for late delivery, mis-delivery, or non-delivery of a message) unless it be registered (*recommandée*). Applications for refunds, as also all complaints respecting messages, should be addressed to the Telegraph Check Office, Calcutta.

Conditions of refund in the case of a registered message.

(48).—If a registered message be delayed or mutilated to such an extent as to be manifestly unable to fulfil its object, the whole charge made for it will be returned to the sender.

Not admissible when a message is cancelled at the sender's request.

(49).—If the sender of a message wishes to cancel it before transmission has commenced, he can do so; but the charges upon it will not be returned when once the stamps are obliterated. If the message is in course of transmission, or has already been despatched, it can only be cancelled by a paid message from the sender to the Telegraph Master of the terminal station. If in addition the sender wishes to be informed by telegraph in what manner his request has been acted upon, he must deposit the cost of the return telegram.

Obligation of secrecy.

(50).—To secure secrecy as much as possible, all persons, including officers of the department not actually on duty, are strictly prohibited from entering the signal-room. Breach of the regulation renders an offender liable to a fine of Rupees one hundred under Act VIII of 1860.

Penalties for divulging the contents of a message.

(51).—Violation of secrecy on the part of any person in the department will be punished by dismissal from office, forfeiture of arrears of pay, and a declaration in the official Gazette of the incapacity of the delinquent to serve the Government in any capacity. Breach of this rule renders the offender liable to the further punishment of fine, or to imprisonment with or without labour not exceeding two years, or to both. It is a violation of secrecy to mention the fact that a message has been received or despatched by any particular person or firm.

Certified copies of messages obtainable by sender and receiver.

(52).—The sender and receiver have a right to be furnished with certified true copies of the messages sent or received by them: a fixed charge of four annas is made for every copy furnished.

As no telegraph office keeps copies of messages longer than three days, applications for copies required after that time has elapsed should be made to the Telegraph Check Office, Calcutta.

Applications for copies must be made within 18 months of the date of the message. At the expiration of that period all message drafts are destroyed.

One anna must be enclosed for postage of the reply, failing which it will be sent "bearing."

INDO-EUROPEAN TELEGRAPH.

The following rules relate to the acceptance, transmission, and general treatment of messages sent by the Indo-European Telegraph :—

Reference to International Convention, Article 4.

(1).—The Government of India recognizes the right of all persons to correspond by means of the Indo-European Telegraph.

Articles 9, 10.

(2).—Messages may be written in English, French, German, Italian, or Latin. The words must, however, be formed of Roman characters.

Article 13.
Regulation IX.

(3).—The sender can prescribe the route he desires his message to follow by writing the word "*viâ*" followed by the name of the country immediately after the address.

The stations on the through line are engaged to conform to the directions given, unless the exigencies of service prevent them.

Manner of writing a Message.

Article 10.
Regulations XXI, XXIII.

(4).—The message to be transmitted must be legibly written in the following form :—

1*st*.—The name and address of the person to whom it is to be delivered.

2*nd*.—Any instructions relative to the route by which it is to be sent, its delivery, its acknowledgment of receipt or the notice of its registration, or of its having to follow.

3*rd*.—The message.

4*th*.—The signature of the sender followed by its legalisation when necessary.

Note.—The name of the station from which a message is originally sent, and the date, hour, and minute at which it is deposited for transmission, are added by the Office and transmitted free to the receiver.

Sufficient Address.

Article 1.. Regulations VI, XIV.

(5).—The address must contain all the information necessary to insure the delivery of the message without difficulty.

The sender in all cases supports the consequences of insufficiency of address. After the message is once sent, he can neither complete nor rectify it, except by sending a new despatch.

Manner of counting a Message.

Articles 35, 36, 37. Regulation XXII.

(6).—All the sender writes to be transmitted enters in the number of words charged for. Put signs of punctuation are not counted, unless used with figures, in which case decimal points, commas, and bars of division are each counted as a figure.

