Principal Alterations, &c., since the publication of the last number of the "INDIAN POSTAL GUIDE," under date the 3rd May 1871.

Reduced Inland Rates for Registered Newspapers.—The Inland postage chargeable on Newspapers, when registered at the Office of the Post Master General, has been reduced to ½ anna per 10 tolas.

Compulsory Registration.—Postage Stamps, Cheques, and Hoondies have been added to the list of articles (Coin and Currency Notes) which must be registered when sent by Inland post.

Official Correspondence.—The number of privileged offices has been greatly reduced, and the rules have been revised.

Limit of weight of Banghy Parcels.—The limit of weight for private parcels has been made independent of the means of conveyance, and a reduced limit has been prescribed for service parcels.

Packets of patterns for the United Kingdom.—These may now contain only *bonâ fide* samples.

Newspapers viâ Brindisi for the United Kingdom and places served through it.—The postage chargeable in India has been reduced by 8 pie per 4 ozs.

Letters for places served through the United Kingdom, and for Australia, Suez, Cairo, Alexandria and Constantinople.—The postage chargeable in India has been increased by 8 pie per ½ oz.

Letters, &c., for British Columbia and Vancouver's Island.—The postage rates chargeable in India have been reduced to the same scale as that chargeable on letters, &c., for Canada.

Letters for Dutch East Indies by French Packet.—The postage rates chargeable in India have been increased, and prepayment made compulsory.

Letters for Foreign Europe through Italy.—The scale of postage chargeable in India now rises by ½ ounce instead of by ¼ ounce.

Letters for France, Algeria, Tangiers and Tunis by British Packet through French Post Office, Alexandria.—This route has been added, the correspondence for those places previously sent only *viâ* Italy to France, being now sent also by Steamer from Alexandria to France at a lower rate of postage.

Letters for Italy, Switzerland, German States, Belgium and Netherlands by French Packet.—Such letters are now forwarded, under a higher rate of payment, from Alexandria *viâ* Italy more expeditiously than by Steamer to Marseilles. This route, however, is one of almost no importance to India, which has direct relations with Foreign Europe by British Packet *viâ* Bombay.

Letters for Bermuda.—The postage has been reduced to 10 annas (*viâ* Southampton) and 12 annas (*viâ* Brindisi) per ½ ounce.

Bullock Train—Inland Money Orders, with list of Money Order Offices—Telegraph with Inland and Foreign Tariffs, and list of Telegraph Offices—Paper Currency—Time Tables of British, French and Indian Mail Packets—List of Indian Post Offices.—These sections have all been revised up to date.

Remarks and Instructions to which public attention is particularly invited.

Addresses on Inland Covers.

No address is complete which does not contain the Post Town from which delivery is intended, and care should always be taken to write the name of the Post Town as clearly as possible. It should generally form the last part of the address. If, however, the cover be directed to a Post Town of small note (especially if situated in another Province). or if it be directed to a Post Town having a name the same as, or very similar to, the name of another Post Town, it is proper to add in brackets the name of the District or Province in which the Post Town of address is situated. This can always be ascertained by reference to the List of Post Offices (at the end of this volume).

It is very necessary to see that the name of the Province or District when added as above is given *in brackets*, so as not to be mistaken for the Post Town in cases where there is a Post Town of the same name. For instance, a letter for Kurseong in the Darjeeling District will, if the word "Darjeeling" be written without brackets, be probably sent to Darjeeling Post Town, and will be chargeable with re-direction postage when forwarded thence to Kurseong.

Inconvenience having been experienced in the delivery of covers to public officers at their offices or private residences, as well as to those changing their stations or appointments, owing to the frequent inclusion in the address of both name and official designation, and to the consequent doubt whether the cover is intended for the individual or the official, the public are invited to regulate the form of address so as to ensure correct delivery under the following rule prescribed for the guidance of postal officials, *viz.*:—The delivery of covers *superscribed by a public officer as on H. M.'s service* is governed by the *official designation* (when given) of the addressee, the name being regarded only when given without the official designation: and the delivery of covers *not so superscribed* is governed by the *name* (when given) of the addressee, an official designation being regarded only when given without name.

Care should be taken to spell the names of Post Towns in the same way as they are spelt in the List of Post Offices and to write them *legibly in large well-formed characters.* It must be remembered that to the natives of this country the English language is an acquired one, and that they are not so well able to decipher imperfect current handwriting as if the language and character were their own.

Covers not exceeding 10 tolas in weight, which are intended to be sent otherwise than by Letter Post, should have the words "Book Post," or "Pattern Post," or "Banghy Post" (as the case may be), superscribed on the address side of the cover. In the absence of such superscription, they are forwarded by Letter Post and charged at letter rates.

Addresses on Foreign Covers.

In the case of letters for places abroad, the name of the *country* (written clearly in large well-formed characters) as well as the town or city should be given in full. Attention to this rule will often assist in deciphering the name of the town or city, and will prevent the letter from being mis-sent when there are towns of the same name in different countries. The address of every letter to a place abroad should end with the name of the country. Names of foreign towns, cities, or countries should be spelt in the address in the same way as in the Foreign Postage Schedule; and the attention of foreigners is particularly directed to this point, as many of them are in the habit of spelling foreign names according to the foreign method. If the route by which the cover is intended to be sent be given by the sender, it should be written on the upper left-hand corner, and if the name of the sender be given, it should be written on the lower left-hand corner.

For rules respecting the marking of the *particular route* by which a cover is intended to be sent, and respecting the practice of the Post Office in selecting routes when no particular route is given by the sender, see clause 3 of the remarks preceding the Foreign Post Schedule of Rates.

Postage Labels how to be placed, &c.

Labels should be placed on the front, that is, the address side of the letter and upon the right-hand upper corner. On re-directed letters, however, care should be taken not to place fresh stamps over the stamps which have been previously used.

The public are recommended to mark the stamps affixed by them to covers either by lines drawn across them or by writing across them. Covers may be destroyed for the sake of the stamps borne by them, and as stamps bearing any mark denoting previous use cannot be so readily disposed of, much risk is avoided by the practice here recommended.

Transmission of Currency Notes by Post.

Letters containing coin or a Currency Note, or any portion thereof, or Postage Stamps, Cheques or Hoondies addressed to any place in India *must be registered*; and it is strongly recommended that Currency Notes sent through the post be sent *in halves*, the second halves being forwarded on acknowledgment of the receipt of the first halves. This method avoids much risk, for the value of the half note (if the other half be lost) can be recovered from the Paper Currency Department at a small charge under a Bond of Indemnity (see Rule 24 of Paper Currency Department, Section XIII of this Volume). If, on the other hand, whole notes

sent by post are lost, the Currency Department does not recognize any claim on the part of the loser, although it records the loss, and, when the note is presented and paid at any Currency Office, informs the Police and the person who lost the note. As, however, stolen notes are seldom presented by the thief, and as notes received in good faith are good possession, the recovery of a lost whole note is comparatively rare.

When Currency Notes are sent by post, covers or envelopes of a substantial and non-transparent kind should be used. The large black figures indicating the value of a Currency Note can be deciphered even if covered by eight-fold of paper of the thin transparent kind so commonly used in this country. The public are earnestly requested not to place unnecessary temptation in this respect before their own servants who take such letters to the post and before the Post Office employés.

Registration of Packets, &c.

Attention is invited to the fact that not only letters, but also newspapers and *packets of books or patterns* can be registered by inland post to any part of India, or by foreign post (British Packet) to the United Kingdom, the United States of America, and any British Colony. The fee for registering a newspaper or packet is the same as for registering a letter, and in all the cases mentioned is irrespective of weight.

Changes of Residence.

Persons changing their place of residence are particularly requested to leave written instructions at the Post Office of their previous residence and to send written instructions to the Post Office of the place to which they may be going. A separate written instruction is required for every change of address, and no instruction will be attended to for more than three months after its receipt. No complicated or conditional instructions for re-direction can be attended to, and persons desiring services of this nature are advised to employ an Agent to whom, if they so desire, all letters received to their address will be delivered. Instructions for re-direction should state clearly whether they are meant to apply to covers for other members of the family or household of the person giving the instructions.

Re-posted Articles.

Covers of which delivery is actually effected, if again committed to the post, are termed re-posted covers, and are treated in the same way as covers committed to the post for the first time, no account being taken of any obliterated Stamps which may be borne by them. If, however, a cover tendered at the place of address is at once returned to the Post Office peon who brings it (whether with or without an indication of revised address), it is treated as a re-directed article, the postage chargeable for further transmission being at prepaid rates only.

Complaints against the Post Office.

Complaints against the Post Office, certified as such under the full signature and address of the sender, and addressed to any officer of the Postal Department, are not chargeable with any postage. In all complaints of overcharge or unnecessary delay in delivering letters or other articles, the covers or envelopes bearing the Post Office stamp must be presented for inspection; and when any complaints are preferred against any letter carrier, the number on his badge should be specified.

Below is given a detailed Calendar of Mail Steamer Departures from the principal port where the mails are embarked, viz., Bombay.

Besides the information therein given, the following particulars may be useful :—

Dates on which the fortnightly Steamers of the Peninsular and Oriental Steam Navigation Company are timed to leave the Sandheads.

Wednesday,	the 8th May 1872.	Wednesday,	the 11th September 1872.
„	the 22nd May 1872.	„	the 25th September 1872.
„	the 5th June 1872.	„	the 9th October 1872.
„	the 19th June 1872.	Friday,	the 25th October 1872.
„	the 3rd July 1872.	„	the 8th November 1872.
„	the 17th July 1872.	„	the 22nd November 1872.
„	the 31st July 1872.	„	the 6th December 1872.
„	the 14th August 1872.	„	the 20th December 1872.
„	the 28th August 1872.		

Mails for the abovementioned Steamers are made up in Calcutta on days notified locally from time to time (ordinarily in the evening two days prior to the date of starting from the Sandheads) for *Ceylon*.

For further particulars respecting these Steamers a reference should be made to the detailed Time Tables given in another part of this volume, where also will be found information respecting the French Mail Steamers, which, starting from Calcutta once every four weeks, proceed to Madras, Pondicherry, Galle, Singapore, Batavia, Saigon, Hong-Kong, Shanghai, Yokohama, Aden, Suez, Europe, Mahé (Seychelles), Réunion, and Mauritius: and respecting the British India Steam Navigation Company who have contract lines from Calcutta fortnightly to Chittagong and Akyab, fortnightly to Akyab, Rangoon and Moulmein, fortnightly to Rangoon and Moulmein (with a continuation once every four weeks to the *Straits*), once in four weeks to Port Blair and fortnightly to Bombay and ports on the East and West Coasts. The same Company have a line once every four weeks between Madras and Rangoon, and a weekly line of Steamers from Bombay to Kurrachee, with a continuation once a fortnight to the Persian Gulf.

The *Opium Steamers* which leave Calcutta monthly for *Penang*, *Singapore*, and *Hong-Kong* have not been included, as the dates of starting are not fixed. They leave ordinarily about 12 days after each Government opium sale, and these sales have been advertised for the current year as about 4th January, 5th February, 4th March, 3rd April, 6th May, 6th June, 4th July, 5th August, 5th September, 1st October, 6th November, and 5th December. These Steamers proceed direct to the Straits and China, thus avoiding the circuit *viâ Galle*, and reaching Hong-Kong in *about* 15 days from Calcutta. Correspondence for the *United States of America* when marked *viâ* Hong-Kong can be sent by these steamers.

The European letter mails forwarded *viâ* Bombay are closed in Calcutta three days earlier than in Bombay, *i. e.*, every Friday (Bombay, Monday), and during the monsoon season every Tuesday (Bombay, Friday). The Australian letter mails forwarded *viâ* Bombay are also closed in Calcutta three days earlier than in Bombay, *i. e.*, every Wednesday (Bombay, Saturday). For all other steamer mails *viâ* Bombay, including those for the Straits and China, and those for Persian Gulf, &c., by British India Steam Navigation Company the Calcutta dates are four days earlier, as in these cases the steamers leave Bombay earlier in the day.

MAIL STEAMER CALENDAR FOR BOMBAY.

N. B.—Where *Galle* is mentioned, mails may also be sent for the Island of *Ceylon* generally.

Where *Singapore* is mentioned, mails may also be sent for places in *Netherlands India, Labuan,* and *Phillippine Islands.*

Where *Hong-Kong* and *Shanghai* are mentioned, mails may also be sent for other places in *China, e. g.,* for Amoy, Canton, Foochow, Swatow, and Whampoa through Hong-Kong, and Ningpo through Shanghai.

Where *Yokohama* is mentioned, mails may also be sent for *Nagasaki, Hiogo,* and other places in *Japan.*

When the mails from Europe do not reach Bombay in time for the Kurrachee or Kurrachee and Persian Gulf steamers, these vessels are detained for one day.

Where *Mauritius* is mentioned, correspondence for *Natal* and *Port Elizabeth,* and the *Cape of Good Hope,* marked "*viâ* Mauritius," can be sent for transmission thence by private ship to destination.

II.—Rates of Postage and conditions of transmission by the Inland* Post.

EXCLUSIVE PRIVILEGE OF THE INDIAN POST OFFICE.

The Indian Post Office is governed by the provisions of Act No. XIV of 1866, entitled "The Indian Post Office Act, 1866." By the above-mentioned Act the exclusive privilege of carrying letters is vested in the Government of India (Sections 5 and 6), and penalties are prescribed (Section 41), for any infringement of this privilege.

LETTERS.

1. Any article (other than a newspaper) superscribed for transmission by "Letter Post" shall be treated as a letter; any article (other than a newspaper) having no superscription as to means of transmission, and not exceeding 10 tolas in weight, shall also be treated as a letter, and any article (other than a newspaper) having no superscription as to means of transmission, and exceeding 10 tolas in weight, shall in like manner be treated as a letter, if it be judged from outward appearance or other considerations to have been intended for transmission by Letter Post.

Rates of Postage.

2. The postage is regulated by weight, irrespective of distance, and is as follows:—

If paid in advance by means of a proper stamp or stamps—

On a letter weighing not more than ½ tola†	... 6 pie‡ or ½ anna,
On a letter weighing more than ½ tola, but not more than 1 tola ...	... 1 anna,
On a letter weighing more than 1 tola, but not more than 2 tolas ...	... 2 annas,

and so on, one additional anna being charged for every additional tola or fraction of a tola.

The postage, if not paid in advance, is double the foregoing, and, if the payment in advance be insufficient, double the deficiency is charged. Additional postage on re-directed letters, however, is levied only at single or forward rates. For detailed information respecting re-direction, see the head "Re-direction."

NEWSPAPERS.

Rates of Charge.

3. Newspapers (including periodical publications published at regular intervals not exceeding 31 days), may be sent by Letter Post at the following rates (irrespective of distance), *viz.*:—

	Registered.	*Not registered.*
On every Newspaper not exceeding 10 tolas in weight	½ anna,	1 anna,
On every Newspaper exceeding 10 tolas in weight, but not exceeding 20 tolas...	1 anna,	2 annas,

and so on, an additional half-anna or anna being charged for every additional 10 tolas or fraction of 10 tolas. The above rates are chargeable upon *each* Newspaper, but an extra or supplement to any Newspaper, bearing the same date as the Newspaper, and transmitted therewith under the same cover, is deemed part of the Newspaper.

---

* By "Inland Post" is meant the post maintained by the Government of India between Indian Post Offices, whether by land or by sea. This does not include the post maintained by the Government of India between British Burmah and the Straits (British India Steam Navigation Company), or between Calcutta and the Straits and China (Opium Steamers), or between India and Ceylon (British India Steam Navigation Company and Land Dâk), the Post Offices in the last-mentioned places not being Indian Post Offices; nor does it include the post maintained by Her Majesty's Government or by the French Government between the Indian Post Offices of Calcutta, Madras, Pondicherry, Bombay, and Aden; but it includes the post maintained by means of the Indian Contract Mail Steamers of the British India Steam Navigation Company between the Continent of India and British Burmah, as well as between the different ports on the east and west coasts, and between Bombay, Kurrachee, and the Indian Post Offices in the Persian Gulf, &c.

† The tola is the standard weight of a Government Rupee. It is equal to $\frac{72}{175}$ ounce (avoirdupois), 10 tolas being thus very slightly in excess of 4 ounces.

‡ 4 pies	= ½*d.*	1 anna	= 1½*d.*	2 annas	= 3*d.*
6 pies or ½ anna	= 3 farthings.	1 anna 4 pie	= 2*d.*	annas	= 1*s.*
pies	= 1 penny.	1 anna 8 pie	= 2½*d.*	1 rupee	= 2*s.*

Pre-payment Compulsory.

