JHINGANS JOTTINGS

Hi

The INS Tarangini miniature sheet of Rs 5 issued on April 25, 2004 in the quantity of 50,000 is setting new price records on almost on a daily basis. Because of its low value the miniature sheet was sold out before the big dealers or investors knew. This has surely rubbed on other miniature sheets issued since.

The next miniature sheet issue of Rs 20 on June 28 to mark the Great Trigonometrical Survey in the quantity of 50,000 didn't shoot up though speculators did try.

On October 1, the 150 years of India Post (age stamps) miniature sheet of Rs 20 printed in the quantity of 100,000 was issued. It seems the speculators will succeed as there was all around shortage on the day one and most philatelic bureaus did restrict quantity sold per customer.

Since August 26 issue on S S Vasan, all the stamps and miniature sheets (15 stamps and 2 miniature sheets) are printed by India Security Press, Nashik. ISP Nashik has a record of delivering very little quantity of stamps and of miniature sheets on the day of issue. The balance quantity is delivered later, sometimes after months.

Thus it was a cocktail of current focus on miniature sheets with Nashik's delivery in parts that was tailor made for speculation of the

UN Peacekeeping Operations miniature sheet of Rs 5 in quantity of 100,000 that was issued on October 24, 2004. The miniature sheet was sold out at most places on the first day itself and debuted in the secondary market at Rs 25 and, we are told, climbed to Rs 40 by the evening.

So watch out for miniature sheets and have friendly relations with your philatelic bureau/counter staff.

Believe it or not, although India Post has issued 20 miniature sheets in past 5 years, there is no column for miniature sheets in the standing order form for philatelic deposit account at several philatelic bureaus!

Until next week, please enjoy the rest of the newsletter.

NEW STAMPS RELEASED

UNITED NATIONS PEACE KEEPING OPERATIONS - INDIAN SOLDIERS OF PEACE
Dr A P J Abdul Kalam, the President of India released a commemorative stamp and a miniature sheet, in the denomination of Rs 5, on October 24, 2004 at New Delhi.

India is amongst the largest contributors to the UN Peacekeeping Operations. So far, the Indian Army has participated in 36 Peacekeeping Missions with more than 70,000 troops. Thus India's participation in the United Nations Peacekeeping is as old as that of the UN Peacekeeping itself which has seen the history of over five decades. Known for their equanimity and forbearance, Indian troops have proved popular everywhere.

India first sent its troops for deployment in Korea as a part of the Neutral Nations Repatriation Commission in 1953-54, a delicate task which involved the repatriation of Prisoners of War. This was followed by a stint at Gaza to keep Israeli and Egyptian forces apart. The largest and longest serving contingent was sent to Congo in 1961. India later sent Brigade Group to Somalia and displayed its resolve to support international community in peace and security issues. India has deployed Battalion Groups, engineers, and medical teams in Cambodia, Angola, Sierra Leone, Rwanda, Lebanon and Ethiopia. Observers and staff personnel have made their contributions to the international peace efforts in Central America, Iran, Yemen, Iraq, Kuwait, Liberia, Lebanon, Ethiopia-Eritrea, Mozambique, Burundi, Ivory Coast and Congo.

The present strength of the Indian Army in the UN Peacekeeping Force is 2357 which includes all ranks. In addition to Military Observers and Staff Officers, the Indian Army is participating with troops in South Lebanon (UNIFIL) and Ethiopia-Eritrea (UNMEE). The Indian Army is also in the process of deploying one Infantry Brigade Group in the Democratic Republic of Congo.

FAKE STAMP SCAM UPDATES

Justice Ajay Khanvilkar of the Bombay High Court rejected the plea of former special Inspector General of Police Sridhar Wagal, on October 25, 2004 for extending his stay in hospital and instead ordered the police to put him back in central prison as the doctors submitted a report to the Court saying he could be given treatment in jail and was not required in hospital. On August 30, 2004 Wagal was given temporary bail on medical grounds for four weeks. The bail was continued further as Wagal pleaded that he had not yet recovered. Wagal was admitted to Bombay Hospital after he complained of neurological problem. He urged the court to allow him to undergo a surgery suggested by doctors. The former IGP was arrested in October last year under Maharashtra Control of Organised Crime Act (MCOCA) on the charges of shielding prime accused in fake stamp scam Telgi and helping his organized crime syndicate.

RESEARCH NOTES

By Madhukar Jhingan

MARSEILLES LONDON & MARSEILLES PARIS AIRMAIL SERVICES 1928-30  
Marseilles is the second-largest city in France after Paris and the largest commercial port of France. It is located on the Mediterranean Sea, 700 kilometers from Paris.

Indian Post Office utilized the Marseilles London air service commencing with the foreign mails leaving Bombay on March 24, 1928. The articles of 'Letter mail' viz. letters, postcards, and packets, both ordinary and registered, addressed to places in Great Britain and Northern Ireland and the Irish Free State (Ireland) were accepted. Indian mails by this route reached London a day earlier than by the overland route.

Indian Post Office began utilizing the Marseilles Paris air service commencing with the foreign mails leaving Bombay on July 7, 1928. The articles of 'Letter mail' both ordinary and registered, addressed to

Paris and places in France except those in south and south-eastern regions, were accepted. Indian mails by this route reached Paris on the evening of the same day it was brought to Marseilles by P & O steamer.

An air fee of Annas 3 per ounce or part thereof was charged in addition to the usual postage. The air fee was reduced to Anna 1½ per half ounce or part thereof on July 4, 1929.

Each article was required to bear a superscription 'By Air, Via Marseilles-London' or 'By Air, Via Marseilles-Paris', and a blue airmail label.

This air route could also be combined with Basrah Cairo air mail service and in that case the air fee was Annas 6 per ounce or part thereof and the superscription required was 'By Air, Via Basrah-Cairo and Marseilles-London' or 'By Air, Via Basrah-Cairo and Marseilles- Paris'.

Since the introduction of direct airmail service to London in April 1929 the airmail service via Marseilles was rarely used by the public. Indian Post Office therefore decided to discontinue the utilization of air services via Marseilles from October 16, 1930.

Marseilles had also played a vital role in India England postal communications during 19<sup>th</sup> century.

ATHENS OLYMPICS GREEK STAMP WITHDRAWN

The Greece Post (ELTA) decided to copy what Australia did, and issue an "Instant" digital print stamp for every Olympic medal winner. In fact the design is VERY similar to the Australian issues. Like Australia, at a later date, offset copies were also printed of medal winner stamps. They were issued in the sheetlets of 20 - i.e. two sheetlets of 10 separated by roulette type serrations. This idea proved a great success in Greece, and the general public was the ones out there buying these issues for patriotic reasons etc.

In this series a stamp was issued to honor Leonidas Sampanis, the Bronze Medal winner in weightlifting in the 62 kilo weight class. Sampanis won his medal on Monday 16 August and the stamps were on sparing sale in limited offices starting Tuesday August 17. Sampanis later failed his drug test (twice) and on Sunday 22 August the International Olympic Committee stripped him of his medal. Consequently, early Monday 23rd August, Greece Post ordered that all remaining stamps be taken off sale nationally and immediately returned to their central office and none were to be sold. So the stamp was on sale at face value for 4 working days at post Offices across Greece.