The maximum length of a word is fixed at seven syllables; the excess is counted as a word.

Words joined by a hyphen, or separated by an apostrophe, are counted as so many separate words.

Every separate character, whether letter or figure, is counted as a word. The same applies to an underline.

Proper names of towns and persons, names of places, squares, streets, &c., titles, Christian names, particles and qualifications are counted for the number of words employed to express them.

When numbers are expressed in figures in ordinary messages, each group of five or fewer figures is counted as a word. Letters added to figures to form ordinal numbers are each counted as a figure.

Messages composed of figures or secret letters, or considered as secret messages are counted as follows :—

All the characters, figures, letters, or signs employed in the cypher text are added together. The total is divided by five, and the quotient (plus one for the remainder, if there be any) gives the number of words the cyphers represent.

The signs which separate the groups are counted, unless the sender expressly requests that they be not transmitted.

To obtain the full number of words in the message, the address, signature, and any part of the contents in ordinary language, must be added to the above, counting according to the preceding rules.

Pre-paid Replies.

Article 24. Regulation XVII.

(7).—Any sender desiring a reply can pre-pay it. He must add the words "reply paid" at the end of the message before his signature.

Charge is made for a single rate.

But the sender can add to the notice "reply paid," "two rates," or "three rates," on depositing the corresponding amount. The sum deposited, however, cannot exceed three times the cost of the original message.

The delivery station pays to the receiver the amount deposited, either in money, Telegraph stamp, or by a cheque on the Office, leaving it to him to send his answer at any time by any route and to any address he chooses.

If the original message cannot be delivered, or if the receiver formally refuses the amount deposited for the reply, the delivery station informs the sender of it by a Telegram, which takes the place of the reply.

Registered Messages.

Articles 25, 41, 46.

(8).—The sender of any message has the power of registering it. He writes the word "*dépêche récommandée*" immediately after the address.

When a message is registered, the different stations employed in its transmission collate it as it passes, by repeating it to each other integrally, and the terminal station, immediately after the delivery of the message, despatches a telegram to the sender, announcing the exact time at which it reached its destination. If the message cannot be delivered, the telegram

indicates the circumstances which prevented it, and gives, if possible, the information necessary to enable the sender to cause his message to reach its destination.

The sender can have the telegram addressed to him at any point of the territory of the States which have adhered to the International Telegraph Convention of 1868.

The charge for registering is equal to the charge for the message.

When a registered message is sent by post it is registered, and the postal charges are paid by the terminal station.

Cypher Messages.

Articles 9, 27.
Regulations V, XV.

(9).—Government messages may be expressed in figures or secret letters, either wholly or in part. Telegraph Offices have no control to exercise over them.

Private messages may also be composed of figures or secret letters. In this case, the address and signature must be written in ordinary language. The parts in cypher must consist exclusively of Arabic figures, or of letters of the alphabet, and be placed between parenthesis, separating them from the rest of the message.

Registration is compulsory for a message composed of figures or secret letters, or which is considered as a secret message.

The Department which accepts the message from the sender is judge of the application of the last clause of the preceding paragraph, especially with regard to the toleration accorded to messages relating to exchange or other commercial subjects.

Messages to follow.

Articles 28, 48.
Regulation XIX, XXI.

(10).—Any sender can cause his message *to follow* the receiver to different addresses in the same state or country.

The addresses must be written at the head of the message, with the words *to follow* immediately after them.

The charge is calculated to the first delivery station.

The latter, after presenting the message at its first address, re-transmits it, if necessary, to the second; from the second it is transmitted to the third, and so on to the last address, when requisite.

If the message bears the notice to follow, unaccompanied by successive addresses, the terminal station, after presenting it at the address given, re-transmits it, if necessary, to the address supplied at the residence of the receiver.

The charges for onward transmission from the first delivery station are paid by the receiver.

Multiple Messages.