4. No Newspaper can be forwarded by Letter Post unless the postage thereof be fully pre-paid by means of a proper stamp or stamps. A Newspaper posted unpaid or insufficiently paid will be forwarded to the Dead Letter Office.

Conditions to be observed.

5. No Newspaper can be forwarded by Letter Post at the above-mentioned rates unless the following conditions be observed, *viz.*:—

(1).—It shall be without a cover, or in a short cover open at both ends.

(2).—There shall be no word printed on such Newspaper after its publication or upon the cover thereof, nor any writing or mark upon it or upon the cover of it, except the name and address of the person to whom it is sent, and the name and address of the sender.

(3).—There shall be no paper or thing enclosed in or with any such Newspaper.

Any Newspaper sent by the Letter Post, in respect of which the above conditions shall not be observed, shall, together with anything enclosed in or with the same, be charged with postage at the rate which would be charged on an unstamped letter of equal weight.

The lower rate of charge prescribed for *registered Newspapers* is applicable only under the following conditions, which are supplementary to those given above, *viz* :—

(4).—The Newspaper must have been registered for transmission by post in the Office of the Post Master General (or Officer exercising the powers of Post Master General) of the Postal Circle in which it is published.

N. B.—The registration of a paper expires at the close of the calendar year following that in which the registration was effected, and must be renewed if a continuance of the privilege beyond that time is desired.

(5).—The Newspaper must bear in print immediately above the address the word "Registered" followed by the registration No. given by the Post Master General.

N. B.—The word "Registered" followed by the No. may be printed on the paper itself or on its cover, but must in all cases be *immediately above the address.*

(6).—The Newspaper must be posted at the place of registration.

N. B.—It is immaterial whether the paper is posted by the publisher or by any one else, or whether it is posted on the day of publication or on a subsequent date. When a registered Newspaper is re-directed "forward" postage is charged at the lower rate even though the re-direction may take place at an office other than that of the place of publication. Registered Newspapers when re-posted are treated as if posted for the first time, and are entitled to transmission at the lower rate only if the conditions be fulfilled.

PROOF SHEETS

May be sent by Letter Post at Newspaper rates under Certificate.

6. Proof sheets, marked as such, may be sent by the Letter Post at the rates prescribed for registered Newspapers, provided the contents be correctly certified on the cover by the signature in full of the sender; otherwise the same shall be charged with postage at the rate which would be charged on an unstamped letter of equal weight.

PACKETS OF BOOKS.

7. Any article superscribed for transmission by "Book Post," and any article (other than a Newspaper) which, having no superscription as to means of transmission, and being of more than 10 tolas in weight, is judged from its contents, outward appearance or other considerations, to be intended for transmission by Book Post, shall be treated under the following rules.:—

N. B.—Any article intended for transmission by Book Post, and not exceeding 10 tolas in weight, must be superscribed with the words "Book Post;" if it bears no superscription as to means of transmission, it will, if not a Newspaper, be treated as a Letter, as provided in the rules under the head "Letters."

Rates of Charge.

8. Packets of books may be sent by Banghy Post at the following rates (irrespective of distance), *viz.*:—

For a packet not exceeding 10 tolas in weight ... ... 1 anna,
For a packet exceeding 10 tolas in weight, but not exceeding 20 tolas ... 2 annas,

and so on, one additional anna being charged for every additional 10 tolas or fraction of 10 tolas.

Insufficiently paid Book Packets.

9. Any book packet which may be posted insufficiently pre-paid, but bearing, nevertheless, a stamp or stamps of the value of a single rate (one anna), will be forwarded to its destination charged with double the deficient postage.

Unpaid Book Packets.

10. Any book packet which may be posted without pre-payment to the extent above noted or wholly unpaid, will be treated as a banghy parcel, and forwarded to its destination charged with banghy postage.

Book Packets how to be packed.

11. A book packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination. For the greater security of the contents, the packet may be fastened by string, but in such case the Post Master is authorised to cut the string, although, if he do so, he must again tie up the packet. If this rule be infringed, the packet will be charged as a banghy parcel. This rule does not apply to Book Packets sent on Her Majesty's Service.

Contents of Book Packets.

12. A book packet may contain any number of separate books or other publications (including Newspapers and printed or lithographed letters), photographs (when not on glass or in cases containing glass), prints or maps, and any quantity of paper, parchment or vellum; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed or plain, or any mixture of these. No other material is allowed than *paper*, *parchment* or *vellum*, except in the case of printed books or publications, artistic prints and maps, architectural drawings, plans and tracings, which may be printed or written upon *canvas* or *cloth*. Further, all legitimate binding, mounting or covering of a book, &c., or of a portion thereof, is allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books, and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the binding, &c., must not be sent as a separate packet, nor can patterns or books of patterns (unless these consist merely of *paper*) be permitted.

No book packet may contain anything which is sealed or otherwise closed against inspection, nor must there be any letter nor any communication of the nature of a letter, whether separate or otherwise, unless the whole of such letter or communication be printed. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter. As respects the name and address of the sender, not only is the writing permitted, but it is recommended, in order that, if the cover come off, or for any other reason the packet cannot be forwarded, it may be returned to the sender. It has been ruled that legal documents, whether printed or written on paper, parchment or vellum, and not being in the form or of the nature of a letter (unless wholly printed) may pass by Book Post under this rule.

Any book packet which, in contravention of this rule, may have any letter or any communication of the nature of a letter written in it, or upon its cover, will be charged with letter postage; and if any book packet be found to contain any letter not wholly printed, whether closed or open, or any enclosure, sealed or otherwise closed against inspection, or any other unauthorised enclosure, the letter or enclosure will be taken out and charged with the full postage as an unpaid letter, together with an additional rate. If the enclosure so taken out for separate transmission consists of or contains coin or other article, the registration of which is compulsory, it will be forwarded as registered, a double registration fee being charged in addition to postage as provided under the head "Registration."

Limit of size of Book Packets.

13. No book packet may exceed one foot and a half in length, or one foot in width or depth; and if any such packet be posted, it will be treated as a banghy parcel and charged accordingly.

Certificate required where Book Packets are conveyed by Letter Mail.

14. Where there is no separate Banghy or Packet Post established on any line of road, book packets will be transmitted by the Letter Post at Book Post rates, if it be certified in writing on the packet, under the full signature and address of the sender, that it does not contain any letter or other written communication on which a higher rate of postage is chargeable.

PACKETS OF PATTERNS.

15. Any article superscribed for transmission by "Pattern Post," and any article (other than a Newspaper) which, having no superscription as to means of transmission, and being of more than 10 tolas in weight, is judged from its contents, outward appearance or other considerations, to be intended for transmission by Pattern Post, shall be treated under the following rules:—

N. B.—Any article intended for transmission by Pattern Post, and not exceeding 10 tolas in weight, must be superscribed with the words "Pattern Post;" if it bears no superscription as to means of transmission, it will, if not a Newspaper, be treated as a letter, as provided in the rules under the head "Letters."

Rates of Charge.

16. Packets of patterns may be sent by Banghy Post at the following rates (irrespective of distance), *viz.*:—

For a packet not exceeding 10 tolas in weight	2 annas,
For a packet exceeding 10 tolas in weight, but not exceeding 20 tolas ...	4 annas,

and so on, two additional annas being charged for every additional 10 tolas or fraction of 10 tolas.

Insufficiently paid Pattern Packets.

17. Any pattern packet which may be posted insufficiently pre-paid, but bearing, nevertheless, a stamp or stamps of the value of a single rate (two annas), shall be forwarded to its destination charged with double the deficient postage.

Unpaid Pattern Packets.

18. Any pattern packet which may be posted without pre-payment to the extent above noted, or wholly unpaid, shall be treated as a banghy parcel, and forwarded to its destination charged with banghy postage.

Pattern Packets how to be packed.

19. A pattern packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination. For the greater security of the contents, the packet may be fastened by string, but in such case the Post Master is authorised to cut the string, although, if he do so, he must again tie up the packet.

As an exception to the above rule, seeds and other articles likely to be injured by damp, &c., may be enclosed in boxes or in bags fastened in such a manner that they can be readily opened, or in bags entirely closed, provided that they are transparent, so that the officers of the Department may be able to satisfy themselves as to the nature of the contents.

Any pattern packet not packed in accordance with this rule shall be charged as a banghy parcel

Contents of Pattern Packets.

20. A pattern packet may contain any article or number of articles, except manuscript letters or manuscript communications of the nature of a letter, or explosive, dangerous, or offensive material or substance (the transmission of which by post in any form is prohibited), or coin, bullion, precious stones or jewels (which Post Masters are prohibited from knowingly receiving for despatch by post in any form). The prohibition against the transmission of dangerous

articles does not interfere with the transmission of scissors, knives, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, &c., provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and to the officers of the Post Office, while at the same time they may be easily examined. If any packet containing such articles as these be posted, which is found not to be sufficiently guarded, it shall be stopped, and a notice of its detention shall be sent to the person to whom it is addressed, or to the sender, who may then obtain it by personal application, but the packet shall be charged with a fine equal in amount to the postage to which it was liable.

Limit of size of Pattern Packets.

21. No pattern packet may exceed one foot and a half in length, or one foot in width or depth; and if any such packet be posted, it will be treated as a banghy parcel and charged accordingly.

Certificate required where Pattern Packets conveyed by Letter Mail.

22. Where there is no separate Banghy or Packet Post established on any line of road, pattern packets shall be transmitted by the Letter Post at Pattern Post rates, if it be certified in writing on the packet, under the full signature and address of the sender, that it does not contain any letter or other written communication on which a higher rate of postage is chargeable.

BANGHY PARCELS.

23. Any article superscribed for transmission by "Banghy Post" or as a "Banghy Parcel," and any article which, having no superscription as to means of transmission, and being of more than 10 talas in weight, is judged from its outward appearance or other considerations to be intended for transmission by "Banghy Post," shall be treated under the following rules:—

N. B.—Any article intended for transmission by Banghy Post, and not exceeding 10 tolas in weight, must be superscribed with the words "Banghy Post" or "Banghy Parcel;" if it bears no superscription as to means of transmission, it will be treated as a letter, as provided in the rules under the head "Letters."

Rates of Charge.

24. Banghy Parcels may be sent by Banghy Post at the following rates (irrespective of distance), *viz.*:—

For a parcel not exceeding 10 tolas in weight	3 annas,
For a parcel exceeding 10 tolas, but not exceeding 20 tolas	6 annas,

and so on, three additional annas being charged for every additional 10 tolas or fraction of 10 tolas. The pre-payment of Banghy Postage is optional; if pre-paid, the payment may be by means of postage stamps affixed to the cover or in cash; if not pre-paid, the charge levied on delivery is the same as that which would have been chargeable if pre-paid; and if insufficiently pre-paid, the deficiency only is levied on delivery.

Limit of weight of Banghy Parcels.

25. No parcel exceeding 25 seers (2,000 tolas) in weight can be received at any Post Office for despatch.

Parcels received by post from seaward, exceeding the weight which may be sent by Banghy Post, are made over to the Collector of Customs for publication in his list of unclaimed packages.

Banghy Parcels how to be packed.

26. No parcel can be received for transmission by Banghy Post unless it be securely packed in cloth, or wax cloth, or tin, and no such parcel packed in cloth or wax cloth shall be received unless seals bearing distinct impressions of some device (not that of a current coin) be fixed at intervals not exceeding three inches along the lines of sewing by which the cover is secured. This rule does not apply to banghy parcels sent on Her Majesty's Service.

Not more than one letter may be enclosed in a Banghy Parcel.

27. Not more than one letter may be enclosed in a banghy parcel, and any infringement of this rule renders the sender subject to a penalty not exceeding Rs. 50 (Section 14 of Post Office Act of 1866).

Certificate required where Parcels sent by Letter Mail.

28. On lines of road where there is no separate Banghy Post, Banghy Parcels are conveyed by Letter Post, if it be certified in writing on such parcel, under the full signature and address of the sender, that it does not contain any letter or other written communication on which a higher rate of postage is chargeable. The penalty for a false certificate is a fine not exceeding Rs. 500 (Section 43 of the Post Office Act of 1866).

Receipts granted for Banghy Parcels when presented ready written.

29. Receipts are granted for banghy parcels only when presented ready written, either in books or on separate slips of paper along with the parcels. Receipts so presented will be duly stamped with the Post Office stamp.

Parcels between places connected by Railway.

30. Between places connected by Railway, where the Railway Authorities may have intimated their readiness to undertake the conveyance and delivery of parcels, the Post Office does not convey parcels, except such as may be sent on the public service. Of course, if either the place of address or the place of despatch be not on the line of Railway, the above rule does not apply.

MISCELLANEOUS REGULATIONS, &c.

Name of sender not to be demanded.

31. The name of the sender of any letter or other article shall not be demanded in any Post Office: this rule does not prevent the name of the sender being asked for in the case of a registered letter or banghy parcel (with the view of enabling the Department to communicate with him in the event of loss or miscarriage), but it is optional with the sender even in such cases to refuse compliance with the request.

Treatment of Letters, &c., suspected to contain anything in contravention of Postal Rules.

32. Letters or other articles, suspected to contain anything in contravention* of Postal Rules, shall not be detained for examination at the despatching office, but shall be forwarded marked "doubtful." The Post Master receiving such letters or other articles shall then act in accordance with Section 60 of the Post Office Act.

Where the infringement of rule is obvious, no detention being necessary for the purpose of examination, and the penalty being merely the charge of a different rate of postage, or the refusal to receive or forward the article, the Post Master of the despatching office will himself take the necessary steps; and in all cases in which it is suspected that explosive, dangerous, or offensive substances are enclosed, it is the duty of the despatching office to do so.

Detention of Banghies, Packets, &c., on account of unusually heavy despatches.

33. The main business of the Post Office being the transmission of *letters*, the forwarding of Newspapers, packets, and parcels (which no one is compelled to send through the Post Office), though an important, is only a secondary object; and in any case, therefore, where an unusual weight of mails prevents the transmission of the whole at once, a Post Master is authorised to detain for a period not exceeding 24 hours the inland banghies and packets, also imported Newspapers and packets, and, if necessary, also the heavier Service letters, except such as may be marked "Despatch."

---

* For example—
(1) Any letter, paper, writing or other enclosure of a private nature forwarded under color or pretence of an official communication.
(2) Articles other than proof sheets sent under color or pretence of being proof sheets.
(3) Any contraband article or any article on which duty is owing to Government.
(4) Newspapers having unauthorised printing, writing, or marks or unauthorised enclosures.
(5) Packets having unauthorised writing or enclosures.
(6) Banghy parcels having more than one letter, or (when sent by Letter Post), having any letter or other written communication on which a higher rate of postage is chargeable.
(7) Covers containing Opium transmitted otherwise than on Government account.
(8) Explosive, dangerous, or offensive substances or materials, such as Gunpowder, Matches, Percussion Caps, Saltpetre, Indigo, Assafœtida, Glass, Liquids, &c.; or any article which either in itself (however packed) or by reason of insecure packing may be liable to injure the contents of the mail bags or the persons of the mail officers.

Instructions respecting the address of letters.

34. On this subject, see the fly-leaf at commencement of this volume.

Post Office may refuse to receive letters, &c., bearing appearance of having been opened.

35. The Post Master at any station, or the person in charge of the Post Office, has power to refuse letters or other articles bearing the appearance of having been opened and re-closed, or otherwise improperly dealt with, unless the writer or sender thereof shall attest with his full signature that they were sent in that state.

Post Masters not knowingly to receive valuables for despatch.

36. In order to protect, as far as possible, the public mails from the chance of robbery, officers in charge of Post Offices shall not knowingly receive coin, bullion, precious stones, or jewels for despatch either by Letter or Banghy Post. Unregistered letters found in the letter box containing coin, currency notes, postage stamps, cheques or hoondies are registered and forwarded to destination, charged with a double registration fee. See under head "Registration."

Expresses to be sparingly used by public Officers.

37. As the employment of expresses interferes with the celerity and regularity of the ordinary mails, and is attended with expense, public Officers are enjoined to employ them as sparingly as possible; and any public Officer despatching an express when the exigency of the public service does not, in the opinion of the authority to whom he is subordinate, require it, will be held answerable for the expenses attending that method of transmission. Public expresses from a Post Office at the seat of any Government or Administration can only be ordered by a Secretary to Government; in other cases, by the Chief Civil or Military Authority of the place.

Letters, &c., once posted not to be returned without express order, except in specified cases.