Articles 29, 44.

(11).—A message may be addressed—

1st.—To several persons in different countries. In this case it is charged for as so many separate messages.
2nd.—To several persons in different localities in the same country, or to one person in different localities in the same country. Charge is made for a single through rate; to this is added as many times the terminal rate of the country as there are addresses, in addition to the first.
3rd.—To several persons in the same place, or to one person at several addresses in the same place. Charge is made for a single message, plus 4 annas for each destination after the first.

Delivery of Messages.

Articles 17, 19, 46.

(12).—Messages addressed to the residence of the receiver or *poste restante,* within the delivery radius of the terminal station, are at once taken to their address.

Messages addressed to place of residence or *poste restante,* beyond the delivery radius, are, according to the instructions of the sender, either sent to their destination by post, or by more rapid means if available.

Messages which cannot be delivered are destroyed at the end of six weeks.

Ordinary messages which have to be sent by post are forwarded as ordinary letters by the terminal station. The postal charges, if any, are defrayed by the receiver, no supplementary charge being made at the sending station.

Postal Charges applicable to Registered Messages and to Messages requesting acknowledgments of receipt.

	Rs.	A.
(13).—For each message to be deposited *poste restante*, or sent by post within the territory of a terminal State ... ... (Article 46.)	0	4
For each message to be sent by post beyond that territory, but within the limits of Europe	0	8
For each message to be sent beyond these limits	1	0

Acknowledgments of Receipt.

(14).—Any sender can request that an official notice of the time at which his message is delivered be transmitted to him by Telegraph. (Articles 26, 42, 46.)

If the message cannot be delivered, this acknowledgment of receipt is replaced by a Telegram giving the information indicated in para. 2 of Art. (8).

The charge for an acknowledgment of receipt is a single rate. When a message requesting an acknowledgment of receipt is posted, the terminal station registers it and pays the postal charges.

Combination of Rules.

(15).—The facilities given to the public for pre-paid replies, registered messages, messages to follow, multiple messages, and acknowledgments of receipt, can be combined. (Article 30.)

Charges on arrival.

(16).—The following charges are collected by the delivery station:— (Article)

1st.—The charge for messages sent from sea by Semaphore.
2nd.—The expense of transport beyond Telegraph Lines by quicker means than the post.

The sender of a registered message, however, or of a message requesting an acknowledgment of receipt, can pre-pay this transport by depositing a sufficient sum for the purpose, subject to after-adjustment. The return message states the amount expended.

In every case where charges have to be made on arrival, the message is not given over to the receiver till the payment of the amount due is received.

Copies of Messages.

(17).—The senders and receivers have a right to be supplied with certified true copies of the messages sent or received by them on giving proof of their identity and furnishing the exact dates of the messages to which their requests refer. A charge of 4 annas is made for each copy. (Articles 23, 45. Regulation XVI.)

Corrections.

(18).—The receiver of any message can request the correction of passages which appear to him to be doubtful. He deposits for this purpose— (Regulation XXIV.)

1st.—The price of a message for the demand.
2nd.—The price of a message calculated according to the length of the passage to be repeated for the reply.

The same power is accorded to the sender in case he has reason to suppose his message has been altered.

These charges are returned if the repetition shows that the mutilation of the sense of the message was made by the Telegraph.

Improperly worded Messages.

(19).—Each Department on the through lines has the power to stop the transmission of any message which may appear dangerous to the security of the State, or which may be contrary to the laws of the country, to public order, or decency. (Article 20.)

Suppression of Messages by Senders.

(20).—Any sender, after proving his identity, can stop, if in time, the transmission of a message deposited by him. If the signalling has not been commenced, the charges are returned, less a booking fee of 4 annas; if the signalling has been commenced, the charges received remain to the credit of the Department upon whose line the message has entered, and the balance is returned; if the signalling is already finished, the sender's only means of requesting his message to be cancelled is by a Telegram addressed to the chief of the terminal station, which is charged for in the usual manner.

Article 16.
Regulation XII.

Refunds.

(21).—In the case of any message which has not reached its destination through the fault of the Telegraph Service, or which, in consequence of serious delay or mutilation in transmission, has manifestly not been able to fulfil its object, the full cost of it is returned to the sender by the Department which received it, the latter reclaiming, if necessary, from the other Departments.

Article 51.
Regulation XXVII.

In the case of an interruption on a submarine line, the sender has a right to the refund of the portion of the charge belonging to the distance not traversed, deduction being made, if necessary, of the expense incurred in sending the message by any other mode of transport.

Every claim for reimbursement of charges ought to be made to the original Sending Department and be supported as follows, *i. e.*, in case of non-delivery, by a written statement from the terminal station or addressee, and in case of mutilation or delay by the copy actually delivered.

If the sender does not reside in the country where he deposited his message for transmission, he can have his claim forwarded to the original Sending Department, through the medium of another Department. In this case, if it is evident that the claim is well founded, the latter is deputed to make the refund.

In case of delay, the claim for reimbursement is absolute, if the message did not reach its destination sooner than it would have done by post.

No reimbursement is granted on account of errors made in unregistered messages accepted by toleration under the terms of paragraph 4 of Article (9) of the present rules.

Tariff.

(22).—Under the present Tariff the following rates are charged to the places mentioned for a message of 20 words or under, including names and addresses. Half group messages of 10 words or under can be forwarded to Europe at a reduction of Rs. 10 on the rate chargeable for 20 words.

A message containing 21 to 30 words is charged at one rate and a half.

A message from 31 to 40 words at two rates, and so on.

All charges must be pre-paid by the sender (except in the few cases in which the rules specially state that the receiver has to pay).

TELEGRAPH STAMPS AND FORMS FOR MESSAGES.

The following rules relative to Telegraph Stamps and Forms are applicable to all messages originating in India, British Burmah or Ceylon, whether inland or otherwise :—

Introduction of Stamps from 1st February 1869.

(1).—From the 1st February 1869 *all* messages received into a Telegraph Office for despatch must be stamped to the full value for all demands.

For the present, messages received unstamped will be stamped in the Telegraph Office if accompanied by the necessary cash. But the public are invited to send their messages properly stamped (see Rule 6), as by so doing they will greatly facilitate their despatch.

Stamps procurable at Telegraph Offices and Civil Treasuries.

(2).—Telegraph Stamps will be procurable at all Telegraph Stations in any quantities, and at Civil Treasuries in quantities of the value of not less than Rs. 5 of labels at one time, provided that the quantity sold shall not include less than one rupee worth of any particular value of stamps.

The form of Stamps provides a guarantee to the sender and to the Government.

(3).—Telegraph Stamps are double headed, the object being that the upper half shall be returned on the receipt (whereby the sender receives a guarantee that his message has not been suppressed for the sake of money), and the lower half shall be affixed to the message as voucher to Government that it has been pre-paid.

Forms on which to write Messages procurable at all Telegraph Stations.

(4).—Proper forms on which to write Telegrams are available at all Telegraph Stations gratis for messages written at the Office, or for sale at the following rates:—

	Rs.	A.		Rs.	A.
Per 100	1	2	Per 25	0	6
„ 50	0	10	„ 12	0	3

These forms are also obtainable at the same rates at all Treasuries. Purchasers of stamps at Telegraph Offices will be supplied gratis with one message form for each stamp purchased irrespective of its value, provided it is not less than one rupee.

Stamps to be properly affixed to the Forms, upper half on the Receipt, lower half on the Message.

(5).—The senders of Telegrams must be careful to affix their stamps on the spaces left blank for the purpose on the message forms, the upper half on the receipt, the lower half on the message, and to see that the half stamps returned with the receipt are defaced with the Office stamp, which carries the name of the Office and date.