38. Unless by an express order of the Government, or Director General of the Post Office, or a Post Master General, no letter or other article, which has been delivered into any Post Office, shall be restored to the sender thereof except in the manner described (for unclaimed letters, &c.) in Section 29 of the Post Office Act, and except in the case of a letter or other article addressed to a place beyond the limits of British India which for any reason cannot be forwarded to its destination.

Person rejecting a letter, &c., unopened, not bound to pay postage.

39. The person to whom any letter or other article, the postage of which has not been paid, may be delivered, is not bound to pay the postage if he forthwith returns the same unopened; but if he opens or retains the same he is bound to pay the postage due thereon. If he forthwith returns the same unopened, the cover is treated as refused.

Refund of Postage on letters, &c., sent maliciously.

40. If a letter or other article shall appear to the satisfaction of the Post Master of the Office of delivery to have been maliciously sent for the purpose of annoying the person to whom it is addressed, the Post Master of the Delivery Office may remit the postage.

Postage marked on a letter, &c., to be paid at once.

41. Whatever postage is marked on a letter, paper, packet, or parcel must be paid at once on delivery, after which any complaint of overcharge will be duly attended to.

Complaints against the Post Office.

42. On this subject, see the fly-leaf at the commencement of this volume.

Remedy of Post Office in case of refusal to pay postage.

43. Postage which any person is bound to pay, but which he refuses to pay, is recoverable in the same manner as a fine under the Post Office Act, and the Officer in charge of any Post Office has further the power of withholding from any person so refusing, until such postage be paid, any other letter or article addressed to that person not being on Her Majesty's Service.

Commanding Officers to receive letters for their Regiments.

44. Letters directed to Native Officers, or men of Regiments or Detachments, shall be delivered to an Orderly or any other fit person, who shall be deputed by the Officer Commanding the Regiment or Detachment to receive the same, but letters on which postage may be due shall not be delivered to such person unless the postage be first paid.

Letter-carriers must require immediate payment of postage.

45. Letter-carriers are forbidden to deliver any letter, newspaper, or other article without requiring immediate payment of the exact amount of postage. They are not bound to give change. If the amount of postage due is not at once tendered, and the letter-carrier is subjected to detention, the letters, &c., upon which postage is due shall be taken back to the Post Office for the next delivery. Letter-carriers are forbidden to deviate from their prescribed routes.

Delivery Tickets.

46. Delivery tickets can be obtained under the following conditions from all Post Offices authorised by the Post Master General of the Province to grant them, *viz.* :—

(1).—The ticket will remain in force for one year from the date of issue, and will then be cancelled, unless renewed for another year. The date of issue or renewal will be noted on each ticket.

(2).—The payment for a ticket or for the renewal of a ticket is Rs. 12, and this sum must be paid in advance. No refunds are allowed. Extra payment may be demanded under head (3).

(3).—Tickets can only be used at the Offices from which they were issued, but ticket-holders changing their residence may have them transferred from one Office to another, provided the latter is an Office authorised to grant tickets. The Post Master of the Office of Issue will write the words "cancelled for—Office" under his full signature, and the Post Master of the other Office will write the words "accepted for—Office" under his full signature. A transfer fee of one rupee is payable to the Post Office which accepts the transferred ticket.

(4).—A ticket-holder is entitled to receive his letters, &c., at the Post Office window.

(5).—Or he may receive in a closed bag his letters and Newspapers (also such packets as can conveniently be enclosed in the bag) by the ordinary letter-carrier, if he provides the bag or bags required for this purpose. The weight of any such bag when empty is limited to one pound. The letter-carrier who delivers such a bag is bound to receive charge of an empty bag in return if tendered to him, but the ticket-holder may use the bag for sending letters by the hand of his own messenger to the Post Office, where the bag will be opened by the Post Master or other specially appointed Officer of the establishment. Any postage due on the contents of a bag must be paid on delivery of the bag.

Delivery at window not claimable without Ticket at Offices where Tickets are issued.

47. At Post Offices authorised as above to grant delivery tickets no person residing within the ordinary delivery range can claim to have his letters, &c., delivered at the window, unless he holds a delivery ticket. But the Post Master may deliver from the window to such persons, provided that inconvenience is not caused thereby to the general work of the Office and especially to the prompt distribution of the mails by the ordinary letter-carriers.

Window Delivery how to be made at Offices where Delivery Tickets not issued.

48. At Post Offices not authorised to grant delivery tickets, delivery may be made from the window to any persons who register their names at the Post Office as being desirous of having

their letters retained until called for, instead of being sent out in ordinary course for delivery, or to persons who, without having registered their names, apply for letters under circumstances similar to those described in the last sentence of the preceding paragraph.

Admission into interior or examination of records of Post Office not allowed.

49. Persons not belonging to the department shall not be admitted into the interior, nor permitted to examine the records of any Post Office without the special permission of the Post Master General, to whom, or to the Post Master, applications for information or redress must be made either in person or in writing by the party requiring the same.

Letter Boxes to be always open—hours of clearing to be marked thereon.

50. Letter boxes will remain open day and night; the hours at which each letter box will be cleared will be marked upon it.

Hours for official references and personal applications.

51. Official references and personal applications must be made between the hours of 7 A. M. and 8 A. M., and between noon and 5 P. M., except on Sundays, when Post Offices will be open for this purpose from 7 A. M. to 8 A. M., and one other hour.

Hours for registration of letters and receipt of Bangly Parcels.

52. At all Post Offices registered letters and bunghy parcels will be received every day, Sundays excepted, for despatch from 7 A. M. to 8 A. M., and from noon to 5 P. M., but in the Bombay Post Office the hours have been specially fixed as from 10 A. M. to 4 P. M. On Sundays they will ordinarily be received from 7 A. M. to 8 A. M., and one other hour.

Notice respecting hours of attendance at Post Office and despatch and delivery of Mails.

53. A notice shall be conspicuously placarded in English and the language of the place outside every Post Office, giving information respecting the hours of attendance, the despatch of mails, and the delivery of letters.

Hours for closing Mails.

54. The packets for all mails to be despatched in the course of the night shall be closed at 6 P. M. (except under special orders to the contrary); but for mails which usually pass in the course of the day, the packets shall be made up half an hour before the time appointed for the arrival of such mails.

Hours for delivery of Mails.

55. The hours at which mails will be delivered must depend upon the hours at which they are received. The number of daily deliveries, and the hours at which the letter-carriers will leave the Post Office, shall be duly notified from time to time in each Post Town.

Late Letters.

56. Except when a Post Master General shall deem a longer interval necessary, "late-letters" will be received at any Post Office until fifteen minutes before the despatch of the mails. But no late letter will be forwarded by the mail preparing for despatch unless fully pre-paid by means of stamps, so as to include the ordinary postage and the late-letter fee. The late-letter fee is half a rupee, except where any lower rate or scale of rates may be specially authorised by a Post Master General for any particular Office.

N. B.—Late letters are such as are posted after the hour fixed for the closing of any mail, and which, therefore, cannot be sent forward by the mail then in preparation unless extra payment be made. No Office shall be kept open merely for the reception of late letters after the usual hour of closing at night. Late letters can be posted only at a Post Office.

Unclaimed Letters, &c., how disposed of.

57. Any unclaimed letter or other article, after remaining unclaimed for three weeks in any Post Office (during which it is entered for at least two week in the list of unclaimed articles exposed in the Post Office), is returned to the Posting Office (through the Dead Letter Office)

for delivery free of charge to the sender, if his name and address are on the cover; and if his name and address are not on the cover, it is forwarded to the Dead Letter Office, where it is opened and returned to the sender in a dead letter cover if his name and address can be ascertained, otherwise it is destroyed after remaining in the Dead Letter Office for one year.

Refused Letters, &c., how disposed of.

58. Any letter or other article rejected unopened by the addressee is, if any postage is due thereon, and if the sender's name and address are written on the cover, returned to the Posting Office (through the Dead Letter Office), in order that the postage due may be recovered from the sender; in all other cases, or when the sender's name and address are not on the cover, such letter or other article is sent to the Dead Letter Office, where it is opened, the postage being recovered from the sender or the cover destroyed.

Unlawful detention of Post Office Messengers, &c., penalty.

59. It is not lawful for any person, unless acting by express order of the Government, to detain, except for a criminal offence, a Post Office messenger whilst carrying the mails, or to detain any carriage or horse upon which the mails are being carried, or on any pretence to open a packet or mail bag or box in transit from one Post Office to another, and any person guilty of such an offence is punishable with a fine not exceeding Rs. 500.

Refusal to deliver up letters, &c., which ought to have been delivered to another person, penalty.

60. Any person who shall fraudulently retain, or wilfully secrete or make away with, or keep or detain, or being required to deliver up by an Officer of the Post Office, shall neglect or refuse to deliver up a post letter or other article which ought to have been delivered to any other person, or mail bag, box, or packet containing a letter or other article which shall have been sent by the post, is punishable with imprisonment for a term not exceeding two years, and is also liable to fine.

Clubbed Packet—Definition of, and prohibition against.

61. A "clubbed packet," according to the definition given in the Post Office Act, is "a packet containing a collection of letters not made by an agent of the Post Office, transmitted through the Post Office with the view of the enclosed letters being delivered to more than one person through the agent of the person by whom the packet was made up," and the public are reminded that the transmission of clubbed packets is an infringement of the Law, rendering the person liable to severe penalties under Section 46 of the Post Office Act.

Government not responsible for loss.

62. Under Section 65 of the Post Office Act, the Government is not responsible for any loss or damage which may occur in respect of anything entrusted to the Post Office for conveyance, and no person employed by the Government in the Post Office Department is responsible for any such loss or damage unless that person shall have caused such loss or damage negligently, maliciously, or fraudulently.

III.—Rates of Postage and conditions of transmission by Foreign Post.

Definition of term "Foreign Post."

(1).—The term "Foreign Post" includes the posts under the control of the Government of India named below :—

India and the Straits ...	British India Steam Navigation Company *viâ* British Burmah. Opium Steamers direct to and from Calcutta.
India, China, and United States of America *via* Hong-Kong ...	Opium Steamers *viâ* the Straits.
India and Ceylon ...	British India Steam Navigation Company. Coasting Steamers between Calcutta and Bombay.

It also includes the land dâk between India and Ceylon. Also all mails sent by private ships or vessels, whether from one Indian Post Office to another, or to and from places abroad.

Also all mails sent by Her Majesty's British packets (Peninsular and Oriental Company) or by the French mail packets, whether from one Indian Post Office to another, or to and from places abroad.

Foreign Correspondence by Private Ship.

(2).—Mails can be sent by any private vessel leaving a port in India, but only such classes of mails are forwarded as can be received under the postal regulations of the country of destination. Banghy parcels cannot be sent to any foreign country by private ship.

Letters, &c., intended for despatch by private vessel should be marked as such by the sender, the name of the vessel being given if transmission by a particular vessel is desired. Letters, &c., not so marked will be forwarded by private vessel only if there be no regular mail communication with the country of destination.

Letters, &c., intended for despatch by private vessel must be *fully pre-paid* by stamps at the ordinary Indian inland rates, and they will be liable on delivery in any foreign country to such postage as may be chargeable under the regulations of that country. This rule does not, however, apply to correspondence sent by private ship to Hong-Kong or the Straits, for which see those entries in the Foreign Post Schedule.

Route by which forwarded.

(3).—The route by which a cover is intended to be sent should be marked on the upper left hand corner of the address side. A cover marked for a particular route, but not fulfilling the conditions of that route (*e. g.*, in respect of compulsory pre-payment of postage), will be treated as if not marked for any particular route. Covers not marked for any particular route will, as a general rule, be sent by the route which stands first in this Schedule, except where there is an earlier or quicker despatch by some other route, or where the first route may require the compulsory pre-payment of a higher rate of postage than has been pre-paid, or where the amount of postage paid may leave no doubt as to the route intended.

Correspondence from or to Aden.

(4).—Correspondence passing direct between Aden and places abroad is governed by the same conditions as correspondence between India and such places, except in respect of *letters conveyed by French Packet*, which, in some instances, are charged at a higher rate when sent from Aden. In all such instances, the rate "from Aden" is given separately in the Schedule.

Correspondence from Aden to India or any Indian Post Office is charged at the rates shown in the Schedule for correspondence from India to Aden.

Letters for Erzeroum and interior of Armenia, Persia, Turkey in Asia, Asia Minor, Cashmere, Cabul, &c.

(5).—It is recommended that letters for Erzeroum and other parts of the interior of Armenia be addressed to the care of some agent at Samsoun or Trebizond, and that letters for Kiermanshah and Hamadan in Persia be sent by the Indian inland post to the Indian Post Office at Bagdad, addressed to the care of some agent there.

Letters for Teheran, Ispahan or Shiraz, *if fully pre-paid with ordinary Indian inland postage*, will be sent to the Indian Post Office at Bushire, and thence forwarded by land dâk to destination.

Letters for such places in Turkey in Asia, Asia Minor or Syria as have no Austrian or French Post Offices (see lists of Austrian and of French Offices in Turkey given in the Schedule), should be addressed to the care of an agent at the nearest port at which an Austrian or French Office has been established.

For instance, letters for Aleppo may be sent to the French Office at Latakia or Alexandretta, and letters for Damascus to the French or Austrian Office at Beyrout.

Letters and other articles for Cashmere are forwarded during the summer months (15th April to 1st November) through the Indian Post Office at *Murree* and thence by Cashmere Post to *Srinuggur*, where an Indian Post Office is maintained temporarily. During the summer, letters,

&c., sent by this route are subject to the ordinary Indian inland rates of postage and to the ordinary rules as respects pre-payment; but additional postage equal to Indian postage is levied on delivery on behalf of the Cashmere Government. During the winter months, letters for Cashmere, *if fully pre-paid with ordinary Indian inland postage*, are forwarded to the Indian Frontier Post Office at Sealkote, and thence by Cashmere post to Jummoo. This route is closed during the summer, when the Murree route is open.

Letters for Cabul, *if fully pre-paid* with ordinary Indian inland postage, are forwarded to the Indian Frontier Post Office at Peshawur, and there made over to the Postal Agent appointed by the Ameer of Cabul. Mails are forwarded by the Agent towards Cabul about three times a week.

Letters weighing more than two ounces.

(6).—The rates for letters given in the Table do not go beyond two ounces, but the rates for heavier letters can easily be calculated by finding the rate in the Table for any fractional part of an ounce, and then adding for the remaining whole ounces at the rate per ounce given in Column D. If, for instance, it be desired to find the rate for a letter to Holland *via* Bombay through Italy weighing from 3 to 3½ ounces—

	Rs.	A.	P.
For a letter not exceeding ½ ounce	0	9	8
For 3 complete ounces at Rs. 1-2-4 per ounce	3	10	0
TOTAL	4	3	8

Prussia and the German Postal Union generally.

(7).—According to the Regulations of the German Postal Union, no letter exceeding 50 grammes (a little more than 1½ ounces) in weight, and containing any other enclosure than paper, can be allowed to circulate by the post. Any letters, therefore, forwarded in the mail to Prussia above that weight, and containing any other enclosure than paper, will be liable, on their arrival at the Prussian frontier, to be stopped, and sent to the Custom House for delivery as *freight*.

Transmission of Jewelry, &c., to Spain, Turkey, and Costa Rica.

(8).—The laws of Spain forbid the transmission by the post within that country, of letters or other packets containing watches, jewelry, or other articles of value which are liable to Customs duties. Any such packets, therefore, which may be forwarded in the mails to Spain will not be delivered, but will be sent back from the frontier. A similar prohibition, on pain of forfeiture, is placed upon the transmission of diamonds and other jewels to the Turkish Empire, and of money and jewelry to the Republic of Costa Rica.

Pre-payment of Postage.

(1).—The postage must be pre-paid by means of postage stamps affixed outside the packet or its cover.

Mode of Packing.

(2).—Every book packet must be sent either without a cover or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination. For the greater security of its contents, the packet may be tied with string, but in such case the Post Master is authorized to cut the string, although, if he does so, he must again tie up the packet.

May contain Printed Papers, but no writing or Manuscript mark.

(3).—A book packet may contain any number of books or *printed papers*, provided they do not contain any writing or other manuscript mark besides the name and address of the person to whom the packet is sent.

May not contain sealed or closed Articles or Manuscript letters.

(4).—A book packet may not contain anything which is sealed or otherwise closed against inspection, nor must there be a letter, nor any communication of the nature of a letter, whether separate or otherwise, unless the whole of such letter or communication be printed. The prohibition in this rule against the inclusion of letters applies also to original manuscript letters, even though they may be old letters which have before passed through the post.

Limit of size.

(6).—No book packet may exceed two feet in length, or one foot in width or depth.

(11).—The conditions of Rule (5) are relaxed in respect of book packets addressed to the places marked 11 in Rule (7) in so far that the packets may contain, besides books and printed

papers, *publications (including printed or lithographed letters), photographs (when not on glass or in any cases containing glass), prints or maps, and any quantity of paper, parchment or vellum, and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed, or plain, or any mixture of these; but no printed matter or prints can go, except such as may be printed on paper, parchment or vellum. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, is allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books, and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the binding, &c., must not be sent as a separate packet, nor can patterns, or books of patterns (unless these consist merely of paper), be permitted.* Under this rule there is no objection to the *name and address of the sender* being written on the book, and, indeed, it is recommended that this be always done, so that if the cover come off, or for any other reason the packet cannot be forwarded, it may be returned. It has been ruled that legal documents, whether printed or written on paper, parchment or vellum, and not being in the form or of the nature of a letter (unless wholly printed), may pass by Book Post under this rule.

Cases, Rollers, &c.

(14).—The conditions of Rule (3) are relaxed in respect of packets addressed to places marked 14 in Rule (7), to the extent of allowing *cases, rollers, maps, book-markers, pencils, pens, &c.*, to be sent in book packets.

Unbound proof sheets with corrections.

(15).—The conditions of Rule (3) are relaxed in respect of packets addressed to places marked 15 in Rule (7), to the extent of allowing *unbound proof sheets*, (but these only) to contain *ordinary corrections of the press.*

Must be unbound.

(16).—As an additional restriction on the conditions of Rule (3), books sent to places marked 16 in Rule (7) must be *unbound.*

Infringement of above Rules.

(17).—If any of the above-mentioned regulations be infringed, and the infringement be detected, the packet will not be forwarded, but if not detected, it will be liable on delivery to the charge of unpaid Letter Postage.

(14).—The restriction in Rule (5) is relaxed in respect of patterns addressed (otherwise than through France) to the places marked 14 in Rule (10), in so far as to permit the transmission of *scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal-tubing, pieces of metal, or ore and such like*, as samples, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and the Officers of the Post Office while at the same time the samples may be easily examined.

Articles of intrinsic value.

(15).—The prohibition in Rule (6) against the transmission of articles of intrinsic value, does not apply to articles sent to the places and by the routes marked 15 in Rule (10). But although samples of intrinsic value may be forwarded, consignments of goods cannot be sent under the name of samples. Where two or more precisely similar specimens of the same articles of merchandize are enclosed in a packet, the contents are ordinarily regarded as not coming within the meaning of the term *samples*, and are objected* to as being consignments of goods.

*e. g., objection was taken by the London Post Office to a packet containing *two* pieces of Tassoo silk, and to another packet containing *three* pairs of boots.

Infringement of above Rules.

(16).—If any of the above-mentioned Regulations be infringed, and the infringement be detected at the posting office, the packet will not be forwarded, and if detected at any other office, it will be liable either to be stopped or to be charged as an unpaid letter.

SPECIAL RATES FOR FOREIGN LETTERS OF SOLDIERS AND SEAMEN.

Classes entitled and rates of charge.

(1).—Subject to the subjoined Regulations, Non-Commissioned Officers, Band Masters, Army School Masters (not being Superintending or 1st Class School Masters), Army School Mistresses, Private Soldiers, or Seamen belonging to Her Majesty's ships, can send and receive letters by British Packet for a postage of 8 pie; but if any such letters are sent wholly or partly by the post of a foreign country, they are subject in addition to the foreign postage, whatever that may be. Thus the postage by British Packet to the under-mentioned countries (including the British Packet charge of 8 pie) is as follows:—

To or from the United Kingdom, Canada, the Cape, or other British Colonies or possessions connected with the United Kingdom by British Packet	*Viâ* Southampton, 8 pie. *Viâ* Brindisi, 2 annas 8 pie.
To or from Malta, Gibraltar, Aden, Ceylon, Straits, China, Japan or Australia by British Packet	8 pie.
To or from Mauritius *viâ* Bombay by British Packet to Aden, and thence by French Packet	[illegible]

Conditions entitling to special rates.

(2).—The conditions entitling to special rates are as follows —

(*a*).—The person claiming the privilege must at the time be actually employed in the Naval or Military service of Her Majesty, and must not be either a Commissioned Officer or a Warrant Officer, or a Superintending or 1st Class School Master.

(*b*).—The postage must be pre-paid, except in respect of letters addressed to the United Kingdom, or other places to which the pre-payment of letter postage on ordinary letters is optional. Unpaid letters received in India are charged, on delivery, 1 anna 4 pie, together with any foreign postage which may be due.

(*c*).—The letter must not weigh more than half an ounce.

(*d*).—It must relate entirely to the private concerns of the soldier, seaman, &c.

(*e*).—Any cover sent by a soldier or seaman under privilege must contain the name of the writer and his class or description in the Vessel, Regiment, Corps or Detachment to which he belongs, and must also bear the signature of the officer having the command of the Vessel, Regiment, Corps, or Detachment to which the writer belongs, as well as the name in full of such Vessel, Regiment, Corps, or Detachment: and any cover addressed to a soldier or seaman under privilege must contain in the address the name in full of the Vessel, Regiment, Corps, or Detachment to which the addressee belongs.

N. B.—Covers sent by or addressed to soldiers or seamen not belonging to a particular *Vessel, Regiment, Corps,* or *Detachment,* or not bearing the specification of such, are obviously precluded from the privilege. For instance, persons described merely as belonging to "Adjutant General's Office," or "Head Quarter Staff," or "Regimental Office Royal Artillery," or as "Shipping Agent," or "Bazaar Sergeant," &c., &c., without specification of a particular *Vessel, Regiment, Corps,* or *Detachment* cannot be recognized as privileged. Nor can the privilege be recognized in respect of covers superscribed under such signatures as those of Quarter Master General or Adjutant General, or under any signature other than that of the *officer having the command of the Vessel, Regiment, Corps or Detachment* to which the writer belongs.

The foregoing particulars should be given in one of the following forms:—

If the letter exceed half an ounce, how treated.

(3).—If the letter exceed half an ounce, or if any of the foregoing Regulations be not complied with, it will be forwarded, charged with the same postage as an ordinary letter.

Letters addressed to care of Agent or sent by or addressed to Soldiers or Seamen in Civil employ not entitled to privilege.

(4).—Soldiers' or seamen's letters received in India from abroad, if addressed to the care of an agent or any other person, are liable to the ordinary rate of postage, the privilege of receiving letters at reduced rates being confined to such letters as are addressed directly to them.

Re-direction when addressee has removed upon service.

(5).—For rules regarding re-direction when the addressee has removed upon service, see the head "Re-direction."

IV.—Re-Direction.

Forward postage when chargeable.

(1).—* Forward postage is chargeable on re-directed articles under the following rules, *viz.*:—

(*a*).—*When the re-direction takes place at the Office of original address,* ordinary forward postage, in addition to postage previously paid or due, is leviable on all articles (letters, newspapers, packets, or parcels) so re-directed.

(*b*).—*In cases of more than one re-direction* forward postage is leviable as above on each re-direction.

* "Forward postage" is the postage (at pre-paid rate) to which the re-directed article would be liable if posted afresh at the Office of re-direction, or, in the case of registered newspapers, if posted afresh at the place of publication.

(c).—*When the re-direction takes place at the Office at which an article is posted* the same rule (a) is observed, but the Post Office is not ordinarily able to attend to instructions for re-direction at the Office where a cover is posted, and does not therefore guarantee attention to such instructions.

Changes of Residence.

(2).—On this subject see the fly leaf at the commencement of this volume.

Re-posted Articles.

(3).—On this subject see the fly leaf at the commencement of this volume.

Incomplete addresses.

(4).—An address which does not include the name of the Post Town from which delivery is intended renders the cover liable to re-direction charge. If, for instance, a cover is addressed only to a Province or a District without the name of a particular Post Office, and is sent to the Capital or Sudder Office of the Province or District, and thence re-directed to the Office of delivery, it is liable to a charge for re-direction.

Special exemptions from re-direction charge.

(5).—Letters posted in India addressed to soldiers (Native or European) are not liable to a charge for forward postage on re-direction to any other place in India. Letters received in India from abroad (under the conditions specified in the preceding Section) for soldiers or seamen who may have removed *upon service* to another place in India are not subject to any charge for re-direction, and if they have removed *upon service* to the United Kingdom or any other station abroad, such letters are not subject to any additional charge for re-direction by British Packet. Newspapers and book packets received in India from places abroad addressed to soldiers (including soldiers' or sergeants' book-clubs, reading-rooms, messes, or libraries) are not liable to a charge for re-direction when forwarded to any other place in India.

(6).—The term "soldiers" as used in the preceding paragraph includes Non-Commissioned Officers, Band Masters, Army School Masters (not being Superintending or 1st Class School Masters), Army-School Mistresses and Privates, but not Warrant Officers or Police or Local Companies or soldiers on leave or in Civil employ. The term "seamen" applies only to seamen belonging to Her Majesty's ships.

Re-direction tickets for Government Officials temporarily absent on tour.

(7).—A Government Official may, when temporarily absent from his station on tour, and on payment of the fee mentioned below, permit the Head Clerk or other Officer of his establishment to forward in the official packet made up by his Office all private covers *arriving to his address by post* which would otherwise have to be re-directed and sent separately by post. The re-direction postage otherwise chargeable will thus be avoided, and in lieu of this a fee of Rs. 12 per annum is payable. The payment will entitle him to the exercise of the privilege for one year from the date on which it is made. The Post Master will issue a re-direction ticket to any Government Official on payment of the above-mentioned fee, and such tickets may be transferred from one Office to another on payment of a transfer fee of one rupee, the Post Master of the Office of issue writing the words "cancelled for——Office" under his full signature, and the Post Master of the other Office writing the words "accepted for——Office" under his full signature. When an Officer holding a re-direction ticket proceeds on tour, he must during his absence deposit the ticket at the Post Office.

A re-direction ticket exempts from re-direction charge only such private correspondence as may be enclosed in an official packet under the above rule.

(8).—The following notification on the above subject was published by the Government of India, under date the 12th August 1870, *viz.*:—

"It having been brought to notice that notwithstanding the concession made "* * * * regarding re-direction tickets for Government Officials temporarily absent on tour, "some Public Officers evade even the moderate yearly payment of Rs. 12 prescribed in that clause "by having their private correspondence forwarded to their camp under official frank without "purchasing a re-direction ticket, the Governor General in Council warns Public Officers of the "illegality of such proceeding and the dereliction of duty involved therein."

V.—Registration.

Full pre-payment of fee and postage.

(1).—Letters, newspapers, and packets may be registered at any Post Office for transmission by Inland Post, provided that the registration fee of 4 annas, together with the postage, be fully pre-paid by means of stamps.

Hours of registration.

(2).—Covers are received for registration at all Post Offices every day, Sundays excepted, from 7 A. M. to 8 A. M., and from noon to 5 P. M. Registered letters intended for despatch by a particular mail must be presented at least half an hour before the time fixed for closing the mail, otherwise they will be stamped "too late" and retained for the following mail.

Banghy parcels need not be registered.

(3).—Banghy parcels being transmitted under the same precautions as registered covers, no separate registration of such parcels is necessary.

Registration makes transmission more secure.

(4).—Registration makes the transmission of a cover more secure as it passes through the hands of comparatively few postal officers, every one of whom has to give an acknowledgment of receipt. But although every endeavor will be made to trace the delinquent in any case of loss of or damage to a registered cover, the Government is not responsible for such loss or damage under Section 65 of the Post Office Act.

Receipts for registered covers.

(5).—A receipt for each cover is given to the sender.

The sender should furnish his name and address.

(6).—The sender of a registered cover is not bound to give his name and address, but he is recommended always to do so, either verbally if he posts the cover himself, or, if he posts it by the hand of a messenger, by writing his name and address on the cover (on the lower left hand corner) or on a separate slip of paper. The name and address of the sender when given are recorded in the despatching Office, so that if the cover miscarries or suffers damage in transit or cannot for any reason be delivered, intimation may be forwarded to the sender.

Registered articles should be securely enclosed and sealed.

(7).—The sender of a registered article is recommended to see that it is enclosed in a cover or envelope of a substantial kind fastened in a secure manner. Sealing wax with a distinct impression (other than that of the current coin) is recommended for fastening the cover instead of or in addition to any other means of fastening.

Letters containing Coin or Currency Notes must be registered.

(8).—Letters containing coin or a currency note, or any portion thereof, or postage stamps, cheques or hoondies addressed to any place in India, *must be registered*, and if any such covers the contents of which are apparent or known, be found in the letter box without registration, it is registered and charged on delivery with a double registration fee, in addition to any other postage which may be due. Attention is drawn to the following order of the Government published in the *Gazette of India* of the 27th March 1869), *viz.*:—"In ordinary cases of "lost notes, the Currency Department registers notes reported to have been lost, and com-"municates by letter with the losers. In cases where the holders of notes knowingly disregard "the Notification of Government, making it compulsory to register letters containing currency "notes, payment for half notes lost under such circumstances should only be made as the "law would oblige, *viz.*, at the counter of the Currency Office under the usual bond, and the "Currency Office should refuse to correspond regarding notes so lost, or to remit the amount "as is done in ordinary cases." See also the instructions and advice on this subject given on the fly leaf at the commencement of this volume.

Registration to places abroad.

(9).—Letters may also be registered to those places abroad to which registration is available (*vide* Foreign Postage Schedule), provided that the postage is fully pre-paid, as well as the full amount of the registration fee shown in the Schedule. In some cases (marked "d" in the Schedule) the charge on a registered letter is double of the ordinary postage, no separate fee being levied. Registered letters to such places must be fully pre-paid at double the ordinary rates.

It is to be understood that registration to places abroad applies only to letters or packets pre-paid at letter rates, except in respect of the United Kingdom, the United States of America, and British Colonies, to which newspapers, books, and patterns may also be registered when sent by British Packet.

VI.—Official Correspondence.

A.—PRIVILEGED OFFICES.

(1).—The officials and public Offices enumerated in the annexed list will be privileged to send and receive by Inland Post (without payment of postage) covers *bonâ-fide* and exclusively on Her Majesty's Service.

(2).—Each cover posted by a privileged official or office must be endorsed and addressed according to the specimen form given in the margin, under the full signature (autograph or stamp) of the privileged official or of the Superintendent or other principal officer of the privileged office.

The above privilege applies only to Government Gazettes sent to public officers and to persons who do not subscribe to them. Government Gazettes sent to subscribers must be prepaid like ordinary newspapers with ordinary postage labels, the charge for the postage being recovered from the subscribers.

B.—OFFICES NOT PRIVILEGED.

(4).—Offices not privileged consist of those Government offices which are not included in the list, and do not therefore enjoy the privilege referred to in Rule (1).

(5).—Official covers from offices not privileged and addressed to other than privileged offices, should be prepaid* by service postage stamps purchased at the Government treasury or other local stamp depôt. These stamps, when used in payment of postage, must be supported by the superscription on the cover "On Her Majesty's Service," under the full signature and official designation of the Government officer who sends the cover, or of the Head Clerk or Superintendent of his office or of other responsible officer to whom the duty of despatching is confided. The particular officer who signs the cover must enter in full his own official designation, in order that his individual responsibility may be enforced in cases of doubt or fraud. The superscription and signature should be entered in the form marginally given. Service stamps affixed to a cover without the above superscription will not be recognised by the Post Office in payment of postage. Treasury officers are enjoined not to sell service stamps to any but Government officials.

C.—CORRESPONDENCE SUPERSCRIBED "SERVICE BEARING."

(6).—Covers sent, whether by Letter Post, Book Post, or Banghy Post, by Government Officers in their official capacity, which relate nevertheless to the private interests and concerns of the individuals addressed, may be endorsed according to the specimen form given on the margin, under the full signature and official designation of the person by whom they are sent. Covers so addressed will be regarded by the Post Office as private covers, but will be charged on delivery with bearing postage at "forward" (*i. e.*, prepaid) rates, and not at double rates. Under this head come replies sent to communications of the kind noted in the margin, as well as any other communications of a like kind which Government Officers may make to individuals (whether private persons or Government Officers) relating to the private interests of the addressees.

Service Bearing.

To

A. B.,

C. D., CALCUTTA.

Accountant General.

Petitions, applications for appointments, requests for transfer, enquiries about title to leave, &c.