Stamps cut in two will not be accepted.

(6).—Telegraph Stamps cut in two before being sent into a Telegraph Office will not be accepted.

Description of Notes.

(5).—Notes of the following denomination, *viz.*, Rs. 10, 20, 50, 100, 500, 1,000, are issued without any limit.

Notes for what issued.

(6).—For Rupees from every Office.

For Bullion from the Head Offices of Calcutta, Madras, and Bombay.

For Gold from every Office, at Rs. 10 as. 4 per sovereign, and Rs. 5 as. 2 per ½ sovereign.

Notes cashed at their respective Offices of Issue.

(7).—Notes are cashed for coin or exchanged for other notes as follows :—

All notes issued from the Head Office at Calcutta are cashed or exchanged for other notes at the Currency Office, No. 1, Dalhousie Square, Calcutta.

All notes issued from Allahabad are cashed or exchanged for other notes at the Currency Offices at Allahabad and Calcutta.

All notes issued at Lahore are cashed or exchanged for other notes at the Currency Offices at Lahore and Calcutta.

All notes issued at Madras are cashed or exchanged for other notes at the Currency Offices at Madras.

All notes issued at Calicut are cashed or exchanged for other notes at the Currency Offices at Calicut and Madras.

All notes issued at Trichinopoly are cashed or exchanged for other notes at the Currency Offices at Trichinopoly and Madras.

All notes issued at Vizagapatam are cashed or exchanged for other notes at the Currency Offices at Vizagapatam and Madras.

All notes issued at Bombay are cashed or exchanged for other notes at the Currency Office at Bombay.

All notes issued at Nagpore are cashed or exchanged for other notes at the Currency Offices at Nagpore and Bombay.

All notes issued at Kurrachee are cashed or exchanged for other notes at the Currency Offices at Kurrachee and Bombay.

All notes issued at Akola are cashed or exchanged for other notes at the Currency Offices at Akola and Bombay.

Notes cashed at other Offices.

(8).—In addition to the foregoing, Government have, for the better accommodation of the public, directed that notes shall be cashed as follows:—

Notes of the Head Offices at the Branch Offices, but only to the extent that the Branch Office notes are held at the Head Offices. With this limitation—

Calcutta notes are cashed or exchanged for other notes at the Currency Offices at Allahabad and Lahore.

Madras notes are cashed or exchanged for other notes at the Currency Offices at Calicut, Trichinopoly, and Vizagapatam.

Bombay notes are cashed or exchanged for other notes at the Currency Offices at Nagpore, Kurrachee, and Akola.

Notes of the same Circle to be cashed or exchanged at all Government Treasuries.

(9).—Every Treasury Officer in British India is obliged, under Government orders, to cash or exchange notes of the circle within which the Treasury is situated, provided the Treasury balance will enable him to do so without serious inconvenience.

Notes of any circle usable by Travellers.

(10).—Travellers, however, may cash or exchange notes of any circle at any Treasury in British India to a limited extent, and they can pay notes of any circle to the railways for passenger and baggage fares.

Notes a legal tender only within their respective circles of issue.

(11).—Though Government have, for the convenience of the public, taken measures to cash notes out of the circle in which the notes have been issued, notes are only a legal tender within the limits of the circle of issue.

Every note is a legal tender in its own circle; that is to say, whenever a note forms the integral sum or a portion of any payment whatever, either to Government, to companies, or to individuals, it is a legal tender.

Payer may pay in Coin or Notes at his option and payee cannot claim Batta.

(12).—The payer can pay in silver coin or notes at his option, because either are a legal tender, and the payee is bound by law to accept the tender, and he cannot claim any batta,

discount, or any deduction whatever, by reason of payment being made in notes, notwithstanding a specific agreement may have been made that the payment should be in silver coin.

For example :—

1.—For a claim of Rs. 50—

One Note of	...	...	Rs. 50	are legal tenders.
One of ...	... Rs. 20	...	" 50	
Three of 10=	... " 30	...	" 50	
Five of 10=	...	...	" 50	
Two of 20=	... " 40	...	" 50	
One of ...	... " 10	...	" 50	

2.—For a debt of Rs. 45—

One note =	...	...	Rs. 20	are legal tenders.
Two of 10 =	...	...	" 20	
Coin	...	...	" 5	
			45	

3.—B hires a carriage from a Dâk Company C from Ferozepore to Lahore; the bill is presented for Rs. 75, B can legally tender two or more notes of the total value of Rs. 70 of the Lahore Circle, and Rs. 5 in coin. Calcutta Allahabad, or other circle notes would not be a legal tender at Ferozepore, which place is situated in the Lahore Currency Circle.

C demands a discount of 2 per cent. on the Lahore notes, B need not pay it; but if B had paid notes of other circles C may demand any batta or discount he may choose.

A Note more in value than a Debt is not a legal tender.

(13).—A note is not a legal tender when tendered in payment of a debt less than the value of the note. When such a transaction occurs, it is at the option of the payee to receive a note in excess of the sum due to him and give change; because it is incumbent on the debtor to pay the exact amount of his debt. In such case, therefore, the law does not prohibit the payee from demanding whatever charge he chooses to make as batta or discount for accommodating the payer.

For example :—

A note of Rs. 50 is not a legal tender for a debt of Rs. 45.

Contracts specifying payment in Coin or Notes illegal.

(14).—Any contract for any specific payment in silver or notes is illegal even in payment for any purchase or for any services rendered or agreed, upon to be rendered. For example—F contracts with G for work or value delivered Rs. 1,000 in amount to be paid in silver, or if in notes at 2 per cent. discount, *viz.*, Rs. 1,020.

This is illegal; F can pay in notes, if he likes, and then only Rs. 1,000.

Losses of Notes registered in Currency Offices.

(15).—When any holder of a note loses that note, if he will inform the Currency Office whence the note was issued of his loss, the note will be entered in a list denominated the "List of Lost Notes."

Loser and Police informed if lost Notes are presented for payment.

(16).—If at any time the note entered as lost is presented at any Currency Office, and the presenter appears a *bonâ-fide* holder, the note is paid, being payable to "the bearer on demand." Information is then given to the Police, information is also given to the person who lost the note.

The Currency Department, having put the loser of the note in communication with the last holder and the Police, places him in the position to recover his lost property and does nothing more. The Department will not pay the value of a lost note to the loser.

Currency Offices cannot legally refuse payment of a lost Note.

(17).—The Currency Offices cannot legally refuse to pay a note, even if stolen, but when the presenter of it is manifestly in dishonest possession of the note, he is pointed out to the Police before payment is made.

Single Postage to be paid on all Bearing letters.

(18).—All letters addressed to private individuals regarding lost notes are sent under the superscription "service bearing," and the payment for such letters is the same as for prepaid letters.

Lost Notes seldom presented by the thief.

(19).—Stolen or lost notes are seldom presented by the thief, but generally after having passed through several hands are presented by a Bank or some *bonâ-fide* holder.

Notes received in good faith are good possession.

(20).—Any person who receives a note in *bonâ-fide* transactions and in good faith, not knowing it to have been stolen, is the legal possessor, notwithstanding that note may have been previously stolen.

Number of a Note.

(21).—It is optional to keep the number of the notes received or paid. No number of a note is complete without its series or date; thus No. $\frac{A}{37}$ 56017 for Rs. 100 is complete; No. 56017, dated 8th April 1867, is complete; No. 56017 only is incomplete.

Few thefts discovered.

(22).—The number of notes traced out of those notified as lost is quite insignificant. The public are therefore warned that practically the precautions taken with regard to a lost note do not lead to detection of thefts, and the only plan is for the public to take care of their notes as they would of coin.