(7).—Covers sent by private persons to Government Officials relating to the affairs of Government, and endorsed according to the specimen form given on the margin, under the full signature of the sender (the address including the full official designation of the public Office to which the cover is sent) will be charged on delivery at the rate to which they would have been liable if pre-paid by stamps. This rule is intended to provide for cases of zemindars reporting the occurrence of crime to a Police Officer; of employers of laborers sending returns required by the Protector; and of any similar reports or returns authorized to be so sent.

Service Bearing.

To

THE DISTRICT SUPERINTENDENT OF POLICE,

LUCKNOW.

Signature of sender.

(8.)—In cases where it is not thought advisable to entrust postage stamps to a subordinate Official who has to correspond with, or send returns to, a superior (not being a privileged Officer), he may be allowed by his superior to address official covers to him under the above rule; and the same course may be adopted in other cases where it is found convenient or proper to make the postage charge fall on the receiving Office.

D.—MISCELLANEOUS.

(9).—Covers sent by an unprivileged office properly superscribed, but without stamps will be charged with postage on delivery at prepaid rates; and if the stamps affixed be insufficient, the deficiency will be charged. Any irregularity or incompleteness of the address or superscription of a cover whether posted by a privileged or unprivileged office, will render it liable to be treated as an ordinary unpaid cover, any service stamps which it may bear not being recognised.

(10).—Official covers marked for transmission by letter post (*a*), book post, or bangy post, will be forwarded and charged accordingly, provided that the maximum weight of 600 tolas is in no case exceeded. The limit of size and restriction of contents prescribed for ordinary book packets do not apply to service packets (*b*), nor do the rules relative to the mode of packing book packets in covers open at the end, or of packing banghy parcels in wax-cloth or tin with seals, &c., apply. But all service covers must be securely packed.

(*a*). Officials are warned against unnecessarily superscribing for transmission by Letter Post covers exceeding 10 tolas in weight.

(*b*). The concession of these privileges in respect to service book post packets renders the use of the more expensive bangy post but rarely necessary.

(11).—Official covers not marked for transmission by any particular means, will (except as respects gazettes specially provided for below) be forwarded by letter post if they do not exceed 10 tolas, and by book post if they exceed that limit. Gazettes superscribed as such will be forwarded by letter post.

(12).—Official communications addressed to Government Offices "On Her Majesty's Service" or "Service Bearing," under the prescribed superscription and signature, are not liable to additional postage on account of re-direction.

(13).—Government Officers are bound to receive and pay any postage* which may be due on covers addressed to them under the superscription "On Her Majesty's Service." If the charge of postage results from any irregularity or omission on the part of the sender, his fault should be represented to the proper authority.

*The postage due on covers delivered either service bearing or "On Her Majesty's Service" is to be marked on the cover under the initials of the Post Master or Deputy Post Master.

(14).—Government officials desiring to register official letters or book packets can do so by pre-paying the registration fee (4 annas) in addition to the postage; but if the cover be one sent by or addressed to a privileged office, the registration fee only need be pre-paid, the postage being regarded as covered by the frank.

(15).—Officers in charge of Telegraph Offices, when posting telegraph messages for onward transmission by post, are entitled to get receipts for them. Such receipts must be presented ready written in the form ordinarily used by the Telegraph Offices when delivering telegraph messages to the addressees. The Post Master will compare the receipt so presented with the address of the cover accompanying it, and, if correct, will affix the Post Office Stamp in acknowledgment of receipt. All covers for which receipts are claimed under this rule must be superscribed with the word "Telegram" and must be fully prepaid.

(16).—Government Officers when on leave, and those who have retired from the service of Government, can correspond only as private individuals.

E.—OFFICIAL CORRESPONDENCE WITH PLACES ABROAD, OR BETWEEN INDIAN POST OFFICES WHEN CONVEYED BY BRITISH OR FRENCH MAIL PACKETS.

(18).—The rules contained in the preceding sections relate exclusively to official inland correspondence, *i. e.*, correspondence conveyed between one Indian Post Office and another by Her Majesty's Indian Post.

(19).—Official correspondence with places abroad, or between Indian Post Offices, when conveyed by British or French mail packets (*e. g.*, between Bombay and Aden), is governed by the same rules as ordinary private correspondence, and must either be pre-paid by service stamps (under the superscription and signature prescribed by Rule 5), or, where pre-payment is optional, be forwarded as unpaid, subject to the levy of postage on delivery.

(20).—The only exception to the preceding rule has reference to official letters (not newspapers or book or pattern packets) sent by British packet to or from the public functionaries or departments in London which have special accounts for overland letter postage with the London Post Office. Official letters intended for such Offices need not be pre-paid if superscribed as "On Her Majesty's Service" under the full signature and official designation of the sender. The public functionaries or departments in London, which have accounts with the London Post Office, are Adjutant General's Office (Horse Guards), Admiralty (Somerset House and Whitehall), Audit and Exchequer Department (Somerset House), Board of Trade (Whitehall), Census Office (Craige's Court), Chancellor's Office (Downing Street), Charity Commission (York Street, St. James), Chelsea Hospital (Chelsea), Civil Service Commission (Cannon Row, Westminster), Colonial Office (Downing Street), Colonial Land and Emigration Office (Park Street, Westminster), Commander-in-chief's Office (Horse Guards), Council of Military Education (Great George Street), Council Office (Downing Street), Court of Bankruptcy (Basinghall Street), Courts of Chancery (Lincoln's Inn Fields and Chancery Lane), Court of Probate (Doctors Commons), Crown Agents for the Colonies (Spring Gardens), Duchy of Cornwall (Buckingham Palace Gate), the Customs (Lower Thames Street), Ecclesiastical Department (Whitehall Place), Endowed Schools Commission (Victoria Street), Exhibition Commissioners (1851) (Westminster), Foreign Office (Downing Street), Her Majesty, Home Office (Whitehall), House of Commons, India Office (Charles Street, Westminster), Irish Office (Great Queen Street, Westminster), Inland Revenue (Somerset House), Local Government Act Office (Richmond Terrace, Whitehall), Merchant Seamen's Office (Adelaide Place, London Bridge), Metropolitan Police Office (Whitehall Place), Pay Master General (Whitehall), Local Government Board (Gwyder House, Whitehall), Post Office, Prisons Office (Parliament Street), His Royal Highness the Prince of Wales, Quarter Master General's Office (Horse Guards), Registrar of Friendly Societies (Abingdon Street), Registrar General's Office (Somerset House), Royal Artillery, Royal Marines (New Street), Science and Art Department, Warden of Standards, Stationery Office (Princes Street, Storey's Gate), Tithe Copyhold and Enclosure Commissioners (St. James Square), Treasury Office (Whitehall), Tower, Veterinary Department of the Privy Council (Princes Street, Westminster), War Office (Pall Mall), Woods Forests and Land Revenues Office (Whitehall Place), Works and Public Buildings Office (Whitehall Place).

(*a*).—From any local depôt (all Government Treasuries are local depôts) in quantities of the value of not less than Rs. 5 worth of labels at a time, and not containing any fraction of a rupee. For instance, Stamps of the value of Rs. 6-8-0 or any other fractional value cannot be purchased, but any quantity of an aggregate value represented by whole Rupees (not being less than five) may be purchased whether the purchase includes one or several classes of Stamps.

(*b*).—From any Post Office, Receiving House, Tehsildaree, Thanna or Police Station where letters are received for despatch, or from any rural messenger whose business is to collect as well as to deliver letters. On such purchases no discount is allowed, the Stamps being sold in any quantity, however small, at the value denoted thereon.

Embossed envelopes are sold in packets, each packet containing 16 envelopes or 16 sheets of paper. The present rates of charge are as follows:—

For a packet of 1 anna envelopes	1 0 0	0 0 0	1 0 0

Embossed envelopes purchased from local depôts are subject to the same rule in respect of minimum quantity as Postage Stamps similarly purchased, the minimum quantity and the discount being reckoned on the value of the Stamps.

Pre-payment can only be made by Stamps.

(3).—Pre-payment of postage can only be made by means of Stamps (adhesive or embossed), except in respect of banghy parcels, which may be pre-paid in cash.

Advantage of embossed envelopes.

(7).—Stamps previously obliterated or defaced or cut out from embossed envelopes or paper may not be used; and any letters or other articles to which they may be affixed are treated as unpaid.

Stamps other than Postage Stamps not to be used.

(8).—Receipt or other inland Revenue Stamps cannot be used in place of Postage Stamps, nor can Postage Stamps which have been torn, cut, or otherwise rendered imperfect be used.

VIII.—District Post.

The District Post, or, as it is sometimes called, the Zemindaree Dâk, is an institution quite distinct from the Imperial Post. It consists of lines of communication between Police and Revenue Stations in the interior of districts, and is maintained primarily for the purpose of conveying official reports, &c. It was originally, and is still in many parts of the country, under the control of the local Judicial or Revenue Authorities, but in the Bombay Presidency and in the North-Western Provinces, and throughout the greater portion of Bengal, this control has been transferred to the Officers of the Imperial Postal Department. Even in those provinces, however, the transfer is due merely of control, there being no amalgamation of the District and Imperial Posts, and the primary object of the former, *viz.*, the conveyance of official reports and correspondence, is equally kept in view, although the arrangement of course admits of a more free utilization of the District Post for the conveyance of private correspondence. As a general rule, all unpaid and insufficiently paid letters and other articles posted in a District Office are forwarded to the Imperial Post Office at the head quarters of the district for transmission thence to their destination, pre-paid articles only being sent direct. Private letters, &c., delivered through the agency of the District Post are subject to a delivery fee of ½ anna per cover when the delivery is effected otherwise than by rural messengers or ordinary letter-carriers.

IX.—Government Carrying Agency, commonly called the Government Bullock Train.

Government Bullock Train—its object and management.

(1).—The Government Bullock Train is an agency for the booking and conveyance of passengers and packages. The agency is under the management of the Post Office Department, and the Agency Offices are under the charge of the Post Masters or Deputy Post Masters of the places named.

Packages may be sent paid or unpaid.

(2).—Packages can be forwarded either paid or unpaid between any of the Agency Offices.

(7).—Passengers proceeding by Bullock Train are booked only for road transit, and are charged at the rate payable for three maunds of goods. No charge is made for children in arms under 2 years of age when travelling with their parents or guardians. Children from 2 to 12 years of age are charged half the fare of an adult. Passengers by Bullock Train are allowed 20 seers of baggage free of charge; no baggage allowance is made for children under 2 years of age who travel free; for children from 2 to 12 years of age, paying half rate, the baggage allowance is half, *i. e.*, 10 seers. Conditions of charge.

(10).—The following conditions are observed in calculating charges, *viz.*:—

(*a*).—No package, however small, will be charged at a less rate than one maund, but a despatch consisting of more than one package made by the same party and bearing the same address will be charged according to aggregate weight, with a booking fee of 2 annas on each package in addition.

(*b*).—Fractional parts of a maund will be charged as a maund.

(*c*).—Light packages may, at the discretion of the Government Agent, be charged by measurement at the rate of 5 cubic feet per maund, and the hire for their carriage must be pre-paid.

(*d*).—No package will be conveyed between any two stations for less than 4 annas.

(*e*).—In making the charge on any package sent single or on a consignment of packages, fractional parts of an anna will be reckoned as a full anna.

(*f*).—Packages which may be re-directed will be charged for the re-direction as if for a fresh despatch.

Mode of packing.

(11).—Articles liable to injury by pressure or by the usage to which they are necessarily subjected in the process of loading, unloading, &c., should be securely packed in substantial cases, and those liable to injury by damp or wet should be placed in water-proof coverings. Unpacked articles, such as bricks, timber, &c., can be booked only under special arrangements.

Mode of writing addresses.

The wagons or carts so engaged may be filled with troops and baggage in such way as is convenient, subject only to the condition that the aggregate weight shall not exceed 30 maunds for a wagon and 15 maunds for a cart, and to any local regulations in respect of weight on hill roads or bridges. Troops can only be forwarded on road lines under departmental management. Troops cannot be forwarded on the hill lines above Kalka.

* On some roads wagons are used, on others carts are used; and the supply will be furnished accordingly.

(17).—Troops sent singly or in small numbers as passengers on lines under departmental management will be charged at the same rates as passengers, and will be allowed to carry, as free baggage, the authorized kit.

Certain Government Officers authorized to send packages, &c., without actual payment.

(18).—Government Officers must pay for the use of the Bullock Train in the same way as private parties, but troops, passengers, or goods, forwarded under a requisition signed by an authorized Officer, will be forwarded and delivered without actual payment, subject to adjustment with the Offices of Account in Calcutta.

(19).—Requisitions from these Officers must contain a full specification of the number of packages and the address of each, the number of passengers and their destination, and the number of carts or wagons (as the case may be) required for troops, with the station of address.

Such Officers may also receive packages, &c., without actual payment.

(20).—The Officers authorized to send packages without actual payment may also receive packages addressed to them without actual payment, subject to adjustment with the Offices of Account in Calcutta.

Gunpowder, &c.

(21).—Persons booking goods by the Government Bullock Train are warned not to send Gunpowder, Lucifer or Congreve Matches Naphtha, Mineral Acids, Gun-cotton, or similar articles of an explosive or highly inflammable nature, or any articles likely to cause injury to other packages. Persons tendering such articles for despatch are liable to the penalty prescribed in Section 42 of the Post Office Act of 1866, in addition to any other claim to which their act may give rise. As an exception to the above, Kerosine-oil, Rangoon-oil or Petroleum, duly labelled or marked, and declared as such, when securely packed and weighing more than a maund, will be received. As a further exception, the Department will convey by road (but by road only) consignments of such articles received from Government Officers specially authorized by the rules to make requisitions for the transmission of goods; but in such case the requisition must clearly specify the nature of the contents, and the charge will be at double rates, the minimum chargeable weight being 20 maunds. No such articles, even when sent by authorized Officers, will be booked by the Bullock Train Department for conveyance by Railway.

A direction written on a card is not to be received. Packages suspected to have been sent in contravention of the preceding rule must not be received.

Unclaimed Packages.

(23).—All packages sent by the Government Bullock Train which are not claimed and taken away either by the parties to whom the same are addressed, or the parties sending the same within three calendar months from the date of the arrival of such packages at their respective destinations, will, after the expiration of that period, be advertised, and after the expiration of three calendar months from the date of advertisement be sold, without further notice, by public sale under the order of the Post Master General or Post Master, and the proceeds arising from such sales will be appropriated by Government without further notice to any party interested, and neither the sender nor the addressee of any package which shall be sold as aforesaid, nor any person or persons on his behalf, shall have any right, title, claim,

or demand, whatsoever, either at law or in equity, after the expiration of the period hereinbefore mentioned, to recover from Government either the package or its contents, or the value thereof, or the sum or any part of the sum realized in the sale thereof as aforesaid.

Government not responsible for loss or damage.

(24).—The Government will not be responsible for any loss of, or damage to, packages sent by Bullock Train, whether caused by fire, tempest, the state of the roads, or any negligent, improper, or criminal act on the part of the persons in charge of the train, or otherwise concerned in the conveyance or delivery of the goods: packages booked at a Bullock Train Office will, whenever convenient, be forwarded by Railway at the risk of the sender.

Coin, Bullion, &c.

(25).—In order to protect the Bullock Train despatches from the chance of robbery, Officers in charge of Post Offices are prohibited from *knowingly* receiving coin, bullion, precious stones, or jewellery for transmission by Bullock Train.

Packages addressed to Out-stations.

(26).—Packages addressed to out-stations *i. e.*, stations off the Bullock Train lines, can only be booked to the nearest Bullock Train Office and forwarded thence at the risk of the owner by country cart or such other opportunity as may offer. The Bullock Train Agent who engages the country cart, &c., will forward a memorandum of the charges incurred, adding 10 per cent. as commission thereon, which must be paid by the addressee in addition to any other charge which may be due.

X.—Passenger Service.

DARJEELING ROAD.

The rules for the passenger service on the Darjeeling Road will be modified on the introduction of a fresh set of carriages differing in construction from those now on the line. The modified rules are intended to be as follows:—

(1).—The Head Quarters of the Superintendent are at Purneah, to whom all complaints should be addressed.

(2).—The accommodation offered to the public is of three kinds :—

1st.—An "Express" Carriage, *i. e.*, a special vehicle engaged by a traveller, or party of travellers, starting as far as possible at the hour desired by the traveller.

An "Express" Carriage contains at most three inside and one outside passengers and may be occupied as follows :—

By one passenger with	... ...	5	Maunds of luggage,
or by two passengers with	... ...	3½	" " "
or by three passengers with	... ...	2	" " "
or by four passengers with	... ...	½	Maund " "

2nd.—An "Ordinary" Carriage to start from Carragola daily (provided there be at least one inside passenger), half an hour after the arrival of the steamer; and the same from Silligory, timed so that under ordinary circumstances it may reach Carragola at least one hour before the hour fixed for the departure of the steamer.