Losses through Post.

(23).—More than 50 per cent. of the notes lost are lost in transit through the post, and to prevent this the public have only to attend to the instructions and advice given on the fly leaf at the commencement of this volume (immediately preceding the table of contents).

Cost for recovery of value of lost half Note.

(24).—The cost of recovering the value of a half note from the Currency Department is about 4 annas for postage, and the value of a law stamp for a Bond of Indemnity.

The stamp for a Bond of Indemnity in respect of half notes less than Rs. 1,000 is that required for a consideration money double the value of the lost half notes, but for not less than Rs. 100, and in respect of half notes more than Rs. 1,000 in value, the stamp is that required for a consideration money sufficient to cover Rs. 1,000 in addition to the value of the half notes.

The amount of stamps is regulated agreeably to clause 12 of Schedule A of the Stamp Act as given below, *viz.*:—

Conditions, Regulations, &c.

Rates of Passage Money.—The Company's rates of passage money are for the sea passage only. They include steward's fees, table, wines, &c., for first class passengers. Bedding, linen, and all requisite cabin furniture are provided in the steamers at the Company's expense, together with the attendance of experienced male and female servants.

Railway tickets for the journey through Egypt are issued by the Agents of the Company on behalf of the Egyptian Government at the following rates:—First Class, Rs. 45—Second Class, Rs. 22-8—Children above 3 and under 10 years of age, half fare.

Or it is optional with the passengers to pay the Company for the sea passage only, and to pay their own transit through Egypt upon arrival at Alexandria or Suez, as the case may be.

Half the amount of passage money, when the passage exceeds Rs. 200, is required to be paid on securing passage, and the balance a fortnight before embarkation.

Allotment of Berths.—No berth or cabin is to be occupied by a passenger without application to the Agent on shore, or to the Purser on board. It is to be understood that a passenger occupying a cabin of two or more berths, on the departure of the vessel (unless he shall have paid an additional sum for its exclusive occupation), is not to object to the vacant berth or berths being filled up at the intermediate ports if required.

Passengers will have to defray their own expenses for hotels in the event of any detention.

Baggage.—All baggage should be packed in leather portmanteaus or trunks, marked with the owner's name and port of destination, in paint, in full, and fastened securely with case locks; padlocks, leather straps, and canvas covers being liable to damage on removal. Packages containing jewellery, plate, or other valuables, must be specially booked, and freight paid thereon. Packages containing parcels, specie, or merchandise, are liable to seizure and confiscation in Egypt, and to detention for freight by the agents of the Company.

First class passengers are allowed 336lbs. *of personal* baggage, free of freight, and children (over 3 and under 10 years) and servants 168[illegible] each.

A passenger taking a reserved cabin will be entitled to take in the steamers, free of freight, 4½ cwt.; and a married couple, paying for reserved accommodation, will be entitled to take 9 cwt.

The charge for conveyance of extra baggage, should there be room in the vessel, will be at the rate of £1 between India and Suez, China, or Australia; 10s. per cwt. between Alexandria and Malta, Marseilles, Gibraltar, or Southampton; or *vice versâ*, with 10s. per cwt. for transit expenses through Egypt.

Passengers passing through Egypt will be charged by the transit administration 10s. per cwt. for conveyance of baggage through, should it exceed, for first class passengers, 336lbs. each, and children (over 3 and under 10 years) and servants 168lbs. each. This amount is collected on board the Company's steamers for the convenience of passengers.

The insurance of baggage can be effected on very moderate terms.

Passengers for Marseilles can have 336lbs. of their baggage conveyed by the steamer to Southampton free of charge; all in excess of that weight will be charged for at the rate mentioned above.

Passengers homewards who have been conveyed to Suez in the Peninsular and Oriental Company's Steamers, and proceed home from thence *viâ* Trieste, can ship their baggage by the Company's vessels from Alexandria, subject to the following charge, payable in advance, *viz.*, 10s. per cwt.