"Ordinary" Carriages contain three inside and one outside seats; each inside seat entitles the holder to take with him 20 seers of luggage and the outside seat-holder may take 10 seers. Persons desiring to take extra luggage can engage extra seats (within the maximum limit of three "inside" and one "out"). Each extra inside seat will entitle the holder to take one and half maund of extra luggage, the outside seat similarly taken entitling him to take half a maund of extra luggage.

3rd.—One seat on the Mail Cart (beside the driver) with 10 seers of luggage.

NOTE.—When the state of the traffic demands it the Post Master General may order *both* "Ordinary" Carriages, to start from Carragola, or *both* from Silligory. When no "Express" Carriage has been bespoken for any day, an additional "Ordinary" Carriage may be started, if required from Carragola.

(3).—Passengers by "Express" Carriages may travel right through, or may halt not more than eight hours at any place they choose. Passengers by "Ordinary" Carriages will halt eight hours at Kissengunge, unless the whole party agree to halt at some other place, or desire to travel through without any halt.

(4).—Passengers by Mail Cart halt only for change of horses, and for the time required for taking up and putting down the mails at Post Offices.

(5).—The charges (exclusive of ferry charges at Dingraghat) for the whole journey, either "up" or "down" are as follows :—

a.—For an "Express" Carriage	Rs.	120
b.—For each inside seat in an "Ordinary" Carriage ...	"	40
c.—For the outside seat in an "Ordinary" Carriage ...	"	15
d.—For the Mail Cart Seat	"	25

e.—Mileage charge when made under Rule 8 or Rule 9—

By "Express" Carriage	One Rupee per mile.
" "Ordinary" Carriage each seat ...	Ten Annas " "
" Mail Cart	Six Annas " "

[NOTE.—One child under 3 years will be carried free; any other child under 3 and all children between 3 and 12 are charged half fare; persons above 12 years are charged full fare. If there be more than one child under 3 years of age belonging to different passengers by "Ordinary" Carriage, the child belonging to the passenger who first engaged his or her seat will be carried free, and the other child or children will be charged.]

(6).—The Booking Offices are at Carragola, Purneah, and Silligory. Applications for an "Express" Carriage (whether for "up" or "down" journey) should be made to the "Post Master, Purneah." To prevent disappointment, such applications should be made as long as possible before the day on which the Carriage is required. All applications for an "Express" Carriage

must be accompanied by a remittance, and must state the day and hour at which the carriage is required, and the places from and to which the journey is to be made. Passengers who arrive at Carragola without having ordered an "Express" before hand may obtain one by application to the Post Master of Carragola provided no "Express" Carriage for the day has been previously engaged by any other person.

(7).—Seats in an "Ordinary" Carriage or on the Mail Cart may be secured by application (verbal or in writing) to the Deputy Post Master, Carragola, for the "up" journey, and to the Deputy Post Master, Silligory, for the "down" journey.

(8).—When an "Ordinary" Carriage or a Mail Cart not fully occupied by passengers arrives at any intermediate station, the Deputy Post Master is authorized to grant accommodation to any traveller to any station in advance, charging therefor the "mileage" rate prescribed by Rule 5 e.

Persons who desire to start from a non-terminal station otherwise than under the first paragraph of this rule, can do so only by engaging at least one seat in an "Ordinary" Carriage, and paying as if they had started from the terminus in rear.

(9).—Dâks starting from a terminus for distances less than the whole distance from terminus to terminus, can be booked beforehand, only on pre-payment of the full charge from terminus to terminus; but if no application is received for a "through" dak, by "Express" Carriage for the same day, or if the "Ordinary" start with less than its full complement of "through" passengers, the charge for the part distance will be as given in Rule 5 e., and any excess payment which may have been made in advance will be refunded. The "part distance" will be reckoned from the terminus to the destination of the traveller.

(10).—No passenger will be allowed to take his place either in an "Express" Carriage or in an "Ordinary" one, or in a Mail Cart, until he has paid his fare, has had his luggage weighed and has been furnished with a "pass" for his journey.

(11).—Passengers are required to show their passes when required by Officers on the line, and are requested to deliver up their passes at the end of the journey.

(12).—Dâks will be available only for the day and at the hour for which they are engaged.

(13).—Fares once paid will not be returned (even though the dâk be not used), except on very strong grounds, and under special application, to be made through the Superintendent to the Post Master General, Bengal.

(14).—Dogs, birds, &c., can be conveyed by travellers proceeding by "Ordinary" Carriage in their own charge and at their own risk at the rate of one anna per mile for each dog or bird, provided that there is room for them, and that other passengers do not make objections.

(15).—Travellers are particularly cautioned against exceeding the authorized time allowed for halting. (See Rule 3.) An unauthorized extension of halt will generally result in no horses being available for the passengers who thus break the rules, until all passengers in the rear have been served.

LINES IN THE NORTH-WESTERN PROVINCES.

(1).—The postal lines from Shekoabad to Etah *via* Mynpoory, from Agra to Morar *via* Gwallior, from Agra to Ajmere *viâ* Jeypore, from Meerut to Kaladoongee at the foot of the Nyneetal Hills, and from Saharunpore to Rajpore for Mussooric, are maintained under contract, the Post Office Department having no connection with the passenger service.

(2).—The following postal lines in the North-Western Provinces are maintained under Departmental management, *viz.*—

1. Indore to Khundwa on the Great Indian Peninsula Railway.
2. Etawah to Bareilly.

(3).—Express Dâks are not granted on the above lines.

(4).—Seats on the ordinary mail cart or van are given on the above lines (provided there is room in the cart or van) at the following rates, *viz.*:—

LINES.	DESCRIPTION OF VEHICLES.	CHARGE PER SEAT.	DAK BUNGALOWS ON THE LINE.
Indore to Khundwa ...	Ordinary mail carts ...	3 annas per mile ...	Dâk Bungalows at Indore, Simrole (14 miles), Burwai (40 miles), and Khundwa (81 miles).
Etawah to Bareilly ...	Do. do. ...	2½ annas per mile ...	Dâk Bungalows at Etawah, Futtehgurh (63 miles), and Bareilly (138 miles).

(5).—The following rules are applicable to passengers travelling on any of the above-mentioned lines:—

General Rules.

(6).—Each passenger travelling by ordinary mail cart or van is allowed 10 seers of luggage free; an additional 10 seers may be taken should the weight of the mails permit thereof; such extra luggage will be charged at Banghy rates.

(7).—All luggage, of whatever description, is considered to be under the passenger's personal charge and at his own risk.

(8).—Animals and birds in cages may be conveyed, should there be room, at the rate of 2 annas per mile, being in the owner's charge and at his risk; no animal or bird will be conveyed by mail cart unless accompanied by its owner.

(9).—Children under 4 years are conveyed free; for children above that age the same fare is charged as for an adult.

(10).—All fares are payable in advance at the Post Office whence the vehicle starts, and no refund of fares, when once paid, will be allowed, unless it can be shown that the requirements of the mail service prevented the conveyance of the passenger.

(11).—Seats can only be booked from one Post Office to another, the charges for intermediate distances being the same as those from one Post Office to another.

(12).—Mail vehicles will take up and put down passengers at the Post Office only.

(13).—Passengers wishing to break the journey may halt where they please on the road, and they will be taken on next day, provided there is a seat vacant; but in no case can a passenger thus halting and wishing to go on by the next day's mail displace any passenger who is desirous of going through.

(14).—Passengers can be booked at intermediate or non-terminal Post Offices only conditionally on room being available for them on the cart.

(15).—Passengers are warned against ill-treating the establishments or delaying the mails, as they thereby render themselves liable to penalty under the Post Office Act.

UMBALLA AND KALKA ROAD.

The rules regarding the conveyance of passengers on the Umballa and Kalka Road are given below:—

(1).—The head quarters of the Superintendent of the Simla Passenger Dâk are at Umballa.

(2).—The Booking Offices are Umballa, Simla, and Kalka. Booking at Kalka during the down traffic from Simla is limited to such seats or carriages as have not been engaged at Simla, and can take place only on the day of starting after receipt at Kalka of the Simla mail of the previous evening.

(3).—The accommodation offered to the public is of two kinds, *viz.* :—

1st.—An express carriage, *i. e.*, a special vehicle engaged by a traveller or party of travellers starting as far as possible at the hour desired by the traveller.

2nd.—A seat or seats in an "ordinary," *i. e.*, a vehicle carrying mails starting from the Post Office at a fixed hour, and travelling right through without any detention.

(4).—Express carriages will be charged for at Rs. 30 for the journey.

The amount of luggage to be conveyed by an express dâk will be limited as follows:—

1	6
2	4½
3	3
4	2

(5).—In the ordinary van, four seats will be available (if the weight of mails admits) at a charge of Rs. 6 per seat, twelve seers of luggage being allowed free to each passenger. Passengers desiring to take extra luggage can engage extra seats (at the above rate), each extra seat so taken entitling the holder to carry one and a half maunds of extra luggage.

(6).—Dâks can be booked only on payment of the fare, and will be available only for the day, or time of day, for which booked in respect of express carriages, and for the day and particular van for which booked in respect of seats by ordinary vans.

(7).—Fares once paid will not be returned (even though the dâk be not availed of), except on very strong grounds and under special application through the Superintendent of the line to the Post Master General, Punjab.

(8).—Dogs, birds, &c., can be conveyed by travellers proceeding by ordinary van in their own charge and at their own risk at the rate of one anna per mile for each dog or bird, provided that there is room for them, and that other passengers are not inconvenienced thereby.

(9).—Dâks for short distances, *i. e.*, for any station nearer than the terminus or next onward Booking Office, can be booked beforehand only on payment of the full charge to the terminus; but if there be no application for a through dâk up to one hour before the time when it is available, a dâk for a shorter distance may be obtained on payment of the corresponding mileage rate for the actual distance.

(10).—Travellers are particularly cautioned against detaining the ordinary van, as they thereby detain the mails, and render themselves liable to penalty under the Post Office Act. Any traveller detaining an ordinary will also be liable to pay for the whole journey at express dâk rates.

(11). For one or two months in the spring (to be fixed by special notice), the Calcutta Post Office will be allowed to book express dâks from Umballa to Kalka.

(3).—The charge shown for an *Express Van* in the schedule is subject to the condition that not more than 8 maunds are carried, each adult person (over 12 years of age) being reckoned as equivalent to 2 maunds, each child (from 3 years to 12 years of age) as equivalent to 1 maund, and children under 3 years of age not being calculated. Any weight over 8 maunds will be charged at the rate of 5 Rupees per maund for the whole distance, but no carriage may be laden with more than 10 maunds.

(4).—The charge for an *Express Cart* in the schedule is subject to the following conditions in respect of luggage, *viz.*, for one seat, 1 maund: for two seats, one maund each, or 2 maunds in all: for three seats, ½ maund each, or 1½ maunds in all. When only one seat is taken, the traveller may carry extra luggage to the extent of 4½ maunds, paying for it at the rate of 2 annas a mile for every 1½ maund or fraction thereof. When only two seats are taken, the traveller may carry extra luggage to the extent of 1½ maunds, paying for it at the rate of 2 annas a mile.

(5).—The total number of passengers (children above 3 years of age and native servants included) must not exceed four in any one Express Van and three in any one Express Hill Cart.

(6).—A "station fare" is charged in addition to the rates mentioned in Rule (3) in all cases in which the Express is sent to the traveller's residence before starting, and it entitles the traveller to be conveyed, if desired, to his residence at the station of destination. The station fare is 12 annas.

(7).—When a traveller by Express desires to start from his residence, the conveyance will be sent to it half an hour previous to the time fixed for despatch, and when ready for departure, will be driven to the Post Office, in view to the baggage and number of travellers being checked by the Booking Office. After the realization of any sum which may be due for extra weight, a printed receipt will be given to the traveller.

(8).—All baggage is regarded as in the traveller's own charge and at his own risk, and all such baggage must be weighed at the Post Office before the pass is given or the carriage allowed to start.

(9).—Travellers cannot ordinarily be booked over more than one line or beyond the next onward Booking Office on the same line, but those wishing to be booked for a greater distance may communicate with the Superintendent (Rawul Pindee) who will endeavour to meet their wishes.

(10).—Dâks for intermediate places, *i. e.*, for any station nearer than the terminus or next onward Booking Office, can be booked beforehand only on payment of the full charge to the terminus or next onward Booking Office; but if there be no application for a through dâk up to one hour before the time when it is available, a dâk for a shorter distance may be obtained on payment of the prescribed mileage rate for the actual distance. Dâks from intermediate places can only be booked from the nearest Booking Office in rear on payment of the full fare from that Office to the Booking Office in advance.

(11).—Fares must be paid in advance, and when paid will not be returned (even though the dâk be not availed of on the day for which it was booked), except on very strong grounds, and under special application made through the Superintendent to the Post Master General.

(12).—Travellers by Express are allowed to halt on the road according to their own convenience, provided that in no case must the period of halting during the entire trip between any two Booking Offices exceed 12 hours. Any further detention on the road will disorganize the arrangements of the line, and cause delay and inconvenience to travellers in rear.

(13).—Travellers by Express wishing to use their own carriages can do so, provided that such carriages are considered by the Post Master of the Booking Office to be in every respect suitable for the horses of the line. Such conveyances must be driven by coachmen of the department, and all the rules as to baggage, number of travellers, halts, &c., must be adhered to. The fare will be the same as when the carriage is supplied by the department.

(14).—Travellers are enjoined to be careful not to abuse or maltreat the road establishment. Any irregularity or incivility on the part of the establishment should be at once reported to the Superintendent (Rawul Pindee), or direct to the Post Master General (Lahore), when immediate enquiries will be made and the parties in fault punished.

Seats in Ordinaries.

(15).—Extra baggage by *Ordinary* Van beyond the amounts specified in the schedule can only be taken if the full number of seats have not been engaged up to 15 minutes before the time of starting, and in that case the vacant seat or seats may be taken up for luggage, each extra seat so taken entitling the passenger to carry 1½ maunds of extra luggage. The charge for such extra seats will be at the rate of 1½ annas per mile by Ordinary Van or and 2 annas per mile by Ordinary Hill Cart.

(16).—No more than four passengers can be allowed to travel in any one Ordinary Van, and no more than three passengers in any one Ordinary Hill Cart.

(17).—Inside passengers by Ordinary wishing to be taken up at their residences can have a station conveyance sent for them in time to bring them to the Post Office 15 minutes before the Ordinary starts; but this can only be done at Booking Offices, where station conveyances and horses are available.

The charge will be 6 annas for each inside passenger, and the payment will entitle the passenger to be driven in like manner to his residence at the station of destination, provided it is a Booking Office where station conveyances and horses are available.

(18).—Seats for intermediate places, *i. e.*, for any station nearer than the terminus or next onward Booking Office, can be booked beforehand only on payment of the full charge to the terminus or next onward Booking Office; but if there be no application for a through dâk up to one hour before the time when it is available, a dâk for a shorter distance may be obtained on payment of the prescribed mileage rate for the actual distance. Offices at intermediate stations (*i. e.*, where there are no Booking Offices) may grant seats by Ordinary to the next Booking Office to such extent as they may be available; but no promise of a seat can be made till the actual arrival of the Ordinary.

(19).—The following rules regarding Expresses apply also to the Ordinaries, *viz.* :—

RULE 8.—Baggage at risk of passengers and must be weighed at Post Office.

RULE 9.—Travellers not to be booked over more than one line or beyond next onward Booking Office on the same line except under special arrangements.

RULE 11.—Fares to be paid in advance and not to be returned.

RULE 12.—Passengers not to maltreat road establishment and to report irregularities.

(20).—Travellers are particularly cautioned against detaining the Ordinary. Any traveller detaining an Ordinary will be liable to pay for the whole journey at Express rates.

(21).—Dogs, birds, &c., can be conveyed by travellers proceeding by Ordinary in their own charge and at their own risk at the rate of 1 anna per mile for each dog or bird, provided that there is room for them, and that other passengers are not inconvenienced thereby.

XI.—Money Orders.

(1).—The Money Order Offices in India are not under the control of the Post Office Department, but under that of the Comptroller General.

(2).—Orders are issued and paid at most Offices from 10 in the morning till 4 in the evening.

(3).—The following are the rates of commission charged on Money Orders issued, *viz.*—

	Rs. A. P.	Rs. A. P.

Ditto ditto	100 0 0	1 0 0	
Ditto ditto	125 0 0	1 4 0	
Ditto ditto	150 0 0	1 8 0	

(4).—The following form shows the information which should be given in applying for a Money Order, *viz.*:—

Money Order required—

For Rs._____ As._____

Payable at_____

To whom*_____

Name of remitter_____

Address_____

The_____18 .

(5).—The following rules and instructions are printed on each Money Order, *viz.*:—

Payment of this Order must be obtained before the end of the fourth calendar month after that in which it was issued (for instance, if issued in January, it must be paid before the end of May), otherwise a new Order will be necessary, for which a second commission will be charged. And if the Order be not paid before the end of the twelfth calendar month after that in which it was issued (for instance, if issued in January, and not paid before the end of next January) all claim to the money will be lost. *After once paying a Money Order, by whomsoever presented, the Office will not be liable to any further claim.*

If this form be clipped or mutilated there may be difficulty as to paying it.

For the issue of a Duplicate Money Order, for the alteration of name of the Payee or Remitter, or for the transfer or repayment of an Order, an additional commission is charged, which must be paid in cash to the local Money Order Agent, who will forward the application to the local Comptroller or to the Assistant Comptroller General in charge of Money Order Offices at Calcutta, as the case may be, with his acknowledgment enfaced.

For stopping payment of an Order, the same fee must be paid in cash to the local Money Order Agent, who will do the needful for communication to the local Controller or to the Assistant Accountant General, or to the Assistant Comptroller General as above; when, however, the same letter includes application both for the stoppage of payment and for repayment to the remitter, one fee will be sufficient.

To save time and prevent errors, the public are advised to furnish in writing to the Issuing Officer, at the time of application, the full particulars of every Money Order required, and to ascertain, before quitting the Issuing Office, that the Order corresponds with those particulars.

The receipt on the other side must be signed in the manner there described.

Whoever presents the Order, for payment, whether the rightful owner or otherwise, must give full information as to the Name, Surname, and Address of the party who originally obtained it, unless such party be a Firm, when the name of the Firm, together with its Address and Occupation, will suffice. *The only exception to this rule* is, when the Order is presented through a Bank of the town upon which it is drawn, in which case it will suffice that the Order being properly signed, be also crossed with the Banker's name.

These regulations have been laid down to secure, as far as practicable, that payment be made to the rightful party, and all Officers have been instructed to enforce them so far as a due regard to public convenience will permit.

* If a native, insert also his father's name

As, however, *after once paying a Money Order, by whomsoever presented, the Office will not be liable to any further claim,* the public are strictly cautioned—

To take all means to prevent the loss of the Money Order.

Never to send the Money Order in the same letter with the information required on payment thereof.

To be careful, on taking out a Money Order, to state correctly the name of the person in whose favor it is to be drawn.

To see that the Name, Address, and Occupation of the person taking out the Money Order are correctly known to the person in whose favor it is drawn.

Neglect of these instructions will risk the loss of the money, besides leading to delay and trouble in obtaining payment.

XII.—Telegraph Department

INLAND MESSAGES.

The following Rules and Tariff govern the transmission of messages in India, Ceylon, and British Burmah :—

General.

(1).—The accuracy of messages is not guaranteed, and the sender and receiver must accept all risks arising from non-delivery, errors, or delays.

Classes of Offices and Office hours.

(2).—Telegraph Stations are divided into three classes—1*st*, those performing permanent day and night duty; 2*nd*, those performing full day duty; and 3*rd*, those of limited day duty.

Except on the days stated in clause 3, stations in the 1st class are open day and night for the reception and transmission of messages.

Stations of the 2nd class are open from 7 A. M. till 9 P. M.

Stations of the 3rd class are open from 10 A. M. till 5 P. M., and on Sundays and the holidays enumerated in the next clause from 7 A. M. to 8 A. M., and from 4 P. M. to 6 P. M.

Hours of business limited on Sundays and Holidays.

(3).—All Offices will be closed to the public between the hours of 8 and 16 (4 P M)., local time on Sunday, Christmas Day, New Year's Day, Good Friday, and the Queen's Birth-day.

Exceptions in favor of emergent telegrams signed by competent authority.

(4).—In cases of life and death, or of extraordinary emergency, a message countersigned by the Chief Civil authority at a station, or by any of the authorities empowered to "clear the line" (see clause 46), can be sent from any Office at any time.

Limit to length of a message.

(5).—No message or messages of more than 200 words in all can be sent at any one time by any private individual or firm, and no second message by the same individual or firm till after the lapse of three hours, unless the line be free and not required by any one else.

Messages should be legibly written and clearly expressed.

(6).—Senders of messages are advised to write their messages in an unmistakeable and distinct hand, and to use the shortest and most familiar words they can select. The more intelligible the message, the greater is the probability of its being correctly transmitted.

Messages must be written in the Roman character.

(7).—Messages must be in the Roman character, and legibly written.

Messages can be sent in the vernacular, if written in the Roman character, the charge will be the same as for messages in a foreign language.

At stations other than the Presidency Towns every assistance possible is afforded to natives in the translation of messages into English or *vice versâ*.

Form to be followed: Verification of Signature.

(8).—The body of the message must be preceded by the address, and followed by the signature.

The true signature and address of the sender must always be written at the foot of the message.

The sender of a private message can always be called upon to prove that the signature attached to it is genuine.

Full address necessary.

(9).—The address must contain all the information necessary to ensure the delivery of the message at its destination, and the sender must in all cases support the consequences of insufficiency of address. After the message is once despatched, it can neither be completed nor rectified, except by the despatch of a fresh message.

Ordinary, Cipher, Code, and Foreign Messages.

(10).—Messages may be written in the ordinary English language, in cipher, in "code," or in any foreign language written in the Roman character.

Ordinary messages can contain only standard English dictionary words.

Cipher messages are those which consist wholly or in part of groups of figures or letters not forming words. The whole of the cipher portion must be composed exclusively of letters of the alphabet or exclusively of figures. The body of the message may consist either wholly of cipher, or partly of cipher and partly of ordinary language. The parts in cipher must be placed between parentheses, separating them from the rest of the message.

Code messages are those in which a number of recognized words follow each other without forming sense.

Messages consisting of nouns, adjectives, &c., unconnected by verbs and other parts of speech necessary for the formation of sentences are considered "code" messages. Cipher and code messages are always repeated back by every station *en route* to ensure the greatest possible accuracy.

No unusual combinations or abbreviations permitted.

(11).—Messages in ordinary language can contain no unusual combinations, abbreviations, or constructions, nor words of more than six syllables. Any word in common use, which, although requiring two words to express, is generally recognized as one word, is to be charged as one word when so written; when the two parts are not joined by a hyphen or apostrophe, and when less than seven syllables. "Half-penny," "Tow pence," "Three pence," "Eleven pence," when written as a single word, count as one word only. "F. O. B." and "C. F. I." when written as separate letters are each counted as three words, but when written "Fob," "Cfi," as one word.

Authentication of corrections necessary.

(12).—Every interlineation, reference, erasure, or alteration of words should be authenticated by the sender of the message, or by his representative.

Messages sent by Post to Telegraph Stations for transmission.

(13).—Messages from places where there is no Telegraph Station should be addressed to the nearest Government Telegraph Office by Post registered, together with Telegraph Stamps sufficient for their payment, or, if Telegraph Stamps be not procurable, Postage Stamps at the rate of seventeen annas per rupee. Such messages are charged at the day-rate at whatever time they may reach the Telegraph Station.

Treatment of Messages received by Post for transmission insufficiently stamped.

In the case of a message sent by Post to a Telegraph Station with an insufficient number of stamps, the message and stamps will be returned "bearing" to the sender, who should in all cases give his full address.

Messages addressed to non-telegraph stations.

(14).—Messages can be addressed to places where there are no Telegraph Stations. In such cases, the sender must state from what Telegraph Station the message should be posted.

Example.—To Kalka, "Post Umballa," or Kalka, "Post Kussowlie." To Gudduck, "Post Dharwar," or Gudduck, "Post Bellary." No charge will be made for inland postage, the cost of which is defrayed by the Telegraph Administration.

If the sender of a message that has to be delivered by Inland Post wishes it to be sent to destination by registered Post, he must prepay the postal registration fee of four annas, and intimate that this has been done by placing the words "Post registered," instead of "Post," before the name of the Telegraph Station at which the message is to be posted.

Postal registration is compulsory in the case of messages addressed to places beyond Indian limits, and in such cases the postage and registration fees must be prepaid.

Service Messages take their turn for despatch with private messages.

(15).—Service messages have no right of precedence, and take their turn for despatch with private messages, except in cases of pressing public emergency, when priority may be claimed on special grounds.

"Bearing" Messages.

(16).—With the following exception, all charges for messages must be prepaid in cash or in stamps:—

Messages are sent "bearing" from sea-ports when received by mail steamers or other vessels for despatch, but no such message "prepaid" or "bearing" will be received for transmission until the name of the vessel has been made known. "Bearing" messages will not be delivered to the addressees until after payment has been obtained.

Use of Stamps.

(17).—All charges on Telegrams are prepaid in Telegraph Stamps, which are procurable at every Treasury and every Government Telegraph Station.

Telegraph Stamps are double-headed, the object being that *the upper half shall be returned* on the receipt (whereby the sender receives a guarantee that his message has not been suppressed for the sake of the Stamps), and *the lower half shall be affixed to the message* as voucher to Government that it has been prepaid.

The senders of messages should be careful to affix their stamps on the spaces left blank for the purpose on the message forms, *the upper half on the receipt, the lower half on the message,* and to see that the stamps are defaced with the Office Stamp which bears the name of the Station and date.

Telegraph Stamps cut in two, before being sent into a Telegraph Office, or which are in any way defaced, cannot be accepted.

Forms obtainable gratis at all Stations.

Proper forms on which to write messages are available *gratis* at all Telegraph Stations, and *senders are requested to use these forms only.*

No unpaid Message to be despatched under penalty.

(18).—No unpaid messages, except those specified in the Departmental Regulations, shall on any account be transmitted. A violation of this rule will subject the Signaller or Telegraph Master in charge of the Station from which a message is improperly despatched to dismissal from the public service.

Objectionable Messages to be refused acceptance.

(19).—Telegraph Masters are required to refuse to transmit a message which may be of a decidedly objectionable or alarming character. Should the character of the message be disputed, the matter may be referred to a Secretary to Government if the dispute occur at the seat of Government, or to the Chief Civil Officer if at a provincial station.

No charge for address.

(20). No charge is made for the transmission of the address. The address includes names of stations from and to which the message is to be despatched, the *bonâ fide* names of the sender and addressee, *and the latter's address.* No other words can be transmitted unless paid for as part of the body of the message, and the Officers of the Telegraph Department are authorized to omit from the address any words which are not essential to the correct delivery of the message.

Tariff.

(20) and (21).

For every six words or less, exclusive of the address.	In ordinary English language.		In cipher, code, or in a foreign language.	
	Rs.	A.	Rs.	A.
Between any two stations in *India*	1	0	2	0
Between any two stations in the provinces under the administration of the Chief Commissioner of *British Burmah*	1	0	2	0

Charge for Messages in cipher, in words of concealed meaning, or in a foreign language.

(22).—The charge for a message in cipher, in code, or in a foreign language is double the charge for a message in ordinary English language. These messages are always repeated back by the Receiving Office to ensure the greatest possible accuracy.

Messages despatched to and from Railway Stations without extra charge.

(23). A message can be sent from any station of the Government Telegraph Department to any Railway Telegraph Station, or *vice versâ,* without additional charge.

Ceylon local rates.

(24).

For a message of 20 words, including address.		For every additional ten or fraction of ten words.
Between any two stations in Ceylon not exceeding 200 miles apart ...	One rupee.	Eight annas.
Between any two stations in Ceylon exceeding 200 miles apart... ...	Two rupees.	One rupee.

Double charges are levied on messages sent after hours or on holidays, the same as in India.

Double charges.

(25).—A double charge will be levied upon all messages tendered for transmission between the hours of 6 P. M. and 6 A. M. (local time), also on Sundays and the following holidays:—Christmas Day, New Year's Day, Good Friday, and the Queen's Birthday.

Words joined by a hyphen.

(26).—Words joined by a hyphen are counted as so many separate words.

Words separated by an apostrophe.

(27).—Words separated by an apostrophe are counted as so many separate words. This rule does not apply to nouns in the possessive case, as "general's," "Charles'," "brother's."

Proper names, titles, &c.

(28).—Proper names of towns and persons, names of places, streets, ships, titles, Christian names, prefixes and qualifications, are counted for the number of words employed to express them.

Every separate character, including an underline, charged as a word.

(29).—Every *separate* character, whether letter or figure, is counted as a word. The same applies to an underline.

Signs of punctuation.

(30).—Signs which the instruments express by a single signal (signs of punctuation, hyphens, apostrophes, inverted commas, parentheses, fresh paragraphs) are not counted. But decimal points, commas, and bars of division, used with figures, are each counted as a figure.

Signs used to separate groups in cipher messages are counted each as a figure or letter, unless the sender expressly desires that they be not transmitted.

Charges for figures.

(31).—When numbers are expressed in figures in ordinary messages, each group of five or fewer figures is counted as a word; letters added to figures to form ordinal numbers are each counted as a figure.

Method of counting Cipher Messages.

(32).—In cipher messages, the parts in cipher must consist exclusively of Arabic figures or of letters of the alphabet, and be placed between parentheses, separating them from the rest of the message. All the characters, figures, letters, or signs employed in the cipher text are added together, the total divided by five, and the quotient, plus one for the remainder, if there be any, gives the number of words the ciphers represent.

All words to be transmitted charged for.

(33).—All that the sender writes in his message to be transmitted is included in the cost, but the address of a message, as defined in clause 20, *will be transmitted without charge.*

Date and time of receipt added by the Department and transmitted free.

The day, hour and minute of receipt of a message into a Telegraph Office for despatch are in every instance added by the Department, *and telegraphed free of charge.* Senders may, however, date their messages if they think fit; but the sender's date, if given, will be charged for, and, to avoid confusion with that given by the Department, will, if written at the beginning, be transferred to the end of the message.

Multiple Messages, charged as separate Messages.

(34).—A message addressed to several persons, or to the same person in localities where delivery is to be effected by different offices, is charged for as so many separate messages.

Multiple Messages charged as one Message.

(35).—A message addressed to several persons in one locality, or to the same person at several places of residence in one locality, with or without transmission by Post, is charged for as a single message, but a copying fee of four annas, independently of postage, if any, is charged for each destination after the first.

Charges on Service Messages.

(36).—Service messages from all public functionaries must be paid for in cash or in stamps prior to despatch; the rates are the same for service messages as those charged to private individuals. The only exceptions to this rule are enumerated in special printed instructions issued to each office.

(*This rule will be relaxed in the case of Secretaries to Government and the Chief Civil and Military Officers of a Station, but to them only in cases of emergency, the sender of the message being bound to take the necessary steps to ascertain the amount of the charges on it and to pay them into the Telegraph Office without fail within* 24 *hours.*)

Registration of Messages.

(37).—The sender of any message has the power of registering it.

Charge for Registration.

(38).—The charge for registering is equal to the charge for the message. A registered message is indicated by the word "*recommandée,*" which, to ensure the greatest accuracy, is telegraphed free both in the official instructions and as the first word of the text of the message.

Treatment of registered Messages.

(39).—When a message is registered, the different stations employed in its transmission collate it as it passes by, repeating it to each other integrally, and the terminal station, immediately after the delivery of the message, despatches a telegram to the sender announcing the exact time at which it reached its destination. If the message cannot be delivered, the return telegram indicates the circumstances which prevented delivery, and, if possible, gives the information necessary to enable the sender to cause his message to reach its destination.

Priority of Return Message.

(40).—The return message has priority in transmission over other messages of the same rank.

The Return Message can be sent to any Station.

(41).—The sender of a registered message can have the return message addressed to him at any station by giving the necessary instructions.

The words necessary to convey these instructions will be considered as part of the message, and charged for accordingly.