Return Passages.—For information respecting reductions on return passages, &c., application should be made to the Company's Offices at Calcutta, Madras or Bombay.

Under a recent contract with Government, the vessels of this Company are to run weekly between Rangoon and Mandalay (where an Indian Post Office has been experimentally established) calling at the intermediate Post Towns of Henzadah, Myanoung, Prome, and Thyetmyo, the time taken in the trip to Mandalay and back being about 26 days. The vessels are to leave Rangoon shortly after the arrival at that place of the weekly mail steamers (British India Steam Navigation Company) from Calcutta. For the present they run every tenth day.

Vessels of this Company also run monthly from Moulmein to Tavoy and Mergui and back, the trip there and back occupying about 10 days. Scale of Inland Banghy Postage.

Banghy parcels which may be posted for conveyance by Inland Post, whether by sea or land, or partly by sea and partly by land, are chargeable by weight and distance according to the following scale, *viz.* :—

	Not exceeding in weight				For every additional seer (80 tolas), or fraction thereof up to the limits mentioned.		Remarks.
	Half a Seer or 40 Tolas.		One Seer or 80 Tolas.				
	Rs.	A.	Rs.	A.	Rs.	A.	
Single distance rate ...	0	8	1	0	1	0	Parcels exceeding 8 seers (640 tolas) cannot be received for transmission along any line of road on which the banghy parcels are carried by foot-runners, and no parcel exceeding 25 seers (2,000 tolas) can be received for despatch under any circumstance whatever.
Double distance rate ...	1	0	2	0	2	0	

The distance covered by a single rate under the above scale is 900 miles, a double rate being charged for all distances exceeding 900 miles. The distances are calculated geographically, allowance being made for the average deviation of the lines of actual transit from the direct lines; and the distance from or to any subordinate Post Office is reckoned to be the same as the distance from or to the Disbursing Post Office to which it is subordinate.

How to ascertain whether the distance rate is single or double.

To ascertain whether the chargeable distance between any two Post towns is single or double, take the figures opposite the Post towns in column 2 of the list of Post Offices and write them down as in the following examples, *viz.* :—

For a parcel between Jubbulpore and Bombay.

Jubbulpore	80	23
Bombay	73	19
Differences ...	7	4

For a parcel between Calcutta and Delhi.

Calcutta	88	23
Delhi	77	29
Differences ...	11	6

Then find one of the resulting figures (differences) at the top of the following Table and the other on the left-hand side; the place where the two columns so found meet indicates whether the rate is single or double :—

	0	1	2	3	4	5	6	7	8	9	10	11	Any figure above 11.
0	S	S	S	S	S	S	S	S	S	S	S	S	D
1	S	S	S	S	S	S	S	S	S	S	S	S	D
2	S	S	S	S	S	S	S	S	S	S	S	S	D
3	S	S	S	S	S	S	S	S	S	S	S	D	D
4	S	S	S	S	S	S	S	S	S	S	S	D	D
5	S	S	S	S	S	S	S	S	S	S	S	D	D
6	S	S	S	S	S	S	S	S	S	S	D	D	D
7	S	S	S	S	S	S	S	S	S	D	D	D	D
8	S	S	S	S	S	S	S	S	D	D	D	D	D
9	S	S	S	S	S	S	S	D	D	D	D	D	D
10	S	S	S	S	S	S	D	D	D	D	D	D	D
11	S	S	S	D	D	D	D	D	D	D	D	D	D
Any figure above 11.	D	D	D	D	D	D	D	D	D	D	D	D	D

S denotes a "single rate." D denotes a "double rate."

For example, the figures (differences) found above for a parcel between Jubbulpore and Bombay are 7 and 4, which when looked out in the Table indicate a single rate. Similarly the figures (differences) found above for a parcel between Calcutta and Delhi are 11 and 6, which when looked out in the Table indicate a double rate