Prepaid replies

(42).—The sender of a message can prepay a reply. He must add the words "reply paid" or "answer paid." These must form the concluding words of the message, but will not be charged for. On depositing the corresponding sum the sender can add (free) to the words "reply paid" or "answer paid" the amount to which he wishes the reply to be limited. When the words "reply paid" alone are given, without any specified amount, it will be understood that the minimum charge only has been prepaid. The terminal station pays to the receiver, in Telegraph Stamps, the amount prepaid, leaving it to him to send his answer how, and when, and to what address, he pleases; or not to send one at all. The reply is considered in every respect as a fresh message. Should it be impossible to effect delivery of a reply-paid message, the terminal station sends a telegram to that effect to the sender, and this telegram takes the place of the return message for which a reply has been prepaid. *The words "reply paid" or "answer paid" entitle the addressee to receive the equivalent of the minimum charge only, and if he wishes to answer at a time when the double charge is levied, he must pay the additional cost himself. It should be distinctly understood that it is not compulsory on the addressee to send a reply. The duty of the Telegraph Department consists simply in paying to him in Telegraph Stamps the amount deposited, leaving him at liberty to do what he pleases with it.*

Free delivery within five miles of a Telegraph Station.

(43).—Messages will be delivered free of charge at any place within five miles of a Telegraph Station. Beyond this distance, messages will be sent by Post or by such other means as the sender may arrange and pay for.

Words necessary to explain delivery are charged for.

(44).—Any additional words that may be necessary to explain the delivery of a message when its destination is more than five miles beyond the nearest Telegraph Station, will be considered as part of the message, and charged for accordingly.

Charge for re-addressing a Message.

(45).—Should the addressee of a message leave the station to which it is addressed, and it be sent on by Telegraph to some other station, an additional charge of one rupee for every six words of message in ordinary English language, and of two rupees for every six words of message not in ordinary English language, must be paid by the addressee for every extra address before the telegram is delivered to him.

"Clear the line" Messages.

(46).—On certain emergent occasions of great importance, the public functionaries named below have the power to "clear the line," that is, to suspend the receipt and despatch of all messages until the one for which the line is "cleared" is passed on:—

(1.) The Governor General of India.
(2.) The Governors of Madras, Bombay, and Ceylon.
(3.) Commanders-in-Chief, India, Madras, and Bombay.
(4.) Lieutenant Governors of Bengal, North-Western Provinces, and the Punjab.
(5.) Secretaries to the Government of India.
(6.) Secretaries to the Governments of Madras, Bombay, Bengal, North-Western Provinces, and Punjab.
(7.) Chief Commissioners of Oudh, the Central Provinces, British Burmah, and Mysore and Coorg.
(8.) Agents to the Governor General, Rajpootana and Central India.
(9.) Commissioners of Sind and Peshawur.
(10.) Director General of Telegraphs in India.
(11.) The Resident at Hyderabad, (Deccan).

The messages so sent are, however, to be paid for in cash or in stamps, as other service messages.

Under no circumstance is a refund given for a non-registered Message.

(47).—No refund will be made for a message delivered wholly or partially in an unintelligible state (or for late delivery, mis-delivery, or non-delivery) unless it be registered (*recommandée*). Applications for refunds, as also all complaints respecting messages, should be addressed to the *Telegraph Check Office, Calcutta.*

Every claim should be made, under penalty of rejection, within three months of the date of the message. *When an overcharge has been made on an inland message through the neglect of the Telegraph employés, and when there exists no doubt whatever as to the justice of the claim, the amount overcharged will be repaid at once by the Telegraph Master.*

Conditions of refund in the case of a registered Message.

(48).—If a registered message be not delivered through the fault of the Telegraph Department or be delayed or mutilated to such an extent as to be manifestly unable to fulfil its object, the whole charge made for it will be returned to the sender.

Not transmitted when a Message is cancelled at the sender's request.

(49).—If the sender of an inland message wishes to cancel it before transmission has commenced, he can do so; but the charges upon it will not be returned when once the stamps are obliterated. If the message is in course of transmission, or has already been despatched, it can only be cancelled by a paid message from the sender to the Telegraph Master of the terminal station. If in addition the sender wishes to be informed by telegraph in what manner his request has been acted upon, he must deposit the cost of the return telegram.

Obligation of secrecy.

(50).—To secure secrecy as much as possible, all persons, including officers of the department not actually on duty, are strictly prohibited from entering the signal-room. Breach of the regulation renders an offender liable to a fine of Rupees one hundred under Act VIII of 1860.

Penalties for divulging the contents of a Message.

(51).—Violation of secrecy on the part of any person in the department will be punished by dismissal from office, forfeiture of arrears of pay, and a declaration in the official Gazette of the incapacity of the delinquent to serve the Government in any capacity. Breach of this rule renders the offender liable to the further punishment of fine, or to imprisonment with or without labour not exceeding two years, or to both. It is a violation of secrecy to mention the fact that a message has been received or despatched by any particular person or firm.

Certified copies of Messages obtainable by sender and receiver.

(52).—The sender and receiver have a right to be furnished with certified true copies of the messages sent or received by them: a fixed charge of four annas is made for every copy furnished.

As no telegraph office keeps copies of messages longer than three days, applications for copies required after that time has elapsed should be made to the Telegraph Check Office, Calcutta.

Applications for copies must be made within six months of the date of the message. At the expiration of that period, all message drafts are destroyed.

One anna must be enclosed for postage of the reply, failing which it will be sent "bearing."

ABSTRACT OF RULES RELATING TO FOREIGN MESSAGES.

Foreign messages are received for transmission subject to the rules of the International Convention.

The accuracy of messages is not guaranteed, and the Telegraph Department accepts no responsibility in regard to Foreign telegrams.

Messages are charged for by groups and half groups. A group is 20 words or less in which the address and name of sender are counted, but the station from as also the date and time tendered for transmission are telegraphed free.

The Sender of a message can prepay a reply by adding the words *reply paid*" (which are counted and charged for) and depositing the cost of the reply, which is limited to three times the cost of the original message. The delivering station pays the amount to the addressee in

money or stamps, leaving it to him to send the reply at any time, by any route and to any address he pleases. The reply, if sent, is treated in every respect as a fresh message. If the original message cannot be delivered or the addressee refuse the amount deposited, the sender is informed of the fact by a telegram, which takes the place of the reply.

Messages can be *registered*. The sender writes the word *recommandée* (which is charged for) as the first word of the message and also in "*Official Instructions.*" The message is then repeated back from station to station to insure correctness and the sender is informed by telegraph time of delivery to the addressee. The charge for registering is equal to the charge for the message. Registration is compulsory in the case of secret messages, *i. e.*, messages in cipher, or in words of concealed meaning.

The sender can prepay the charge for *Advice of Delivery*. If the message cannot be delivered the cause of non-delivery is stated. The cost of this message is that for a message of a single rate.

The sender can prescribe the route he wishes his telegram to follow: no charge is made for the indication of route.

Undercharges made in error are recoverable from the sender of the message.

Refund of the whole cost is given if the telegram fails to reach its destination *through the fault of the Telegraph Service*, but the sender accepts the consequences of insufficiency of address; also if, in consequence of mutilation or serious delay, the telegram is unable to fulfil its object, but no refund can be granted for errors in unregistered secret messages accepted *by toleration*. Claims to refund must be made *by the sender* to the Check Office, Calcutta, *within six months of the date of the message*, and be supported in case of non-delivery by a certificate to that effect from the terminal station or addressee, and in case of mutilation by the copy actually delivered and by a certificate from the addressee that in consequence of mutilation the telegram was unable to fulfil its object.

All enquiries respecting messages should be made to the Check Office, Calcutta, within two months of their date. No enquiry respecting them can be attended to without the production of the stamped receipts granted for the messages.

Every note is a legal tender in its own circle ; that is to say, whenever a note forms the integral sum or a portion of any payment whatever, either to Government, to companies or to individuals, it is a legal tender.

Payer may pay in Coin or Notes at his option and payee cannot claim Batta.

(12).—The payer can pay in silver coin or notes, at his option, because either is a legal tender, and the payee is bound by law to accept the tender, and he cannot claim any batta, discount, or any deduction whatever, by reason of payment being made in notes, notwithstanding a specific agreement may have been made that the payment should be in silver coin.

For example—

1.—For a claim of Rs. 50—

One Note of	...		... Rs.	50
One of ...	... Rs.	20	... "	50
Three of 10=	... "	30		
Five of 10=	...		... "	50
Two of 20=	... "	40	... "	50
One of ...	... "	10		

are legal tenders.

2.—For a debt of Rs. 45—

One note =	...	... Rs.	20
Two of 10 =	...	... "	20
Coin	...	... "	5
			45

are legal tenders.

3.—B hires a carriage from a Dâk Company, C from Ferozepore to Lahore; the bill is presented for Rs. 75. B can legally tender two or more notes of the total value of Rs. 70 of the Lahore Circle, and Rs. 5 in coin. Calcutta, Allahabad, or other circle notes would not be a legal tender at Ferozepore, which place is situated in the Lahore Currency Circle.

C demands a discount of 2 per cent. on the Lahore notes, B need not pay it; but if B had paid notes of other circles, C may demand any batta or discount he may choose.

A Note more in value than a Debt is not a legal tender.

(13).—A note is not a legal tender when tendered in payment of a debt less than the value of the note. When such a transaction occurs, it is at the option of the payee to receive a note in excess of the sum due to him and give change, because it is incumbent on the debtor to pay the exact amount of his debt. In such case, therefore, the law does not prohibit the payee from demanding whatever charge he chooses to make as batta or discount for accommodating the payer.

For example—

A note of Rs. 50 is not a legal tender for a debt of Rs. 45.

Contracts specifying payment in Coin or Notes illegal.

(14).—Any contract for any specific payment in silver or notes is illegal even in payment for any purchase or for any services rendered or agreed upon to be rendered. For example—F contracts with G for work or value delivered Rs. 1,000 in amount to be paid in silver, or if in notes at 2 per cent. discount, *viz.*, Rs. 1,020.

This is illegal; F can pay in notes if he likes, and then only Rs. 1,000.

Losses of Notes registered in Currency Offices.

(15).—When any holder of a note loses that note, if he will inform the Currency Office whence the note was issued of his loss, the note will be entered in a list denominated the "List of Lost Notes." He should also report the loss to the other Currency Circles, as notes are frequently paid in other circles.

Loser and Police informed if lost Notes are presented for payment.

(16).—If at any time the note entered as lost is presented at any Currency Office, and the presenter appears a *bonâ fide* holder, the note is paid, being payable to "the bearer on demand." Information is then given to the Police; information is also given to the person who lost the note.

The Currency Department having put the loser of the note in communication with the last holder and the Police, places him in the position to recover his lost property, and does nothing more. The Department is not bound to pay the value of a lost note to the loser.

Currency Offices cannot legally refuse payment of a Note to the presenter.

(17).—The Currency Offices cannot legally refuse to pay a note, even if stolen, but when the presenter of it is manifestly in dishonest possession of the note, he is pointed out to the Police before payment is made.

Single Postage to be paid on all Bearing letters.

(18).—All letters addressed to private individuals regarding lost notes are sent under the superscription "service bearing," and the payment for such letters is the same as for prepaid letters.

Lost Notes seldom presented by the thief.

(19).—Stolen or lost notes are seldom presented by the thief, but generally after having passed through several hands are presented by a Bank or some *bonâ fide* holder.

Notes received in good faith are good possession.

(20).—Any person who receives a note in *bonâ fide* transactions and in good faith, not knowing it to have been stolen, is the legal possessor, notwithstanding that note may have been previously stolen.

Number of a Note.

(21).—It is optional to keep the number of the notes received or paid. No number of a note is complete without its series or date; thus No. $\frac{A}{37}$ 56017 for Rs. 100 is complete; No. 56017, dated 8th April 1867, is complete; No. 56017 only is incomplete.

Few thefts discovered.

(22).—The number of notes traced out of those notified as lost is quite insignificant. The public are therefore warned that practically the precautions taken with regard to a lost note do not lead to detection of thefts, and the only plan is for the public to take care of their notes as they would of coin.

Losses through Post.

(23).—More than 50 per cent. of the notes lost are lost in transit through the post, and to prevent this the public have only to attend to the instructions and advice given on the fly-leaf at the commencement of this volume.

Cost for recovery of value of lost Half-Note.

(24).—The cost of recovering the value of a half-note from the Currency Department is about 4 annas for postage, and the value of a law stamp for such Bond of Indemnity as the Head Commissioner or Commissioner may require. Under ordinary circumstances the Bond of Indemnity required is for an amount equal to double the value of the note.

The stamps required for Bonds of Indemnity are regulated by Schedule I of Act XVIII of 1869, as given below, *viz.*—

When the amount secured exceeds	and does not exceed	Stamps.		
Rs.	Rs.	Rs.	A.	
0	25	0	2	
25	50	0	4	
50	100	0	8	
100	1,000	0	8	for each 100 or part thereof.
1,000	10,000	2	8	" 500 "
10,000	30,000	50	0	for the first 10,000, and Rs. 2 annas 8 for each 1,000, or part thereof in excess of 10,000.
30,000	.....	100	0	for the first 30,000, and Rs. 12 annas 8, for each 10,000, or part thereof in excess of 30,000.

NOTE 1.—In the event of the Packet bringing the mails from China, Ceylon, &c., failing to reach Suez in due course, whilst the corresponding Packet from Bombay has arrived the Brindisi Packet is to remain at Alexandria for 48 hours after the contract time for departure, that is, until 8 A. M. on Thursday; and if the China, &c., mails are known to be in transit, her stay may be prolonged until 5 P. M. on that day, but not so that daylight is lost.

NOTE 2.—The maximum detention of the homeward Calcutta Packet at Point-de-Galle, in the event of the Packet from China or from Australia being late, is fixed at 48 hours, counting from the contract hour of departure.

*This stoppage of 20 hours at Aden is understood to be the maximum time. The Company's Agent is however to use every effort to reduce the stay of the Packet to the shortest time actually necessary for coaling.

ESTABLISHED IN 1820.

C. LAZARUS & Co.,

INCORPORATED WITH

SHEARWOOD & CO.,

CABINET MAKERS, UPHOLSTERERS, & BILLIARD TABLE MANUFACTURE

CALCUTTA.

By appointment to His Excellency the Viceroy and Governor General of Indi

AND TO

H. R. H. THE DUKE OF EDINBURGH.

BILLIARD TABLES.

C. LAZARUS & Co., as manufacturers, would invite particular attention to their large stock of f sized Billiard Tables. One of the chief desiderata in a Billiard Table is to secure such an arrange ment as : admit of a Ball being struck so as to attain the highest speed without its jumping. This, it need scarcely said, depends entirely upon the arrangement of the cushions. C. L. & Co., in mentioning this fact, would s that the subject has largely occupied their attention, and after repeated experiments and close considerat they have discovered a principle in the manufacture of cushions, which answers admirably the end desi Since th manufacture of their cushions on this new principle, C. L. & Co. have received testimonials from sc of the first Clubs in India speaking to the merits of the same. To secure *truth* with *speed*, that is to say, maximum of speed compatible with preventing the Ball jumping, is the object which C. L. & Co. have had view, and which at length they have successfully attained. At the same time, the cushions, it should be stat are qui as durable, or even more durable, under the new principle of making up than under the old. Wit view to the maintenance of the high character of their workmanship, C. L. & Co. have secured for this bra of their business especially, the services of a gentleman who for many years was foreman to the eminent mak Messrs. Burroughes and Watts, whose experience is a guarantee of the highest possible excellence in the ma facture of Billiard Tables, and of everything connected with that department of their business.

B. B. B.

In accordance with their established practice of introducing Novelties to the Indian Public, C. L. & have pleasure in announcing that they have made arrangements to supply the latest novelty in social a family amusement by importing the popular B. B. B. Tables. The peculiarity of these is, that on the one ta the three favorite Games of BILLIARD, BATTUE and BAGATELLE may be played, thus affording a pleasing vari of amusements, concentrated on a single board, at little more than the cost of one. Anticipating that the dema for these Tables will be large, C. L. & Co. are prepared to supply them on very favorable terms, it bein principle of their business to furnish the best and most approved articles of every kind at the lowest rat consistent with excellence of quality and a fair trading profit.

IMPORTANT TO MESSES AND BILLIARD CLUBS.

Throughout India, China, Burmah, Ceylon and the Straits.

Consequent on the numerous applications that C. L. & Co. have lately had from parties residing at distance from Calcutta to have their Billiard Tables re-cushioned on C. L. & Co.'s new principle, and as sendi the old cushions to Calcutta for that purpose is attended with great delay, occasioning much inconvenienc C. L. & Co. have been induced to keep a stock of cushions on their new principle always on hand, which can fitted to any Table, the accurate length and width of the Slate Bed only being required.

Up-country Messes and Clubs can, by thus securing a spare set of cushions, ensure the constant use the Table, a desideratum C. L. & Co. are satisfied they will not be slow to appreciate, as the inconvenience hither felt by the Table being unavailable for play during such time as the old cushions are under repair, has bee admittedly very great.

New Cushions fitted to old Tables on the new principle.
